To realize this objective, we are committed to continually refining our processes, expanding our outreach, and staying abreast of industry trends and advancements.

SUMMARY OF OUR INDUSTRY

INTRODUCTION- INVESTMENT RETRIEVAL

Introduction: India's financial sector is witnessing rapid growth due to the expansion of existing financial services firms and the entry of new entities. The sector includes capital markets, commercial banks, insurance companies, non-banking financial companies, co-operatives, pension funds, mutual funds, provident fund entities, postal savings, and other smaller financial entities. *This growth has increased the complexity of managing financial assets, leading to higher volumes of unclaimed investments across various asset classes.*

As per the latest ARIA report referred in the chapter titled “Our Industry” on page 131 of the Red Herring Prospectus, the potential market size of Investments Retrieval Services in India is ₹5,79,788 crores. This substantial amount underscores the critical need for effective management and retrieval services that can help unlock these unclaimed assets.

INTRODUCTION- THIRD PARTY LITIGATION FUNDING

Third-party Litigation Funding (TPLF) has emerged as an opportunity with very high growth potential. The global litigation funding market is expected to exceed \$57.2 billion by 2035 (growing at a CAGR of 13.14%)¹. As India's economy grows, it is expected that the number of civil litigations is likely to increase. In the initial stage, globally, single-case funding was popular, however, currently, portfolio arrangements, class action, breach of contract suits, insolvency cases, anti-trust proceedings and patent related suits are the most common type of litigation finance. In India, the focus currently is on breach of contract cases, commercial civil suits, arbitration, and insolvency proceedings.

SECTION III- RISK FACTORS

An investment in Equity Shares involves a high degree of risk. You should carefully consider all the information in this Red Herring Prospectus, including the risks and uncertainties summarized below, before making an investment in our Equity Shares. The risks described below are relevant to the industries our Company is engaged in, our Company and our Equity Shares. To obtain a complete understanding of our Company, you should read this section in conjunction with the chapters titled “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” beginning on page numbers 163 and 287, respectively, of this Red Herring Prospectus as well as the other financial and statistical information contained in this Red Herring Prospectus. Prior to making an investment decision, prospective investors should carefully consider all of the information contained in the section titled “Financial Information, as Restated” beginning on page number 233 of this Red Herring Prospectus.

If any one or more of the following risks as well as other risks and uncertainties discussed in the Red Herring Prospectus were to occur, our business, financial condition and results of our operation could suffer material adverse effects, and could cause the trading price of our Equity Shares and the value of investment in the Equity Shares to materially decline which could result in the loss of all or part of investment. Prospective investors should pay particular attention to the fact that our Company is incorporated under the laws of India and is therefore subject to a legal and regulatory environment that may differ in certain respects from that of other countries.

This Red Herring Prospectus also contains forward looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of many factors, including the considerations described below and elsewhere in the Red Herring Prospectus. These risks are not the only ones that our Company faces. Our business operations could also be affected by additional factors that are not presently known to us or that we currently consider to be immaterial to our operations. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify financial or other implication of any risks mentioned herein.

Materiality

The Risk factors have been determined based on their materiality, which has been decided based on following factors:

1. Some events may not be material individually but may be material when considered collectively.
2. Some events may have an impact which is qualitative though not quantitative.
3. Some events may not be material at present but may have a material impact in the future.

INTERNAL & BUSINESS RISK FACTORS

1. ***Inadequate management of technical glitches may compromise user satisfaction, engagement, and subscriber retention, posing a threat to our website seamless operation and user experience.***

Technical glitches in our website may adversely affect user experience and business operations. The occurrence of software bugs, server issues, or other technical malfunctions could lead to service interruptions, buffering problems, or disruptions in services delivery. Our tech team performs a major part in addressing and resolving these issues. Failure to effectively manage technical glitches may result in customer dissatisfaction, and potential loss of customers. Additionally, technical glitches may impact our ability to attract new clients and retain existing ones.

2. *Our business heavily relies on the expertise and guidance of our Directors and Key Managerial Personnel to ensure sustained success. The loss of any of them could have a significant impact on our company.*

Our Company’s success is heavily reliant on the continued services and support of our Key Managerial Personnel, as well as the guidance and contributions of our directors. These individuals play a crucial role in executing our day-to-day operations and driving the growth of our business. The loss of any of our Key Management Personnel or Directors, or the inability to recruit suitable replacements, could have a significant adverse effect on our Company. The departure of these key individuals could seriously impair our ability to manage and expand our business efficiently, ultimately impacting on our bottom line. We understand the importance of retaining qualified employees at a reasonable cost and recognize that their skills and expertise are crucial to executing our growth strategy. Without a competent and committed workforce, we may struggle to achieve our business objectives. For further information regarding our Directors and Key Managerial Personnel, please refer to the chapter titled “Our Management” starting on page 195 of this Red Herring Prospectus.

3. *The success of our business is highly dependent on our relationships with our business associates. Any loss of these associates, or their unavailability, could have a significant negative impact on the business and its operations, potentially leading to increased costs, decreased revenue, and damage to the business’s reputation.*

The success of our business is largely dependent on our relationships with our business associates and networks. These individuals play a crucial role in the business process, and their network and skills are not readily replaceable. Therefore, the success of a completed project depends on the abilities and contributions of our business associates.

We depend on external professionals for the effective execution of our business operations. Further, the loss of any of these key associates due to any reason, such as disputes, termination of agreement or any other unforeseen circumstances, can have a significant negative impact on a project or our operations. This could impact on the reputation of the business and its ability to attract and retain clients in the future.

Furthermore, our inability to attract new business associates could have a material adverse effect on our business, financial condition and results of operations. For further details of our business, please refer to chapter titled “Our Business” beginning on Page 163 of this Red Herring Prospectus.

4. *There is outstanding litigation pending against our Promoters which, if determined adversely, could affect our business, results of operations and financial condition.*

In the usual course of business our Promoter is involved in a legal proceeding before an arbitral tribunal, in India, and, if decided against our Promoter, could adversely affect the business, results of operations and financial condition of our Company. We cannot assure you that the currently outstanding legal proceeding will be decided favorably or that no further liability will arise from these claims in the future. The amounts claimed in the proceedings have been disclosed to the extent ascertainable. For details, see “*Outstanding Litigation and Material Developments*” on page 307.

5. ***Our business model runs largely on a success-based fee structure, in case of any wrong outcomes or non-recovery of an investment our business operations will be affected.***

Our business model relies heavily on earning fees based on success, where our income is linked to the performance of investments and litigation outcomes. If we encounter unsuccessful litigation cases or fail to recover investments, our operations will face detrimental impacts, given the substantial investment of time and resources in these endeavours. However, our company in general charges a nominal non-refundable mandate signing fees while signing the agreement with client, which is adjustable in the final fees. In case of low value investments our company charges fixed fees depending on client-to-client basis.

Additionally, mandates with clients are only finalized after an initial feasibility study, minimizing the risk of non-recovery. If recovery is not feasible, the mandate signing fee is retained by our company, thereby reducing risk to the extent of the upfront fee obtained.

6. ***Maintaining our Company image and reputation in the industry is critical to our success, and any failure to do so could damage our reputation and brand.***

We believe that our brand name and reputation are important corporate assets that help distinguish our services from those of our competitors and also contribute to our efforts to recruit and retain talented professionals and content creatives.

However, our reputation is susceptible to damage by various factors such as actions or adverse publicity about our company, competitors in legal disputes instigated by competitors, and scrutiny from the investment community and media outlets. There is a risk that negative information about our Company, even if based on false rumours or misunderstandings, could adversely affect our business. Any negative news relating to us might also affect our reputation, goodwill and brand value. In particular, damage to our reputation could be difficult and time-consuming to repair, especially due to the competitiveness in our industry, which could make potential or existing reduction in client base and lesser opportunities for us to collaborate with different industry players, thereby resulting in a loss of business, and adversely affecting our employee recruitment and retention efforts. Damage to our reputation could also reduce the value and effectiveness of our brand name, could

reduce investor confidence in us, affect the price of our Equity Shares and adversely affect our ability to grow our business and our results of operations and financial condition.

7. ***We have applied for registration of registration of logo under the Class 36. & Our Company is in the process of registration of our logo under the provisions of the Trademarks Act, 1999. If, we are unable to adequately protect our intellectual property, we may be subject to claims alleging breach of third-party intellectual property rights.***

We have applied for registration of our logo under class 36, under the provisions of the Trademarks Act, 1999 and do not own any trademark as on date. As such we do not enjoy the statutory protections accorded to a registered trademark as on date.

There can be no assurance that we will be able to register the trademark under class 36 in future or that, third parties will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. Further, we cannot assure you that any application for registration of our trademark in future by our Company will be granted by the relevant authorities in a timely manner or at all. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly, and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property.

8. ***Absence of any law and regulation on our Litigation funding business, which can adversely affect our ability to operate, obtain funding, or manage our business effectively***

It is important to note that there is currently no specific legislation or regulatory framework governing litigation funding businesses in India. As a result, our operations in this sector may be subject to uncertain legal interpretations and regulatory developments. The absence of clear guidelines could lead to potential legal challenges, regulatory scrutiny, or introduction of new laws that may adversely affect our ability to operate, obtain funding, or manage our business effectively. Additionally, the lack of established norms may impact our ability to enforce contracts or protect our interests in litigation funding arrangements. Investors should consider the inherent uncertainties and potential risks associated with the evolving legal and regulatory landscape in India pertaining to litigation funding.

9. ***If we are not successful in executing our business and marketing strategies our results of operations may suffer.***

An important part of our growth strategy is to increase our outreach national and international by attracting new customers, while maintaining relationships with our business associates. Our results of operations may fluctuate, in part, as a result of decrease in the customers base or bad relationships with our business associates. As part of our efforts, we invest considerable time and expense in our Company's in-house marketing team.

Our marketing efforts typically require an extensive effort, a significant investment of human resources, expense and time, including by our senior management, and there can be no assurances that we will be successful in bringing in larger audience on our platform/ website. If our marketing efforts do not result in sufficient revenue to justify our investments, our business, financial condition, and results of operations could be adversely affected. For details regarding our business, please refer to the chapter titled "Our Business" on page 163 of this Red Herring Prospectus.

10. ***Our Company had negative cash flows from its operating, investing and financing activities in the previous years, details of which are given below. Sustained negative cash flow could impact on our growth and***

business.

Our Company had negative cash flows from our operating, investing & financing activities in the previous years as per the Restated Financial Statements and the same are summarized as under: However, the same has been improved in the current period.

12. As of now, our company has not conducted independent Information Technologies Audit (IT Audit) from any certified IT Auditor. Non-adherence of such audit could create threat on our corporate assets and data integrity.

As of now, our company has not conducted independent Information Technologies Audit (IT Audit) from any certified IT Auditor. Currently, our company has no policy of conducting IT audit. However, in order to establish safeguard of assets, maintaining data integrity and allowing organisational goals to be achieved effectively and using resources efficiently, it is advisable to conduct the audit. It helps to determine whether IT controls protect corporate assets, ensure data integrity and are aligned with the business's overall goals. IT auditors examine not only physical security controls, but also overall business and financial controls that involve information technology systems. Our management is planning to adopt such policy of introducing such types of audit in our company.

However, non-adherence of adoption of such audit and our inability to adopt such measures in future could cause loss of data which would emanate financial as well as business reputation loss.

13. The intellectual Property Rights used by our company are “objected” and are not registered in the name of our company. Any failure to protect our intellectual property rights may adversely affect our business.

As on the date of this Red Herring Prospectus, we do not own any intellectual property rights. Some of the intellectual property rights (IPR) that the company uses are not registered in the name of the company. In case of expiry/ non-renewal/ cancellation/ breach of the agreements and any changes in the terms of the agreements, we may face damages which could impact the company’s business operations or projected revenue.

The Trademark application for  is open to objection on relative grounds of refusal under Section 11 of the Act because the same/similar trademark(s) is/are already on record of the register for the same or similar goods/services.

“The objection is raised under S 11 (1) of the Trademarks Act, 1999, as the mark is identical with or similar to earlier marks in respect of identical or similar description of goods or services and because of such identity or similarity there exists a likelihood of confusion on the part of the public.”

Further, Infringement of third-party intellectual property rights or failure to protect our own intellectual property can have negative consequences. In addition, infringement claims can damage our reputation and discourage potential investors, partners, or customers. Additionally, if we fail to protect our own intellectual property, our competitors or other third parties may copy, steal, or misuse our ideas, products, or services. This can lead to lost revenues, decreased market share, or erosion of our competitive advantage. Moreover, any unauthorized use, reproduction, or distribution of our copyrighted material without our permission will result in legal action and may lead to financial penalties, damage to our brand reputation. It is essential for us to protect our copyrighted material and ensure that it is used only with our permission, to avoid any negative impact on our business operations. Defending our intellectual property rights can be expensive and time-consuming, and we may not be able to prevent others from infringing or challenging our rights.

While our Company believes that all such transactions have been conducted on the arm's length basis, there can be no assurance that it could not have been achieved on more favourable terms had such transactions not been entered into with related parties.

Furthermore, it is likely that our Company will enter into related party transactions in the future. There can be no assurance that such transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operation. For details, please refer to "Note 4 and 17 "Related Party Transactions" on page no. 245 and 272 respectively of the Red Herring Prospectus.

16. Our major revenue is directed towards the payment of fees to legal professionals for our litigation funding solutions and marketing expenses.

A significant portion of our revenue is directed towards the payment of fees to the legal professional for our litigation funding solutions and towards the marketing of our business and brand name. While this is essential for our successful business operations, it also poses a risk to our financial stability. Moreover, failure to effectively monetize these expenses could further exacerbate this risk, potentially leading to financial losses and hindering our ability to sustain growth in the industry.

- 17. *Our profitability will suffer if we are not able to maintain our pricing structure for wealth Samadhan card, control costs or continue to expand our business through customer engagements.***

The profit margin and profitability of our business segment “wealth protection services”, is dependent to a certain extent on the rates or pricing structure of the wealth Samadhan card. The details of the pricing structure are mentioned in the chapter titled “our business” on page 163 of this Red Herring Prospectus. If we fail to maintain the pricing without consistent cost reductions, our profitability and business will be affected. The pricing levels and subscription plan are influenced by number of factors like Exclusivity, services offered, uniqueness, competitive landscape, market demand and user feedback.

Our ability to manage our utilization levels depends significantly on our ability to hire and retain professionals and to staff appropriately. If we are not able to maintain high resource utilization levels without corresponding cost reductions or price increases, our profitability will be adversely affected. In the event of a slowdown due to any external factors, we may be over-staffed and required to carry excess employee-related expenses which could affect our financial condition.

- 18. *The legal professionals, consultants, marketing and Tech team are key to our business. Thus, Employee Benefit expenses and professional charges constitutes a major portion of our expenses. Such significant increase in this cost could lead to lower profitability.***

At present, we have forty-eight employees working on full time basis providing services in our company. Being an investment recovery and Litigation funding solution provider, a major percentage of our revenue is diverted towards the employee benefit expenses and Legal and professional fees. Our employees include, operation, tech team, marketing and sales management team.

We believe that these employees and personnel are key to our success in business operations. In order to conduct our business, which includes providing an investment recovery and litigation funding solution services, we need highly specialised and efficient employees. These professionals are expert of their area of work. If we experience a slowdown in the recovery and success in a litigation, we may not be able to efficiently reallocate our team to other projects to keep their utilization and productivity levels high.

Our Company's ability to conduct our business operations depends largely on their ability to attract, train, motivate and retain highly skilled employees/personnel. The attrition rates in the industry in which we operate have been high due to a highly competitive skilled labour market in India. We invest in training our employees that we hire to perform the services we provide.

The performance of our Company will improve on the continued service of these persons or replacement of equally competent persons from the domestic or global markets. We may have difficulty in redeploying and retraining our professionals to keep pace with continuing changes in technology, evolving standards and changing regulations within the industry.

20. Our Company requires a significant amount of working capital for a continuing growth. Our inability to meet our working capital requirements may adversely affect our results of operations.

Our Company’s business operations require a significant amount of working capital. In our business, working capital is often required to finance the salaries of employees, legal professionals, marketing and others. In the event we are unable to source the required amount of working capital, we might not be able to efficiently satisfy our customers in a timely manner or at all. Even if we are able to source the required amount of funds, we cannot assure you that such funds would be sufficient to meet our cost estimates and that any increase in the expenses will not affect our business.

There exists a substantial requirement of working capital and financing in the form of fund and non-fund based working capital facilities to meet our requirements. The details of our working capital for the projected, estimated and audited period are as follows:

- 21. *Our Promoters and promoter group have significant controlling interest over the Company and have the ability to direct our business and affairs; their interests may conflict with your interests as a shareholder. Further they have interests in our Company other than reimbursement of expenses incurred or normal remuneration or benefits.***

Upon completion of this Issue, our promoters along with the promoter group will collectively hold 62.51% of the post issue equity share capital of our Company and also continue to enjoy remuneration or benefits, reimbursements of expenses. As a result, our Promoter and promoter group will have the ability to exercise significant influence over all matters requiring shareholders' approval. Accordingly, our Promoters will continue to retain significant control, including being able to control the composition of our Board of Directors, determine decisions requiring simple majority voting of shareholders, undertaking sale of all or substantially all of our assets, timing and distribution of dividends and termination of appointment of our officers, and our other shareholders may be unable to affect the outcome of such voting.

There can be no assurance that our Promoters and Directors will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters will continue to exercise significant control over our Company, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting of shareholders, and our other shareholders may be unable to affect the outcome of such voting. Our Directors and our Key Management Personnel may take or block actions with respect to our business, which may conflict with the best interests of our Company or that of minority shareholders.

- 22. *Our business operations are dependent on Internet Connectivity and Electricity Infrastructure.***

Our business operations rely to a great extent on both internet connectivity and electricity infrastructure. This poses a risk to our business operations. In an increasingly digitalized environment, uninterrupted internet access is essential for various business functions, and any disruptions can hinder communication, data transfer, and overall productivity. Simultaneously, dependence on stable electricity is critical for powering essential infrastructure and maintaining seamless operations. Potential challenges, such as power outages or network failures, may lead to operational downtime, data loss, and financial repercussions.

- 23. *Significant security breaches in our software, data and network infrastructure and fraud could adversely impact our business.***

Our company is maintaining all the database online, thus we have to maintain a huge amount of private and personal data and network infrastructure. We collect and store data, and other infrastructure to provide our services. We rely on third party tools for the security and authentication necessary to effect secure transmission of confidential customers and business associates information, such as their names and other information, and there can be no assurance that such security controls over data will be able to prevent, counter or respond to any security breach or the improper disclosure of confidential information in a timely manner, or at all. We

have no control over the security measures put in place by such third-party channels to prevent such breaches and attacks or their actions in this respect.

Breaches of cyber-security measures could result in misappropriation of information or data, deletion or modification of user information, or a denial-of-service or other interruption to our business operations. There could also be instances of misappropriation of user data by our employees or third-party service providers. We may be required to invest significant time and resources including financial resources to prevent such security breaches or to mitigate problems caused by such breaches. Further, our business may be harmed by concerns over playing games on mobile phones. Malware could subscribe to the paid services without the consumer's consent resulting in fraudulent charges to consumers.

A breach of our security, compromise of data or resilience affecting its operations, or those of our customers, could lead to an extended interruption to its services as well as loss of customer and business associates information and other confidential data. The impact of such a failure could include immediate financial losses due to fraud and theft, termination of contracts, immediate loss of revenue and reputation.

24. *If we fail to maintain an effective system of internal controls, we may not be able to successfully manage or accurately report our financial risk.*

Effective internal controls are necessary for us to prepare reliable financial reports and effectively prevent and detect any frauds or misuse of funds. Moreover, any internal controls that we may implement, or our level of compliance with such controls, may decline over time. There can be no assurance that additional deficiencies or lacks in our internal controls will not arise in the future, or that we will be able to implement and continue to maintain adequate measures to rectify or mitigate any such deficiencies or lacks in our internal controls. If internal control weaknesses are identified in a delayed manner, our actions may not be sufficient to correct such internal control weakness. Such instances may also adversely affect our reputation, thereby adversely impacting our business, results of operations and financial condition.

25. *The average cost of acquisition of Equity Shares by our Promoters is lower than the issue price.*

Our Promoter's average cost of acquisition of Equity Shares in our Company is lower than the Issue Price of the shares proposed to be offered through this Red Herring Prospectus. For further details regarding the average cost of acquisition of Equity Shares by our Promoters in our Company, please refer to page no. 26 of this Red Herring Prospectus.

26. *Our Company may not have complied with certain statutory provisions of the Companies Act, 2013. Such non-compliances / lapses may attract penalties and prosecution against the Company and its directors which could impact the financial position of the Company to that extent.*

We monitor compliances with applicable laws and regulations by implementing stringent internal checks and controls. Although we have generally been in compliance with applicable laws, there have been certain instances of discrepancies/ errors in statutory filings. Although no regulatory action has been taken against us with respect to the aforesaid non-compliances/errors, there can be no assurance that regulatory action shall not be taken by the relevant authorities against us in the future. In an event such an action is taken, we may be subject to penalties and other consequences that may adversely impact our business, reputation, and results of operation and there can be no assurance that we shall be able to successfully defend any action/allegation raised by such regulatory authorities. Our compliance team meticulously follows a detailed compliance calendar providing for compliances under various applicable laws, including but not limited to the Companies Act. As we continue to grow, there can be no assurance that deficiencies in our internal controls shall not arise,

or that we shall be able to implement, and continue to maintain, adequate measures to rectify or mitigate any such deficiencies in our internal controls, in a timely manner or at all. There may be recurrences of similar discrepancies/errors in the future that could subject our Company to penal consequences under applicable laws. Any such action could adversely impact our business, reputation, and results of operation.

The details of non-compliances or delayed filings is given as follows:

S. No.	Particulars	Due Date	Delayed days	Filing date
1	AOC-4 (FY 2019- 20)	31-01-21	04-03-21	34
2	MGT-7 (FY 2019- 20)	28-02-21	04-03-21	3
3	AOC-4 (FY 2021-22)	29-10-22	02-11-22	4
4	AOC-4 (FY 2022-23)	29-10-23	09-01-24	72
5	AOC-4 CFS (FY 2022-23)	29-10-23	11-01-24	74

27. Business operation and stability depends on many factors, we may not be able to effectively implement our business and growth strategy.

The success of our business inter alia depends on our ability to effectively implement our business and growth strategy. In the past, we have generally been successful in the execution of our business plan but there can be no assurance that we will be able to execute our strategy effectively and within the estimated budget in the future.

Following are factors that can affect our ability to effectively implement our business strategy:

1. Intense competition from other unlisted peer companies in the industry, domestic or foreign.
2. Changes in Industry demand.
3. Our ability to attract and retain qualified personnel.
4. Our ability to implement business strategies.
5. Our ability to maintain the quality of our services.
6. Our ability to maintain tie-ups with our business associates and partners.
7. Our ability to successfully implement Marketing strategies.
8. Our ability to maintain brand image and reputation.
9. Our ability to update and adapt new technology.

If we are unable to address these factors, there could be a material adverse effect on our business and results of operations.

28. Our Company has issued Equity Shares during the last twelve months at a price which may be lower than the Offer Price.

We have, in the 12 months preceding the filing of this Red Herring Prospectus, issued Equity Shares at prices that may be lower than the Offer Price to Promoters and other shareholders. For details of issues, please refer, page 75 of the chapter “Capital Structure”.

The details of the allotment made during the preceding 12 months are as follows:

S. No.	Date of Allotment	Number of Equity Shares	Face value	Issue Price	Consideration	Type of Allotment
--------	-------------------	-------------------------	------------	-------------	---------------	-------------------

1.	November 08, 2023	22,22,224	10	NA	Other Than Cash	Bonus Issue
2.	January 31, 2024	2,74,225	10	138	Cash	Private Placement
3.	March 09, 2024	54,11,342	10	N.A.	Other than Cash	Bonus Issue

For further details regarding the allotments, please refer to the chapter titled “Capital Structure” on Page 75 of this Red Herring Prospectus.

29. *Our marketing and advertising activities may not be successful in increasing the popularity of our Company among potential customers and business associates. If our marketing or advertising initiatives are not effective, this may affect the popularity of our Company.*

In order to increase our customer reach and build networks with business associates in the industry, our marketing and advertising strategies play a vital role. Marketing is a cornerstone for our company to create awareness, attract and retain customers, differentiate themselves in a competitive landscape, and ensure their offerings meet the ever-evolving needs of the industry. Effective marketing not only leads to business growth but also contributes to the enhancement of customer satisfaction for our clients.

Our Company undertakes certain marketing and advertising initiatives with the purpose of increasing the visibility of our Company. We rely to a large extent on our management’s experience in defining our marketing and advertising activities. If senior management leads us to adopt unsuccessful marketing and advertising activities or initiatives, we may fail to attract and engage new clients. We have entered into an agreement with various business associates for networking. We practice some marketing strategies as mentioned in the chapter “Our Business” beginning on page no. 163 of this Red Herring Prospectus.

30. *Our funding requirements and proposed deployment of the Net Proceeds have not been appraised by a bank or a financial institution and if there are any delays or cost overruns, we may have to incur additional cost to fund the objects of the Issue because of which our business, financial condition and results of operations may be adversely affected.*

We intend to use the Net Proceeds for the purposes described in chapter titled “Objects of the Issue” on page 102. The funding requirements mentioned as a part of the objects of the Issue have not been appraised by any bank or financial institution. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. As per SEBI (ICDR) Regulations, 2018 appointment of monitoring agency is required only for Issue size above ₹ 10,000 Lakh. Hence, we have not appointed a monitoring agency to monitor the utilization of Issue proceeds. However, the Audit Committee of our Board will monitor the utilization of Issue proceeds. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

31. *We are required to maintain certain approvals and licenses required in the ordinary course of business and the failure to obtain or renew them in a timely manner or at all may adversely affect our operations.*

Our Company’s business is subject to various approval and license, and we require certain approvals, licenses, registrations and permissions for operating our business, some of which might have expired and for which we

may have either made or are in the process of making an application for obtaining the approval or its renewal. In addition, we may not be in compliance with certain conditions prescribed by such approvals or licences. Our failure to obtain such licences and approvals and comply with the applicable laws and regulations could lead to imposition of sanctions by the relevant authorities, including penalties. For further details, please refer to chapter titled “Government and Other Approvals” on page 317.

Further, renewal applications for approvals, licenses, registrations and permissions for operating our business need to be made within certain timeframes. There have been no fresh applications made for approvals or license as on the date of the Red Herring Prospectus. However, there may be instances in the future where fresh applications for new approvals and licenses will be made by the company and we cannot assure you that the company will receive these approvals in a timely manner or at all. If we are unable to make applications and renew or obtain necessary permits, licenses and approvals on acceptable terms, in a timely manner or at all, we may be required to face consequences due to which our business operations may be adversely affected.

32. *If we are unable to continue to innovate or if we fail to adapt to changes in our industry, our business, financial condition, cash flows and results of operations would be adversely affected.*

Our Company’s future success will depend on our ability to adapt and innovate to dynamic industry and market aspects. Enhancements and new services that we develop may not be introduced in a timely or cost-effective manner, may contain errors, defects or bugs. We have in the past experienced delays in our internally planned release dates of new solutions and services and there can be no assurance that any of these developments or enhancements will be released according to schedule.

An inability to recognise and incorporate evolving technology for the improvement of our solutions or services, whether due to technology capability or capital constraints could also have a significant adverse impact on our business and competitive advantage. If we are unable to respond in a timely, user-friendly and cost-effective manner to these rapid technological developments, or successfully adopt such advancements and deploy it profitably, our services and solutions may become less marketable and less competitive or obsolete, and our business, results of operations and financial condition may be adversely affected.

33. *We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the issue proceeds may delay the implementation schedule.*

Our requirements for proposed funds for our expansion plan as described in the section titled “Objects of the Issue” is to be funded from the proceeds of this IPO. Other than this offering, we have not identified any alternate source of funding and any delay or failure to mobilize the required funding or any shortfall in the issue proceeds may delay the implementation schedule. Further, we cannot provide any assurance that we would be able to execute our plans/strategy within the given timeframe. For details, kindly refer to the chapter titled “Object of the Issue” on page 102.

34. *Certain Agreements, deeds or licenses may be in the previous name of the company.*

Our certain agreements, deeds or licenses may be in the name of the erstwhile name of the company Share Samadhan Private Limited. In case we fail to change the name in the agreements, deeds or licenses it may cause adverse effect on Our Company’s business & operations.

35. *Our insurance policy may not be adequate to cover all the losses which a business could incur. Any inability to maintain adequate cover from material adverse incidents may adversely affect our operation and profitability.*

We have obtained a number of insurance policies in connection with our operations as given in chapter titled “Our Business” on page 163. While we are of the opinion that the insurance coverage which our Company maintains would be reasonably adequate to cover the normal risks associated with the operations of our business, we cannot assure you that any claim under the insurance policies maintained by us will be honoured fully, in part or on time, or that we have taken out sufficient insurance to cover all our losses. Our Company’s insurance policies may not provide adequate coverage in certain circumstances and are subject to certain deductibles, exclusions and limits on coverage. In addition, our insurance coverage expires from time to time. We apply for the renewal of our insurance coverage in the normal course of our business, but we cannot assure you that such renewals will be granted in a timely manner, at acceptable cost or at all. To the extent that we suffer loss or damage for which we did not obtain or maintain insurance, and which is not covered by insurance or exceeds our insurance coverage or where our insurance claims are rejected, the loss would have to be borne by us and our results of operations, cash flows and financial condition may be adversely affected.

36. *Significant differences exist between Ind AS and other accounting principles, such as Indian GAAP, IFRS and U.S. GAAP, which may be material to investors’ assessments of our financial condition, result of operations and cash flows.*

Our restated summary statements of assets and liabilities, restated summary statements of profit and loss (including other comprehensive income), cash flows and changes in equity for the financial year 2024, 2023 and 2022 have been prepared in accordance with the Indian GAAP.

We have not attempted to quantify the impact of Indian GAAP, US GAAP, IFRS or any other system of accounting principles on the financial data included in the Red Herring Prospectus, nor do we provide a reconciliation of our financial statements to those of US GAAP, IFRS or any other accounting principles. US GAAP, Indian GAAP and IFRS differ in significant respects from Ind AS. Accordingly, the degree to which the Restated Financial Information included in the Red Herring Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Ind AS, Indian GAAP and the SEBI ICDR Regulations. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in the Red Herring Prospectus should accordingly be limited.

37. *We have not made any alternate arrangements in order to meet our capital requirements for the Objects of the Issue. Additionally, we have not identified any alternate source of financing the ‘Objects of the Issue. Any shortfall in raising / meeting the same could adversely affect our growth plans, operations and financial performance.*

As on date, our Company has not made any alternate arrangements for meeting the capital requirements for the Objects of the Issue. Any shortfall in the same and our inability to raise debt in future would result in us being unable to meet our capital requirements, which in turn will negatively affect our financial condition and results of operations. Further, we have not identified any alternate source of funding and hence any failure or delay on our part to raise money from this Issue or any shortfall in the Issue proceeds may delay the implementation schedule and could adversely affect our growth plans. For further details, please refer to the chapter titled “Objects of the Issue” on page 102 of this Red Herring Prospectus.

38. *Our Company is subject to foreign exchange control regulations which can pose a risk of currency fluctuations.*

Our Company is involved in business transactions with international clients located globally and has to conduct the transactions in accordance with the rules and regulations prescribed under FEMA. Our international

operations make us susceptible to the risk of currency fluctuations, which may directly affect our operating results. In case we are unable to adhere to the timelines prescribed under the applicable laws or are unable to mitigate the risk of currency fluctuation, it may adversely affect our business, results of operations, financial conditions and cash flows.

39. Fluctuation of Interest rate may adversely affect the Company's business.

For meeting capital requirement in ordinary course of our business for general capital purpose, we have or may enter into certain borrowing agreements to meet those requirements. In the event interest rates increase, the cost of borrowing will also be increased, and which will have the adversely effect on cash flow and profitability.

As on March 31, 2024, our Company has total outstanding secured borrowings from banks and financial institutions aggregating to Rs 7,060.24 thousand and Rs. 2,270.86 thousand Unsecured Loan, on the basis of consolidated financials, as per the certificate issued by M/s K.S. Choudhary & Co. Chartered Accountants, dated August 26, 2024.

40. *Our ability to pay dividends in the future may be affected by any material adverse effect on our future earnings, financial condition or cash flows.*

Our ability to pay dividends in future will depend on our earnings, financial condition and capital requirements. Our business is working capital intensive and declaration of dividend will depend upon financial performance of our Company at the time of declaration. We may be unable to pay dividends in the near or medium term, and our future dividend policy will depend on our capital requirements and financing arrangements (if any) in respect of our operations, financial condition and results of operations. Our Company has not declared dividends in the past and there can be no assurance that our Company will declare dividends in the future. For further details, please refer to the chapter titled “Dividend Policy” on pages 232 of this Red Herring Prospectus.

41. *Our Company’s future funding requirements, in the form of further issue of capital or other securities and/or loans that might be availed by us, may turn out to be prejudicial to the interest of the shareholders depending upon the terms and conditions on which they are raised.*

We may require additional capital from time to time depending on our business needs. Any further issue of Equity Shares or convertible securities would dilute the shareholding of the existing shareholders and such issuance may be done on terms and conditions, which may not be favourable to the then existing shareholders. If such funds are raised in the form of loans or debt or preference shares, then it may substantially increase our fixed interest/dividend burden and decrease our cash flows, thus adversely affecting our business, results of operations and financial condition.

42. *Industry information included in this Red Herring Prospectus has been derived from various industry reports from various websites including research done by our company. The reliability on the forecasts of the reports could be incorrect and would significantly impact our operations.*

We have relied on the reports of certain independent third parties for the purpose of including such information in this Red Herring Prospectus. Apart from that the industry contains information based on the research carried out by our company “Share Samadhan Limited”. These reports, research and data are subject to various limitations and based upon certain assumptions that are subjective in nature. We have not independently verified data from such industry reports, research and other sources. Although we believe that the data may be considered to be reliable, their accuracy, completeness and underlying assumptions are not guaranteed and their dependability cannot be assured. While we have taken reasonable care in the reproduction of the information, the information has not been prepared or independently verified by us or any of our respective affiliates or advisors and, therefore, we make no representation or warranty, express or implied, as to the accuracy or completeness of such facts and statistics. Due to possibly flawed or ineffective collection methods or discrepancies between published information and market practice and other problems, the statistics herein may be inaccurate or may not be comparable to statistics produced for other economies and should not be unduly relied upon. Further, there is no assurance that they are stated or compiled on the same basis or with the same degree of accuracy as may be the case elsewhere. Statements from third parties that involve estimates are subject to change, and actual amounts may differ materially from those included in this Red Herring

Prospectus.

RISK RELATED TO THE ISSUE

- 43. *There are certain restrictions on daily movements in the price of Equity Shares, which may adversely affect a shareholder's ability to sell, or the price at which it can sell, Equity Shares at a particular point in time.***

Following the Issue, we will be subject to a daily circuit breaker imposed by BSE, which does not allow transactions beyond specified increases or decreases in the price of the Equity Shares. This circuit breaker operates independently of the index-based, market-wide circuit breakers generally imposed by SEBI on Indian stock exchanges. The percentage limit on our circuit breakers will be set by the stock exchange based on the historical volatility in the price and trading volume of the Equity Shares. This circuit breaker will limit the upward and downward movements in the price of the Equity Shares. As a result of this circuit breaker, no assurance can be given regarding your ability to sell your Equity Shares or the price at which you may be able to sell your Equity Shares at any particular time.

- 44. *After this Issue, the price of the Equity Shares may be highly volatile, or an active trading market for the Equity Shares may not develop.***

The price of the Equity Shares on the Stock Exchanges may fluctuate as a result of the factors, including:

1. Volatility in the Indian and global capital market;
2. Company's results of operations and financial performance;
3. Performance of Company's competitors,
4. Adverse media reports on Company or pertaining to our Industry;
5. Changes in our estimates of performance or recommendations by financial analysts; and
6. Significant developments in India's economic and fiscal policies;

Current valuations may not be sustainable in the future and may also not be reflective of future valuations for our industry and our Company. There has been no public market for Equity Shares and the prices of the Equity Shares may fluctuate after this Issue. There can be no assurance that an active trading market for the Equity Shares will develop or be sustained after this Issue or that the price at which the Equity Shares are initially traded will correspond to the price at which the Equity Shares will trade in the market subsequent to this Issue.

- 45. *Equity Shares of our Company have never been publicly traded, and after the Issue, the Equity Shares may be subject to price and volume fluctuations, and an active trading market for the Equity Shares may or may not develop. Further, the Issue Price may not be indicative of the market price of the Equity Shares after the Issue.***

Prior to this Issue of our Company, no public market existed for the Equity Shares, and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation of Equity Shares does not guarantee that a market for the same will develop, or if developed, the liquidity of such market for the Equity Shares cannot be guaranteed. The Issue Price of the Equity Shares is proposed to be determined through a book building process in compliance with Schedule XIII of the SEBI ICDR and the same may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The Issue Price will be based on numerous factors, as described in the section "Basis for Issue Price" beginning on page 116. This price may not necessarily be indicative of the market price of our Equity Shares after the Issue is completed. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results, market conditions specific to the industry we operate in.

Our Equity Shares are likely to trade on BSE after the Issue, but there can be no assurance that active trading in our Equity Shares will develop after the Issue, or if such trading develops, that it will continue. Investors may not be able to sell our Equity Shares at the quoted price if there is no active trading in our Equity Shares.

46. *Investors may be subject to Indian taxes arising out of income arising on the sale of the Equity Shares.*

Under the present Indian tax laws and regulations, unless specifically exempted, capital gains that arise from the sale of equity shares in an Indian company are generally taxable in India. A securities transaction tax (“STT”) is levied on and collected by an Indian stock exchange on which equity shares are sold. Any gain on the sale of listed equity shares held for more than 12 months, which are sold using any other platform other than on a stock exchange and on which no STT has been paid, are subject to long-term capital gains tax in India at the specified rates depending on certain factors, such as whether the sale is undertaken on or off the Stock Exchanges, the quantum of gains and any available treaty relief. Accordingly, you may be subject to payment of long-term capital gains tax in India, in addition to payment of Securities Transaction Tax (“STT”), on the sale of any Equity Shares held for more than 12 months immediately preceding the date of transfer. STT will be levied on and collected by a domestic stock exchange on which the Equity Shares are sold. Further, any capital gains on the sale of listed equity shares held for a period of 12 months or less immediately preceding the date of transfer will be subject to short term capital gains tax in India. In cases where the seller is a non-resident, capital gains arising from the sale of the equity shares will be partially or wholly exempt from taxation in India in cases where the exemption from taxation in India is provided under a treaty between India and the country of which the seller is resident and the seller is entitled to avail benefits thereunder, subject to certain conditions.

Capital gains arising from the sale of the Equity Shares will not be chargeable to tax in India in cases where relief from such taxation in India is provided under a treaty between India and the country of which the seller is resident and the seller is entitled to avail benefits thereunder, subject to certain conditions. Generally, Indian tax treaties do not limit India’s ability to impose tax on capital gains. As a result, residents of other countries may be liable for tax in India as well as in their own jurisdiction on a gain upon the sale of the Equity Shares.

47. *QIBs and Non-Institutional Investors are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after the submission of their Bid, and Retail Individual Investors are not permitted to withdraw their Bids after closure of the Bid/ Issue Closing Date.*

Pursuant to the SEBI ICDR Regulations, QIBs and Non-Institutional Investors are required to pay the Bid Amount on submission of the Bid and are not permitted to withdraw or lower their Bids (in terms of quantity of Equity Shares or the Bid Amount) at any stage after submitting a Bid. Retail Individual Investors can revise their Bids during the Bid/ Issue Period and withdraw their Bids until the Bid/ Issue Closing Date. While we are required to complete all necessary formalities for listing and commencement of trading of the Equity Shares on all Stock Exchanges where such Equity Shares are proposed to be listed, including Allotment, within six Working Days from the Bid/ Issue Closing Date or such other period as may be prescribed by the SEBI, events affecting the investors’ decision to invest in the Equity Shares, including adverse changes in international or national monetary policy, financial, political or economic conditions, our business, results of operations, cash flows or financial condition may arise between the date of submission of the Bid and Allotment. We may complete the Allotment of the Equity Shares even if such events occur, and such events may limit the Investors’ ability to sell the Equity Shares Allotted pursuant to the Issue or cause the trading price of the Equity Shares to decline on listing.

48. *Sale of Equity Shares by our Promoters or other significant shareholder(s) or any future issue of Equity Shares may dilute your shareholding and adversely affect the trading price of the Equity Shares.*

Any future equity issues by us, including in a primary offering, or any instance of disinvestments of equity shares by our Promoters or by other significant shareholder(s) may significantly affect the trading price of our Equity Shares. Further, our market price may also be adversely affected even if there is a perception or belief that such sales of Equity Shares might occur.

49. *Investors will not be able to sell immediately on an Indian stock exchange any of the Equity Shares they purchase in the Issue.*

Equity Shares will be listed on the Stock Exchanges. Pursuant to applicable Indian laws, certain actions must be completed before the Equity Shares can be listed and trading in the Equity Shares may commence. Investors' book entry, or 'demat' accounts with depository participants in India, are expected to be credited within one working day of the date on which the Basis of Allotment is approved by the Stock Exchanges. The Allotment of Equity Shares in the Issue and the credit of such Equity Shares to the applicant's demat account with depository participant could take approximately five Working Days from the Bid/ Issue Closing Date and trading in the Equity Shares upon receipt of final listing and trading approvals from the Stock Exchanges is expected to commence within six Working Days of the Bid/ Issue Closing Date. There could be a failure or delay in listing of the Equity Shares on the Stock Exchanges. Any failure or delay in obtaining the approval or otherwise commence trading in the Equity Shares would restrict investors' ability to dispose of their Equity Shares. There can be no assurance that the Equity Shares will be credited to investors' demat accounts, or that trading in the Equity Shares will commence, within the time periods specified in this risk factor. We could also be required to pay interest at the applicable rates if allotment is not made, refund orders are not dispatched or demat credits are not made to investors within the prescribed time periods.

50. *Holders of Equity Shares may be restricted in their ability to exercise pre-emptive rights under Indian law and thereby may suffer future dilution of their ownership position.*

Under the Companies Act, a company having share capital and incorporated in India must offer its holders of equity shares pre-emptive rights to subscribe and pay for a proportionate number of equity shares to maintain their existing ownership percentages before the issuance of any new equity shares, unless the pre-emptive rights have been waived by adoption of a special resolution. However, if the laws of the jurisdiction the investors are located in does not permit them to exercise their pre-emptive rights without our filing an offering document or registration statement with the applicable authority in such jurisdiction, the investors will be unable to exercise their pre-emptive rights unless we make such a filing. If we elect not to file a registration statement, the new securities may be issued to a custodian, who may sell the securities for the investor's benefit. The value the custodian receives on the sale of such securities and the related transaction costs cannot be predicted. In addition, to the extent that the investors are unable to exercise pre-emption rights granted in respect of the Equity Shares held by them, their proportional interest in us would be reduced.

51. *A third-party could be prevented from acquiring control of us post this Issue, because of anti-takeover provisions under Indian law.*

As a listed Indian company, there are provisions in Indian legal regime that may delay, deter or prevent a future takeover or change in control of our Company. Under the Takeover Regulations, an acquirer has been defined as any person who, directly or indirectly, acquires or agrees to acquire shares or voting rights or control over a company, whether individually or acting in concert with others. Although these provisions have been formulated to ensure that interests of investors/shareholders are protected, these provisions may also

discourage a third party from attempting to take control of our Company subsequent to completion of the Issue. Consequently, even if a potential takeover of our Company would result in the purchase of the Equity Shares at a premium to their market price or would otherwise be beneficial to our shareholders, such a takeover may not be attempted or consummated because of Takeover Regulations.

This space has been left blank intentionally.

EXTERNAL RISK FACTORS

- 52. *The outbreak and after-effects of COVID-19, or outbreak of any other severe communicable disease could have a potential impact on our business, financial condition, cash flows and results of operations.***

The outbreak, of any severe communicable disease, as seen in the recent outbreak and aftermath of COVID-19, could materially and adversely affect business sentiment and environment across industries. In addition, our revenue and profitability could be impacted to the extent that a natural disaster, health epidemic or other outbreak harms the Indian and global economy in general. The outbreak of COVID-19 has resulted in authorities implementing several measures such as travel bans and restrictions, quarantines, shelter in place orders, and lockdowns. These measures have impacted and may further impact our workforce and operations and also the operations of our clients. A rapid increase in severe cases and deaths where measures taken by governments fail or are lifted prematurely, may cause significant economic disruption in India and in the rest of the world. The scope, duration and frequency of such measures and the adverse effects of COVID-19 remain uncertain and could be severe.

During the lockdown period in response to the COVID-19 pandemic, our Company had certain interim measures in place to ensure business and operational continuity. Our employees worked remotely. However, certain of our operations are dependent on various information technology systems and applications which may not be adequately supported by a robust business continuity plan, which could impact our business in the event of a disaster of any nature. Although we continue to devote resources and management focus, there can be no assurance that these programs will operate effectively.

- 53. *The Terrorist attacks, communal disturbances and regional conflicts in South Asia may have a material adverse effect on our business and on the market for securities in India.***

Terrorist attacks, whether in India or another country may adversely affect Indian and worldwide financial markets. These acts may also result in a loss of business confidence and have other consequences that could adversely affect our business, results of operations and financial condition. Some parts of India have experienced communal disturbances and riots during recent years. If such events recur, our business and financial condition may be adversely affected.

South Asia has, from time to time, experienced instances of civil unrest. Military activity or terrorist attacks in the future could adversely affect the Indian economy, and the financial condition and results of operations of Indian companies, including us, which would have an adverse effect on the trading price of our Equity Shares.

- 54. *Under Indian legal regime, foreign investors are subject to investment restrictions that limit our Company's ability to attract foreign investors, which may adversely affect the trading price of the Equity Shares. Accordingly, our ability to raise foreign capital may be constrained.***

As a company incorporated in India, we are subject to exchange controls that govern the borrowings in foreign currencies. Further, under applicable foreign exchange regulations in India, transfer of shares between non-residents and residents are freely permitted (subject to compliance with sectoral norms and certain other restrictions), if they comply with the pricing guidelines and reporting requirements specified under applicable laws. If share transfer is not in compliance with such requirements and does not fall under any of the permissible exceptions, then prior approval of the relevant regulatory authority is required. Such regulatory restrictions limit our financing sources and could constrain our ability to obtain financings on competitive terms and refinance existing indebtedness.

55. *Any adverse change or downgrading in ratings of India may adversely affect our business, results of operations and cash flows.*

Any adverse revisions to India's credit ratings international debt by international rating agencies may adversely affect our ability to raise additional overseas financing and the interest rates and other commercial terms at which such additional financing is available. This could have an adverse effect on our ability to fund our growth on favourable terms or at all, and consequently adversely affect our business and financial performance and the price of our Equity Shares.

56. *Investors outside India subscribing to this Issue may not be able to enforce any judgment of a foreign court against us, except by way of a suit in India.*

Our Company is a limited liability company incorporated under the laws of India. Our Company's assets are located in India. As a result, it may be difficult for investors to effect service of process upon us or such persons in India or to enforce judgments obtained against our Company or such parties outside India. India is not a party to any international treaty in relation to the recognition or enforcement of foreign judgments. India has reciprocal recognition and enforcement of judgments in civil and commercial matters with a limited number of jurisdictions, including the United Kingdom, Singapore, UAE, and Hong Kong. A judgment from certain specified courts located in a jurisdiction with reciprocity must meet certain requirements of the Code of Civil Procedure, 1908, as amended ("Civil Procedure Code"). The United States has not been notified as a reciprocating territory.

In addition, any person seeking to enforce a foreign judgment in India is required to obtain the prior approval of the RBI to repatriate any amount recovered, and we cannot assure that such approval will be forthcoming within a reasonable period of time, or at all, or that conditions of such approvals would be acceptable. Such amount may also be subject to income tax in accordance with applicable law. Consequently, it may not be possible to enforce in an Indian court any judgment obtained in a foreign court, or effect service of process outside of India, against Indian companies, entities, their directors and executive officers and any other parties resident in India. Additionally, there is no assurance that a suit brought in an Indian court in relation to a foreign judgment will be disposed of in a timely manner.

57. *Changing laws, rules and regulations and legal uncertainties in India and other countries may adversely affect our business and financial performance.*

The regulatory and policy environment in which we operate is evolving and subject to change. Such changes may adversely affect our business, results of operations and prospects, to the extent that we are unable to suitably respond to and comply with any such changes in applicable law and policy. For example, the Government of India implemented a comprehensive national goods and services tax ("GST") regime with effect from July 1, 2017, that combined multiple taxes and levies by the Central and State Governments into unified tax structure. Our business and financial performance could be adversely affected by any unexpected or onerous requirements or regulations resulting from the introduction of GST or any changes in laws or interpretation of existing laws, or the promulgation of new laws, rules and regulations relating to GST, as it is implemented. The Government has enacted the GAAR which have come into effect from April 1, 2017.

Uncertainty in the applicability, interpretation or implementation of any amendment to, or change in, governing law, regulation or policy, including by reason of an absence, or a limited body, of administrative or judicial precedent may be time consuming as well as costly for us to resolve and may impact the viability of

our current businesses or restrict our ability to grow our businesses in the future.

58. *Regulatory, economic, political scenarios or other factors that are beyond our control may have an adverse effect on our business and financial performance.*

Our economy and its securities markets are influenced by economic developments, any adverse economic developments or rising of fiscal or trade deficit may also affect investor confidence and cause increased volatility in securities markets and indirectly affect our economy in general. Any of these factors could depress economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition, and results of operations. Further financial disruption could also have an adverse effect on our business, future financial performance, shareholders' equity and the price of our Equity Shares

Also, a change in the government or change in deregulation policies could adversely affect economic conditions prevalent in the areas in which we operate in general and our business and high rates of inflation could increase our costs without proportionately increasing our revenues.

59. *Financial instability in other countries may cause increased volatility in Indian and other financial markets.*

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in Asian countries. Financial turmoil in Asia, Europe, the United States and elsewhere in the world in recent years has affected the Indian economy. Although economic conditions are different in each country, investors' reactions to developments in one country can have an adverse effect on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial market and, indirectly, in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy.

Financial disruptions may occur again and could harm our results of operations and financial condition. The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe and certain economies in Asia. Financial turmoil in Asia and elsewhere in the world in recent years has affected the Indian economy. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and its business.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition and results of operations. The global credit and equity markets have experienced substantial dislocations, liquidity disruptions and market corrections.

60. *Natural disasters, epidemics, pandemics, acts of war, terrorist attacks and other events could materially and adversely affect our business and profitability.*

Natural disasters (such as earthquakes, fire, typhoons, cyclones, hurricanes and floods), pandemics, epidemics, strikes, civil unrest, terrorist attacks and other events, which are beyond our control, may lead to global or regional economic instability, which may in turn materially and adversely affect our business, financial condition, cash flows and results of operations. Any of these occurrences could cause severe disruptions to our daily operations and may warrant a temporary closure of our facilities. Such closures may disrupt our business operations and adversely affect our results of operations. Our operation could also be disrupted if our clients

are affected by such natural disasters or epidemics. An outbreak or epidemic, such as SARS, the H1N1 and H5N1 viruses or COVID-19 could cause general consumption or the demand for various products to decline, which could result in reduced demand for our services. Such an outbreak or epidemic may significantly interrupt our business operations as health or governmental authorities may impose quarantine and inspection measures on us or our clients.

Moreover, certain regions in India have witnessed terrorist attacks and civil disturbances and it is possible that future terrorist attacks or civil unrest, as well as other adverse social, economic and political events in India could have a negative effect on us. Transportation facilities, including vehicles, can be targets of terrorist attacks, which could lead to, among other things, increased insurance and security costs. Regional and global political or military tensions or conflicts strained or altered foreign relations, protectionism and acts of war or the potential for war could also cause damage and disruption to our business, which could materially and adversely affect our business, financial condition, cash flows and results of operations. Such incidents could create the perception that investments in Indian companies involve a higher degree of risk and such perception could adversely affect our business and the price of the Equity Shares.

DETAILS OF THE MARKET MAKING ARRANGEMENT FOR THIS OFFER

Our Company and the BRLM have entered into a tripartite agreement dated **August 07, 2024**, with **Nikunj Stock Brokers Limited**, the Market Maker for this Issue, read with addendum to the Market making agreement dated August 09, 2024, duly registered with BSE SME to fulfill the obligations of Market Making:

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI (ICDR) Regulations, and its amendments from time to time and the circulars issued by the BSE and SEBI regarding this matter from time to time. Following is a summary of the key details pertaining to the Market Making arrangement:

1. The Market Maker shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker.
2. The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of BSE Limited and SEBI from time to time.
3. The minimum depth of the quote shall be Rs.1,00,000. However, the investors with holdings of value less than Rs.1,00,000 shall be allowed to offer their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
4. Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
5. There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
6. On the first day of the listing, there will be pre-opening session (call auction) and thereafter the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
7. The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
8. There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market – for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while force-majeure will be applicable

for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.

The Market Maker(s) shall have the right to terminate said arrangement by giving a one month notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s). In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018. Further, our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our registered office from 11.00 a.m. to 5.00 p.m. on working days.

9. **Risk containment measures and monitoring for Market Makers:** SME Platform of BSE will have all margins which are applicable on the BSE Main Board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
10. **Punitive Action in case of default by Market Maker:** SME Platform of BSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties / fines may be imposed by the Exchange on the Market Makers, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker(s) in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership.

The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Makers from time to time.

Price Band and Spreads: Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for Markets Makers during market making process has been made applicable, based on the issue size and as follows:

12. Except as disclosed in this Red Herring Prospectus, our Company presently does not have any intention or proposal to alter its capital structure for a period of six (6) months from the date of opening of the Issue, by way of split/consolidation of the denomination of Equity Shares or further issue of Equity Shares (including issue of securities convertible into Equity Shares) whether preferential or otherwise. However, during such period or a later date, it may issue Equity Shares or securities linked to Equity Shares to finance an acquisition, merger or joint venture or for regulatory compliance or such other scheme of arrangement if an opportunity of such nature is determined by its Board of Directors to be in the interest of our Company.
13. We have 82 (Eighty -two) shareholders as on the date of filing of this Red Herring Prospectus.
14. As on the date of this Red Herring Prospectus, our Promoters and Promoters' Group holds a total of 76,70,835 Equity Shares representing 85.05% of the pre-issue paid up share capital of our Company.
15. None of our Promoters, their relatives and associates, persons in Promoter Group or the directors of the Company which is a promoter of the Company and/or the Directors of the Company have purchased or sold any securities of our Company during the past six months immediately preceding the date of filing this Red Herring Prospectus.
16. The members of the Promoters Group, our Directors and the relatives of our Directors have not financed the purchase by any other person of securities of our Company, other than in the normal course of the business of the financing entity, during the six months immediately preceding the date of filing this Red Herring Prospectus.
- 17. Details of Promoter's Contribution locked in for 3 years:**

As per Sub-Regulation (1) of Regulation 236 of the SEBI (ICDR) Regulations, 2018, an aggregate of 20% of the post-Issue Capital shall be considered as Promoter's Contribution.

Our Promoters have granted consent to include such number of Equity Shares held by them as may constitute 20.00% of the post-issue Equity Share Capital of our Company as Promoters Contribution and have agreed not to sell or transfer or pledge or otherwise dispose of in any manner, the Promoters Contribution from the date of filing of this Red Herring Prospectus until the completion of the lock-in period specified above.

In terms of clause (a) of Regulation 238 of the SEBI (ICDR) Regulations, 2018, Minimum Promoters Contribution as mentioned above shall be locked-in for a period of 3 years from the date of commencement of commercial production or date of allotment in the Initial Public Offer, whichever is later.

The promoters' holding in excess of minimum promoters' contribution shall be locked-in for a period of one year from the date of allotment in the initial public offer.

Explanation: *The expression "date of commencement of commercial production" means the last date of the month in which commercial production of the project in respect of which the funds raised are proposed to be utilized as stated in the offer document, is expected to commence.*

We further confirm that Minimum Promoters Contribution of 20.00% of the post issue paid-up Equity Shares Capital does not include any contribution from Alternative Investment Fund.

The Minimum Promoters Contribution has been brought into to the extent of not less than the specified minimum lot and has been contributed by the persons defined as Promoters under the SEBI (ICDR) Regulations, 2018.

The lock-in of the Minimum Promoters Contribution will be created as per applicable regulations and procedure and details of the same shall also be provided to the Stock Exchange before listing of the Equity Shares.

The details of the Equity Shares held by our Promoters, which are locked in for a period of 3 years from the date of Allotment in the Offer are given below:

Name of Promoter	Date of Transaction and when made fully paid-up	Nature of Transaction	No. of Equity Shares	Face Value (Rs.)	Issue/Acquisition Price per Equity Share (Rs.)	Percentage of post-Offer paid-up capital (%)	Lock in Period
Abhay Kumar Chandalia	09-03-2024	Bonus Issue	124000 0	10	NIL	10.11%	3 years
Vikash Kumar Jain	09-03-2024	Bonus Issue	124000 0	10	NIL	10.11%	3 years

The Equity Shares that are being locked in are not ineligible for computation of Promoters contribution in terms of Regulation 237 of the SEBI ICDR Regulations. Equity Shares offered by the Promoters for the minimum Promoters contribution are not subject to pledge. Lock-in period shall commence from the date of allotment of Equity Shares in the Public Issue.

We confirm that the minimum Promoters contribution of 20.00% which is subject to lock-in for 3 years does not consist of:

- a) Equity Shares acquired during the preceding three years for consideration other than cash and revaluation of assets or capitalization of intangible assets;
- b) Equity Shares acquired during the preceding three years resulting from a bonus issue by utilization of revaluation reserves or Unrealised profits of the issuer or from bonus issue against equity shares which are ineligible for minimum Promoters contribution;
- c) Equity Shares acquired by Promoters during the preceding one year at a price lower than the Issue Price;
- d) The Equity Shares held by the Promoters and offered for minimum 20% Promoters Contribution are not subject to any pledge.
- e) Equity Shares for which specific written consent has not been obtained from the shareholders for inclusion of their subscription in the minimum Promoters Contribution subject to lock-in.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, our Company confirms that certificates of Equity Shares which are subject to lock in shall contain the inscription “Non-Transferable” and specify the lock-in period and in case such equity shares are dematerialized, the Company shall ensure that the lock in is recorded by the Depository.

Equity Shares locked-in for One Year

In addition to above Equity Shares that are locked-in for three years as the minimum Promoters’ contribution, the promoters and public pre-issue shareholding of Equity Share capital of our Company, i.e. 6538903 Equity Shares shall be locked in for a period of one year from the date of Allotment in the Public Issue. Further, such lock-in of the Equity Shares would be created as per the bye laws of the Depositories.

Pledge of Locked in Equity Shares:

In terms of Regulation 242 of the SEBI (ICDR) Regulations, 2018, the locked-in Equity Shares held by our Promoters can be pledged as a collateral security for a loan granted by a scheduled commercial bank or a public financial institution or a systemically important non-banking finance company or a housing finance company, subject to the following:

- In case of Minimum Promoters’ Contribution, the loan has been granted to the issuer company or its subsidiary (ies) for the purpose of financing one or more of the Objects of the Issue and pledge of equity shares is one of the terms of sanction of the loan.
- In case of Equity Shares held by Promoters in excess of Minimum Promoters’ contribution, the pledge of equity shares is one of the terms of sanction of the loan.
- However, lock-in shall continue pursuant to the invocation of the pledge and such transferee shall not be eligible to transfer the equity shares till the lock-in period specified has expired.

Transferability of Locked in Equity Shares:

In terms of Regulation 243 of the SEBI (ICDR) Regulations, 2018 and subject to provisions of Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011 as applicable:

- The Equity Shares held by our Promoters and locked in as per Regulation 238 of the SEBI (ICDR)

Regulations, 2018 may be transferred to another Promoters or any person of the Promoters' Group or to a new promoter(s) or persons in control of our Company, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock- in period stipulated has expired.

- The equity shares held by persons other than promoters and locked in as per Regulation 239 of the SEBI (ICDR) Regulations, 2018 may be transferred to any other person (including Promoter and Promoters' Group) holding the equity shares which are locked-in along with the equity shares proposed to be transferred, subject to continuation of lock-in for the remaining period with transferee and such transferee shall not be eligible to transfer them till the lock- in period stipulated has expired.

18. Our Company, our Promoters, our Directors and the BRLM to this Offer have not entered into any buy-back, standby or similar arrangements with any person for purchase of our Equity Shares from any person.

19. Our Company has not issued shares for consideration other than cash or out of revaluation of reserves, including Bonus Shares, at any point of time since Incorporation except the following:

OBJECTS OF THE ISSUE

Our Company proposes to utilize the funds which are being raised towards funding the following objects and achieve the benefits of listing on the SME platform of BSE.

The objects of the Issue are:-

1. To meet out the expenses for Investment in Technology
2. To meet out the expenses for Unidentified Acquisition for Company (In India or Abroad)
3. To meet out the Working Capital requirements of the Company
4. To meet out the General Corporate Purposes; and
5. To meet out the Issue Expenses.

Our Company believes that listing will enhance our Company's corporate image, brand name and create a public market for its Equity Shares in India. The main objects clause of our Memorandum enables our Company to undertake the activities for which funds are being raised in the Issue. The existing activities of our Company are within the objects clause of our Memorandum. The fund requirement and deployment are based on internal management estimates and has not been appraised by any bank or financial institution.

REQUIREMENT OF FUNDS

The proceeds of the Issue, after deducting Issue related expenses, are estimated to be ₹ [●] thousand (the "Net Issue Proceeds").

The following table summarizes the requirement of funds:

S.No.	Particulars	Rupees in thousand
1	Gross Issue Proceeds	[●]*
2	Less: Issue Related Expenses	[●]*
	Net proceeds	[●]*

*Subject to finalization of basis of allotment.

UTILISATION OF FUNDS:

Fund Requirements

Our funding requirements are dependent on a number of factors which may not be in the control of our management, changes in our financial condition and current commercial conditions. Such factors may entail rescheduling and / or revising the planned expenditure and funding requirement and increasing or decreasing the expenditure for a particular purpose from the planned expenditure.

We intend to utilize the proceeds of the Fresh Issue, in the manner set forth below:

S. N.	Particulars	Amount* (In Rs. thousands)	% of Gross Proceeds	% of Net Proceeds
1.	Investment in Technology	41,000.00	[●]	[●]
2.	Unidentified Acquisition for Company (In India or Abroad) ^{\$}	35,648.00	[●]	[●]
3.	Working Capital Requirement	79,000.00	[●]	[●]

4.	General Corporate Purposes	[●]	[●]	[●]
	Total	[●]	[●]	[●]

**The amounts are tentative and excluding GST and other taxes.*

#As per the certificate given by M/s K.S Choudhary & Co., Chartered Accountants, dated August 26, 2024, the Company has incurred a sum of Rs. 1,676.00 thousand towards issue expenses till date.

\$The amount for general corporate purposes, and unidentified acquisitions, as mentioned in objects of the issue shall not exceed 35% thirty-five percent of the gross proceeds.

The objects detailed above are intended to be funded from the proceeds of the Issue while any remaining funding needs will be met through the company's internal accruals. Accordingly, we confirm that there is no requirement for us to make firm arrangements of finance through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the proposed Issue.

The fund requirement and deployment are based on internal management estimates and have not been appraised by any bank or financial institution. These are based on current conditions and are subject to change in light of changes in external circumstances or costs, other financial conditions, business or strategy, as discussed further below.

In case of variations in the actual utilization of funds allocated for the purposes set forth above, increased fund requirements for a particular purpose may be financed by surplus funds, if any, available in respect of the other purposes for which funds are being raised in this Issue. If surplus funds are unavailable, the required financing will be through our internal accruals and/or debt.

We may have to revise our fund requirements and deployment as a result of changes in commercial and other external factors, which may not be within the control of our management. This may entail rescheduling, revising or cancelling the fund requirements and increasing or decreasing the fund requirements for a particular purpose from its fund requirements mentioned below, at the discretion of our management. In case of any shortfall or cost overruns, we intend to meet our estimated expenditure from internal accruals and/or debt. In case of any such re-scheduling, it shall be made by compliance of the relevant provisions of the Companies Act, 2013.

Details of Utilization of Issue Proceeds

1. Investment in Technology

Our company intends to deploy Net Proceeds aggregating to Rs. 41,000.00 thousand for Development of technology. Further we confirm that we are in compliance with Regulation 230(3), of SEBI (ICDR) Regulations, 2018.

Development of "The Money App":

Our company currently provides investment retrieval and wealth management services to clients offline. To bridge this gap and enhance accessibility, we aim to launch "The Money App".

The primary objective of the app is to streamline the search and retrieval of unclaimed investments. Additionally, it will introduce our proprietary "Protect Money" card to protect all investment from any contingencies like fire, theft, flood, earth disease like corona etc., prevent future unclaimed investments and offer end-to-end digital paperless services.

"The Money App" will offer the following services:

- Searching for and Retrieving Unclaimed Investments: This app helps users locate any investments they may have forgotten or are unaware of. These could include things like inoperative bank accounts, unclaimed dividends, or forgotten stocks or provident fund, mutual fund, bond and bank deposits. The app aids in identifying and recovering these assets.
- Protect Money Card for Future Investments: This app will offer a protective feature through a special card, likely a digital or physical card designed to secure the user's future investments. This might include safeguarding against unauthorized transactions or ensuring the safety of investment funds. Subscribers can utilize the app to manage their investments through Protect Money Cards, update financial information, and prevent investments from becoming unclaimed.
- Paperless Services: The app promotes environmental sustainability and convenience by reducing the need for physical paperwork. All transactions and services related to investment retrieval and wealth protection can be initiated digitally, which speeds up processes and reduces errors. The User may require assistance from Share Samadhan for case updates and paperwork status. Customers can access and utilize paperless services offered by our company.

Individual investors, small and medium-sized enterprises (SMEs), and corporate investors can leverage "The Money App" to search for and retrieve their unclaimed investments. They can also utilize features like Protect Money Card issuance and access digital paperless services.

2. Unidentified Acquisition for Company (In India or Abroad)

Our company intends to deploy Net Proceeds aggregating to Rs. 35,648.00 thousand for acquisitions (strategic, geographical or financial) that will be identified in due course of time.

In order to grow business through organic and inorganic acquisition, we are identifying target acquisitions in India or outside India, particularly domestic acquisition. Such acquisitions shall lead to increase our geographical presence both India & internationally which will ultimately reduce our overall cost and access to their resources such as quality staff, skills and experience of industry and their intelligence. Further, introduction of innovative technology solutions requires us to make investments in personnel and technology infrastructure and helps us decrease our costs and drive operating leverage. Given the significant opportunities available for us to grow and expand our business and operations, we plan to use a combination of organic and inorganic growth strategies in order to grow.

The field of Investment retrieval and wealth management has been rapidly changing and growing in the recent past. The Company is thus actively identifying target acquisitions that will enhance the growth of the company directly without putting much effort from scratch. A potential acquisition will give us the ability to bring additional offerings to our customers – hence take a bigger share of their wallet – and/ or enable us to reach a new set of customers rapidly.

Evaluation Criteria

Our management and our Audit Committee (comprising of only the Independent Directors) in compliance of SEBI (ICDR) Regulation, 2018 would review and evaluate such acquisition opportunities and other strategic initiatives, and only upon being satisfied that such proposed use of the Net Proceeds will be for our benefit, shall our Audit Committee make recommendations to our Board for further action, as appropriate. The amount of Net Proceeds to be used for any acquisition will be based on such evaluation by our management and our Audit Committee and may not be the total value or cost of any such acquisitions but is expected to provide us with sufficient financial leverage to pursue such acquisitions.

The amount for general corporate purposes, and unidentified acquisitions, as mentioned in objects of the issue shall not exceed 35% thirty-five percent of the gross proceeds.

Note: The acquisition of business is unidentified & we have not made any acquisitions since incorporation of Company except given on page on 221 in the chapter “Our Subsidiaries”.

3. Working Capital Requirements:

Our Company proposes to utilize Rs. 79,000.00 thousand towards funding its working capital requirements in the ordinary course of business. With the increase in our revenue, we expect our working capital requirements to increase. In the ordinary course of business, we fund our working capital needs through internal accruals. Our Company, in order to support its incremental business requirements, funding growth opportunities and for other strategic, business, and corporate purposes requires additional working capital and such funding is expected to lead to a consequent increase in our revenues and profitability.

Basis of Estimation, assumptions and justification of working capital requirements

The estimates of the working capital requirements for the financial years ending on March 31, 2025, have been prepared based on the management estimates of future financial performance. The projection has been prepared using a set of assumptions that include assumptions about future events and management’s actions that are not necessarily expected to occur. On the basis of existing and estimated working capital requirements of our Company on standalone basis, and assumptions for such working capital requirements. Total	Rs. Thousands	2,741.00	2,978.95	6,428.91	13,334.40

Firstly, it should be noted that Other current liability includes salary payable & Other Current Liabilities. The financial data provided shows the evolution of a company's Other Current Liabilities and Short-Term Provisions over several years, including actual, estimated, and projected figures. Here is a summarized analysis with reasons:

Other Current Liabilities:

The Other Current Liabilities (OCL) have exhibited substantial fluctuations in recent years. It increased Rs. 1,748.06 thousand in 2022, Rs. 1,832.18 thousand in 2023 and Rs 2,845,87 thousand in Financial year 2024. Furthermore, this amount increased to Rs. 6,358.13 thousand in 2025. This notable increase is primarily due to the increase in staff strength.

Short Term Provisions

As the company's turnover and profits have grown, the amount of short-term Provision has increased over time. The company's short-term provision was Rs. 992.93 thousand, Rs. 1,146.77 thousand and Rs.3,583.05 thousand for FY2021-22, 2022-23 and 2023-24 respectively. It's important to highlight that substantial increase in Short Term Advances can be attributed to two key components: Advance against Services & Expenses.

Linking these financial aspects to the company's operations, expenditures are distributed across three main categories:

- Daily operations involve salaries, wages, rentals, commissions, professional expenses, software systems for customer service & customer support and modifications to existing service.
- Expenses for developing new technology Wealth Samadhan Card etc.
- Marketing and advertisement for both existing and new services, including brand development & extensive performance-based marketing.

The company has started a new venture i.e., Litigation funding, another various consultancy etc. in FY 2024 and FY 2025. Thus, the inclusion of advance against consultancy & Expenses in current assets primarily reflects the payment or expenses made against ongoing Litigation funding and technology. Cash & Cash Equivalent supports the working capital demand and for daily operations of the company. It can also be seen that currently the actual working capital requirement is fulfilled by the available cash in the company.

Similarly, the increase in current liabilities is primarily due to a) Salary payable and b) statutory Provision.

The company business is profitable since FY 2019-2020, as better operating margins were achieved. In FY 2022-2023, the company generated revenue of Rs. 27,613.81 thousand, and in the Financial Year 2023-24 revenue of Rs. 92,823.53 thousand.

b. Significant increase in working capital gap for the FY 2023-24 & projected period.

3. Non- GAAP Financial measures

Non-GAAP Financial measures are numerical measures of the Technical Guide on Disclosure and reporting of KPIs issuer company's historical financial performance, financial position, or cash flows that:

- i. Exclude amounts, or are subject to adjustments that have the effect of excluding amounts, that are included in the most directly comparable measures calculated and presented in accordance with GAAP in the financial statements of the issuer company; or
- ii. Include amounts or are subject to adjustments that have the effect of including amounts, that are excluded from the most directly comparable measures so calculated and presented. Such adjustment items should be based on the audited line items only, which are included in the financial statements. These Non-GAAP Financial measures are items which are not defined under Ind AS or AS, as applicable. Generally, if the issuer company takes a commonly understood or defined GAAP amount and removes or adds a component of that amount that is also presented in the financial statements, the resulting amount is considered a Non-GAAP Financial measure. As a simplified example, if the issuer company discloses net income less restructuring charges and loss on debt extinguishment (having determined all amounts in accordance with GAAP), the resulting performance amount, which may be labelled "Adjusted Net Income," is a Non-GAAP Financial measure.

The benefits discussed in the enclosed Statement are not exhaustive. The Statement is only intended to provide general information to the investors and is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences and changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the Issue.

In respect of non-residents, the tax rates and the consequent taxation shall be further subject to any benefits

available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which the non-resident has fiscal domicile.

We do not express any opinion or provide any assurance as to whether.

- the Company or its shareholders will continue to obtain these benefits in the future; or
- the conditions prescribed for availing of the benefits, where applicable have been/would be met with.
- the revenue authorities/courts will concur with the views expressed therein.

The content of the enclosed Statement are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company.

We have conducted our examination in accordance with the 'Guidance Note on Reports or Certificates for Special Purposes' issued by the Institute of Chartered Accountants of India ("ICAI") which requires that we comply with ethical requirements of the Code of Ethics issued by the [ICAI]. We hereby confirm that while providing this certificate we have complied with the Code of Ethics issued by the [ICAI].

We have complied with the relevant applicable requirements of the Standard on Quality Control (SQC) I. Quality Control for Firms that Perform Audits and Reviews of Historical Financial Information, and Other Assurance and Related Services Engagements.

This certificate may be relied upon by the Company, the Book Running Lead Manager ("BRLM") and the legal counsel appointed by the Company and the BRLM in relation to the Issue. We hereby consent to the extracts of, or reference to, this certificate being used in the updated Draft Red Herring Prospectus, the Red Herring Prospectus, the Prospectus and in any other material used in connection with the Issue and other Issue related materials (collectively, the "Issue Documents"). We also consent to the submission of this certificate as may be necessary, to any regulatory authority and/or for the records to be maintained by the BRLM in connection with the Issue and in accordance with applicable law,

We confirm that we will communicate any changes in writing in the above information that will come to our attention or as made available to us by the management or the BRLM until the date when the Equity Shares allotted in the Issue commence trading on the relevant stock exchanges.

ANNEXURE TO THE STATEMENT OF TAX BENEFITS:

**ANNEXURE TO THE STATEMENT OF POSSIBLE SPECIAL DIRECT TAX BENEFITS
AVAILABLE TO SHARE SAMADHAN LIMITED ('THE COMPANY') AND ITS
SHAREHOLDERS (ANNEXURE A)**

DIRECT TAXATION

This statement of possible special direct tax benefits is required as per Schedule VI (Part A)(9)(L) of the Securities and Exchange Board of India (issue of Capital and Disclosure Requirements) Regulations, 2018 as amended ('SERI ICDR Regulations'). The term 'special tax benefit' has not been defined under the SERI ICDR Regulations, for the purpose of this statement, possible special tax benefits which could be available dependent on the Company or its shareholders fulfilling the conditions prescribed under the tax laws, are enumerated below: -

A) Under the Income tax Act, 1961 (hereinafter referred to as 'the Act'), as amended by the Finance Act, 2021, applicable for Financial Year 2021-22 relevant to Assessment Year 2022- 23 ("Year").

This Annexure sets out only the possible special direct tax benefits available to the Company and its shareholders under the income Tax Act, 1961 (the "Act") as amended by the Finance Act, 2021 i.e. applicable to Financial Year 2021-22 relevant to Assessment Year 2022-2023, presently in force in India.

I. Special direct tax benefits available to the Company under the Act

Lower Corporate Tax Rate under section 115BAA

A new section 115BAA was inserted by the Taxation Laws (Amendment) Act, 2019 ('The Amendment Act, 2019) with effect from 1 April 2020 (Assessment Year 2020-21) granting an option to domestic companies to compute corporate tax at a reduced rate of 25.168% (22% plus surcharge of 10% and cess of 4%), subject to the condition that going forward it does not claim specified deductions/ exemptions as specified in section 115BAA(2) of the Act and computes total income as per the provisions of section 115BAA (2) of the Act Proviso to section 115BAA (5) provides that once the company opts for paying tax as per section 115BAA of the Act, such option cannot be subsequently withdrawn for the same or any other previous year. Further, the provisions of Section 115JB i.e. MAT provisions shall not apply to the company on exercise of the option under section 115BAA, as specified under sub-section (5A) of Section 115JB of the Act

The Company has evaluated and decided to opt for the lower corporate tax rate of 25.168% with effect from the Financial Year 2019-20. Such option has been exercised by the Company while filing its return for the Financial Year 2019-20 within the due date prescribed under sub-section (1) of section 139 of the Act Once the Company exercises such option, the MAT tax credit (under section 115JAA) which it is entitled to on account of MAT paid in earlier years, will no longer be available for set-off or carry forward in future years.

II. Special tax benefits available to Shareholders

There are no special tax benefits available to the shareholders of the Company from investment in the equity shares of the Company. However, such shareholders shall be liable to tax at concessional tax rates on certain incomes (arising from sale of equity shares of the Company) under the extant provisions of the Act.

Section 112A of the Act provides for concessional rate of tax with at the rate of 10% in respect of specified long-term capital gains gain exceeding Rs.100,000 arising from the transfer of a long-term capital asset (i.e., capital asset held for the period of 12 months or more) being an equity share in an Indian company or a unit of an equity-oriented fund wherein Securities Transaction Tax ("STT") is paid on both acquisition and transfer. Further, the benefit of lower rate is extended in case STT is not paid on acquisition / allotment of equity shares through Initial Public Offering

Section 111A of the Act provides for concessional rate of tax @ 15% in respect of short-term capital gains (provided the short term capital gains exceed the basic threshold limit of exemption, where applicable) arising from the transfer of a short-term capital asset (i.e. capital asset held for the period of less than 12 months) being an equity share in a company or a unit of an equity-oriented fund wherein STT is paid on transfer.

Dividend income earned by the shareholders would be taxable in their hands at the applicable rates. However, in case of domestic corporate shareholders, deduction under section 80M of the Act would be available on fulfilling the conditions. Further, in case of shareholders who are individuals, Hindu Undivided Family, Association of Persons, Body of individuals, whether incorporated or not and every artificial judicial person, surcharge would be restricted to 15% irrespective of the amount of dividend.

In respect of non-residents shareholder, the tax rates and the consequent taxation shall be further subject to any benefits available under the applicable Double Taxation Avoidance Agreement, if any, between India and the country in which such non-resident shareholder has fiscal domicile.

NOTES

The above benefits are as per the current tax law as amended by the Finance Act, 2021 and Taxation Laws (Amendment) Act, 2020 applicable for Financial year 2021-22 relevant to the Assessment year 2022-23, presently in force in India.

This statement also does not discuss any tax consequences, in the country outside India, of an investment in the shares of an Indian company. The shareholders/investors in the country outside India are advised to consult their own professional advisors regarding possible Income tax consequences that apply to them.

The Statement has been prepared on the basis that the shares of the Company are listed on a recognized stock exchange in India and the Company will be issuing equity shares. The benefits discussed above cover only possible special tax benefits available to the Company and to its shareholders and do not cover general tax benefits. The above statement sets out the provisions of the law in a summary manner only and is not a complete analysis or listing of all potential tax consequences of the purchase, ownership and disposal of shares.

ANNEXURE B

Statement of Tax Benefits

ANNEXURE TO THE STATEMENT OF POSSIBLE SPECIAL INDIRECT TAX BENEFITS AVAILABLE TO SHARE SAMDHAN LIMITED ("THE COMPANY") AND ITS SHAREHOLDERS

INDIRECT TAXATION

This statement of possible special indirect tax benefits is required as per Schedule VI (Part A)(9)(L) of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended ('SEBI ICDR Regulations'). The term 'special tax benefit' has not been defined under the SEBI ICDR Regulations; for the purpose of this statement possible special tax benefits which could be available dependent on the Company or its shareholders or its material subsidiary fulfilling the conditions prescribed under the tax laws, are enumerated below,

I. Special tax benefits available to the Company under the GST Laws, Customs Act, Customs Tariff Act and FTP

Refund of tax paid on Export of goods or refund of tar paid on inputs/input services used in export of goods/service.

Under the CGST laws, export of goods or services has been treated as a 'zero rated supply' i.e. the goods or services exported shall be exempted or refunded of GST levied upon them. Thus, in case of export of goods or services the Company has an option to either pay GST on the supply or claim refund of the same or it can export goods or services without payment of GST and claim refund of the GST paid on inputs and input services used in such export. Going forward, with effect from a date to be notified, the refund of tax paid on export of goods/services would be available only to notified taxpayers. However, refund of tax paid on inputs and input services used in export would continue to be available as before.

Advance authorization

Advance Authorization is a scheme under FTP that allows duty free import of inputs, which are physically incorporated in an export product. In addition to any inputs, packaging material, fuel, oil, catalyst which is consumed or utilized in the process of production of export product, is also allowed to be imported duty free,

The quantity of inputs allowed for a given product is based on specific norms defined for that export product. The Directorate General of Foreign Trade (DGFT) provides a sector-wise list of Standard Input-Output Norms (SION) under which the exporters may choose to apply. Alternatively, exporters may apply for their own ad-hoc norms in cases where the SION does not suit the exporter.

The inputs imported are exempt from duties like Basic Customs Duty, Additional Customs Duty, Education Cess, Anti-dumping duty, Safeguard Duty and Transition Product-Specific Safeguard duty, Integrated tax, and Compensation Cess, wherever applicable, subject to certain conditions.

Advance Authorization covers manufacturer exporters or merchant exporters tied to supporting manufacturer(s)

Exports Promotion Capital Goods (EPCG) Scheme

The objective of the Export Promotion Capital Goods (EPCG) Scheme is to facilitate import of capital goods for producing quality goods and services and enhance manufacturing competitiveness. EPCG Scheme allows import of capital goods that are used in pre-production, production and post-production without the payment of customs duty.

The benefit under the scheme is subject to an export value equivalent to 6 times of duty saved on the importation of such capital goods within 6 years from the date of issuance of the authorization.

EPCG scheme covers manufacturer exporters with or without supporting manufacturer(s), merchant exporters tied to supporting manufacturer(s) and service providers.

Merchandise Export from India Scheme (MEIS) and Remission of Duties and Taxes on Exported Products (RoDTEP)

Under the MEIS Scheme, certain rewards and incentives are given to exporters. Such incentives are given to exporters at a specified rate which varies from product to product and from country to country. The incentives are given at a specified rate on the Free on Board value. The percentage of rewards varies from product to product and are in the range of 2% to 5% for most items. The incentives awarded to exporters under this scheme are issued in the form of Duty Credit Scrip's. These Duty Credit Scrip's are freely transferable and can be used for the payment of Customs Duty.

The MEIS incentives are applicable from 1 April 2015 to 31 December 2020.

The end of MEIS (2015-20) gave birth to the RoDTEP scheme which came into effect on 01 January 2021. RoDTEP entitles exporters to a certain percentage of an export price as a scrip which however gets limited to the embedded taxes. The benefits under the scheme range between 0.5% to 4.3% of the FOB value of exported products, subject to a cap at a certain sum per unit of the export commodity. As of now, the Company product is not yet covered in RoDTEP.

II Special tax benefits available to the Shareholders of the Company

- i. The shareholders of the Company are not required to discharge any (1ST on transaction in securities of the Company. Securities are excluded from the definition of Goods as defined u/s 2(52) of the Central Goods and Services Tax Act, 2017 as well from the definition of Services as defined u/s 2(102) of the Central Goods and Services Tax Act, 2017,
- ii. Apart from above, the shareholders of the Company are not eligible to special tax benefits under the provisions of the Customs Tariff Act, 1975 and / or Central Goods and Services Tax Act, 2017, Integrated Goods and Services Tax Act, 2017, respective Union Territory Goods and Services Tax Act, 2017 respective State Goods and Services Tax Act, 2017, the Goods and Services Tax (Compensation to States) Act, 2017 including the relevant rules, notifications and circulars issued there under.

GLOBAL ECONOMIC OUTLOOK

Moderating Inflation and Steady Growth Open Path to Soft Landing

- Global growth is projected at 3.1 percent in 2024 and 3.2 percent in 2025, with the 2024 forecast 0.2 percentage point higher than that in the October 2023 World Economic Outlook (WEO) on account of greater-than-expected resilience in the United States and several large emerging market and developing economies, as well as fiscal support in China. The forecast for 2024–25 is, however, below the historical (2000–19) average of 3.8 percent, with elevated central bank policy rates to fight inflation, a withdrawal of fiscal support amid high debt weighing on economic activity, and low underlying productivity growth. Inflation is falling faster than expected in most regions, in the midst of unwinding supply-side issues and restrictive monetary policy. Global headline inflation is expected to fall to 5.8 percent in 2024 and to 4.4 percent in 2025, with the 2025 forecast revised down.
- With disinflation and steady growth, the likelihood of a hard landing has receded, and risks to global growth are broadly balanced. On the upside, faster disinflation could lead to further easing of financial conditions. Looser fiscal policy than necessary and than assumed in the projections could imply temporarily higher growth, but at the risk of a more costly adjustment later on. Stronger structural reform momentum could bolster productivity with positive cross-border spillovers. On the downside, new commodity price spikes from geopolitical shocks—including continued attacks in the Red Sea—and supply disruptions or more persistent underlying inflation could prolong tight monetary conditions. Deepening property sector woes in China or, elsewhere, a disruptive turn to tax hikes and spending cuts could also cause growth disappointments.
- Policymakers' near-term challenge is to successfully manage the final descent of inflation to target, calibrating monetary policy in response to underlying inflation dynamics and—where wage and price pressures are clearly dissipating—adjusting to a less restrictive stance. At the same time, in many cases, with inflation declining and economies better able to absorb effects of fiscal tightening, a renewed focus on fiscal consolidation to rebuild budgetary capacity to deal with future shocks, raise revenue for new spending priorities, and curb the rise of public debt is needed. Targeted and carefully sequenced structural reforms would reinforce productivity growth and debt sustainability and accelerate convergence toward higher income levels. More efficient multilateral coordination is needed for, among other things, debt resolution, to avoid debt distress and create space for necessary investments, as well as to mitigate the effects of climate change.

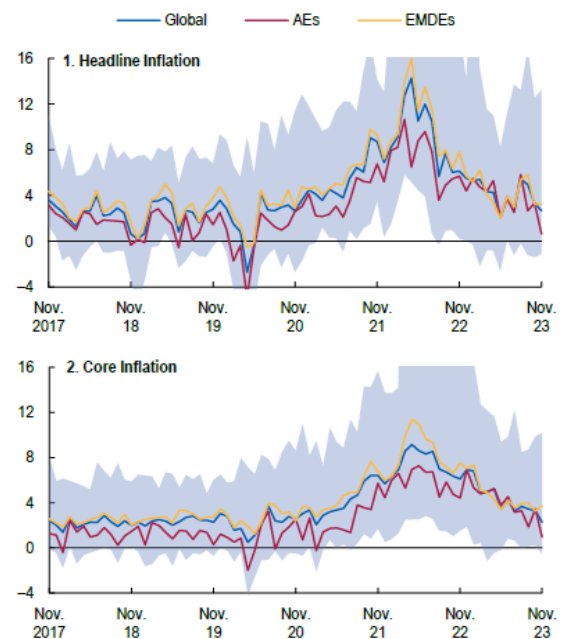

Forces Shaping the Outlook

The global economic recovery from the COVID-19 pandemic, Russia’s invasion of Ukraine, and the cost-of-living crisis is proving surprisingly resilient. Inflation is falling faster than expected from its 2022 peak, with a smaller-than-expected toll on employment and activity, reflecting favorable supply-side developments and tightening by central banks, which has kept inflation expectations anchored. At the same time, high interest rates aimed at fighting inflation and a withdrawal of fiscal support amid high debt are expected to weigh on growth in 2024.

Growth resilient in major economies. Economic growth is estimated to have been stronger than expected in the second half of 2023 in the United States, and several major emerging market and developing economies. In several cases, government and private spending contributed to the upswing, with real disposable income gains supporting consumption amid still-tight—though easing—labor markets and households drawing down on their accumulated pandemic-era savings. A supply-side expansion also took hold, with a broad-based increase in labor force participation, resolution of pandemic-era supply chain problems, and declining delivery times. The rising momentum was not felt everywhere, with notably subdued growth in the euro area, reflecting weak consumer sentiment, the lingering effects of high energy prices, and weakness in interest-rate-sensitive manufacturing and business investment. Low-income economies continue to experience large output losses compared with their prepandemic (2017–19) paths amid elevated borrowing costs.

Inflation subsiding faster than expected. Amid favorable global supply developments, inflation has been falling faster than expected, with recent monthly readings near the prepandemic average for both headline and underlying (core) inflation (Figure 1). Global headline inflation in the fourth quarter of 2023 is estimated to have been about 0.3 percentage point lower than predicted in the October 2023 WEO on a quarter-over-quarter seasonally adjusted basis. Diminished inflation reflects the fading of relative price shocks—notably those to energy prices—and their associated pass-through to core inflation. The decline also reflects an easing in labor market tightness, with a decline in job vacancies, a modest rise in unemployment, and greater labor supply, in some cases associated with a strong inflow of immigrants. Wage growth has generally remained contained, with wage-price spirals—in which prices and wages accelerate together—not taking hold. Near-term inflation expectations have fallen in major economies, with long-term expectations remaining anchored.

Figure 1. Global Inflation: Rise and Fall
(Month-over-month annualized percent change, seasonally adjusted)

High borrowing costs cooling demand. To reduce inflation, major central banks raised policy interest rates to restrictive levels in 2023, resulting in high mortgage costs, challenges for firms refinancing their debt, tighter credit availability, and weaker business and residential investment. Commercial real estate has been especially under pressure, with higher borrowing costs compounding postpandemic structural changes. But with inflation easing, market expectations that future policy rates will decline have contributed to a reduction in longer-term interest rates and rising equity markets. Still, long-term borrowing costs remain high in both advanced and emerging market and developing economies, partly because government debt has been rising. In addition, central banks’ policy rate decisions are becoming increasingly asynchronous. In some countries with falling

inflation—including Brazil and Chile, where central banks tightened policy earlier than in other countries—interest rates have been declining since the second half of 2023. In China, where inflation has been near zero, the central bank has eased monetary policy. The Bank of Japan has kept short-term interest rates near zero.

Fiscal policy amplifying economic divergences. Governments in advanced economies eased fiscal policy in 2023. The United States, where GDP had already exceeded its prepandemic path, eased policy more than did euro area and other economies in which the recovery was incomplete. In emerging market and developing economies, in which output has on average fallen even further below the prepandemic trend, on average the fiscal stance is estimated to have been neutral. The exceptions include Brazil and Russia, where fiscal policy eased in 2023. In low-income countries, liquidity squeezes and the elevated cost of interest payments—averaging 13 percent of general government revenues, about double the level 15 years ago—crowded out necessary investments, hampering the recovery of large output losses compared with pre pandemic trends. In 2024, the fiscal policy stance is expected to tighten in several advanced and emerging market and developing economies to rebuild budgetary room for maneuver and curb the rising path of debt, and this shift is expected to slow growth in the near term.

The Forecast

Growth Outlook: Resilient but Slow

Global growth, estimated at 3.1 percent in 2023, is projected to remain at 3.1 percent in 2024 before rising modestly to 3.2 percent in 2025 (Table 1). Compared with that in the October 2023 WEO, the forecast for 2024 is about 0.2 percentage point higher, reflecting upgrades for China, the United States, and large emerging market and developing economies. Nevertheless, the projection for global growth in 2024 and 2025 is below the historical (2000–19) annual average of 3.8 percent, reflecting restrictive monetary policies and withdrawal of fiscal support, as well as low underlying productivity growth. Advanced economies are expected to see growth decline slightly in 2024 before rising in 2025, with a recovery in the euro area from low growth in 2023 and a moderation of growth in the United States. Emerging market and developing economies are expected to experience stable growth through 2024 and 2025, with regional differences.

World trade growth is projected at 3.3 percent in 2024 and 3.6 percent in 2025, below its historical average growth rate of 4.9 percent. Rising trade distortions and geoeconomic fragmentation are expected to continue to weigh on the level of global trade. Countries imposed about 3,200 new restrictions on trade in 2022 and about 3,000 in 2023, up from about 1,100 in 2019, according to Global Trade Alert data.

These forecasts are based on assumptions that fuel and nonfuel commodity prices will decline in 2024 and 2025 and that interest rates will decline in major economies. Annual average oil prices are projected to fall by about 2.3 percent in 2024, whereas nonfuel commodity prices are expected to fall by 0.9 percent. Projections are for policy rates to remain at current levels for the Federal Reserve, the European Central Bank, and the Bank of England until the second half of 2024, before gradually declining as inflation moves closer to targets. The Bank of Japan is projected to maintain an overall accommodative stance.

For *advanced economies*, growth is projected to decline slightly from 1.6 percent in 2023 to 1.5 percent in 2024 before rising to 1.8 percent in 2025. An upward revision of 0.1 percentage point for 2024 reflects stronger-than-expected US growth, partly offset by weaker-than-expected growth in the euro area.

- In the *United States*, growth is projected to fall from 2.5 percent in 2023 to 2.1 percent in 2024 and 1.7 percent in 2025, with the lagged effects of monetary policy tightening, gradual fiscal tightening, and a

softening in labor markets slowing aggregate demand. For 2024, an upward revision of 0.6 percentage point since the October 2023 WEO largely reflects statistical carryover effects from the stronger-than-expected growth outcome for 2023.

- Growth in the *euro area* is projected to recover from its low rate of an estimated 0.5 percent in 2023, which reflected relatively high exposure to the war in Ukraine, to 0.9 percent in 2024 and 1.7 percent in 2025. Stronger household consumption as the effects of the shock to energy prices subside and inflation falls, supporting real income growth, is expected to drive the recovery. Compared with the October 2023 WEO forecast, however, growth is revised downward by 0.3 percentage point for 2024, largely on account of carryover from the weaker-than-expected outcome for 2023.
- Among other advanced economies, growth in the *United Kingdom* is projected to rise modestly, from an estimated 0.5 percent in 2023 to 0.6 percent in 2024, as the lagged negative effects of high energy prices wane, then to 1.6 percent in 2025, as disinflation allows an easing in financial conditions and permits real incomes to recover. The markdown to growth in 2025 of 0.4 percentage point reflects reduced scope for growth to catch up in light of recent upward statistical revisions to the level of output through the pandemic period. Output in *Japan* is projected to remain above potential as growth decelerates from an estimated 1.9 percent in 2023 to 0.9 percent in 2024 and 0.8 percent in 2025, reflecting the fading of one-off factors that supported activity in 2023, including a depreciated yen, pent-up demand, and a recovery in business investment following earlier delays in implementing projects.

In *emerging market and developing economies*, growth is expected to remain at 4.1 percent in 2024 and to rise to 4.2 percent in 2025. An upward revision of 0.1 percentage point for 2024 since October 2023 reflects upgrades for several regions.

- Growth in *emerging and developing Asia* is expected to decline from an estimated 5.4 percent in 2023 to 5.2 percent in 2024 and 4.8 percent in 2025, with an upgrade of 0.4 percentage point for 2024 over the October 2023 projections, attributable to China's economy. Growth in *China* is projected at 4.6 percent in 2024 and 4.1 percent in 2025, with an upward revision of 0.4 percentage point for 2024 since the October 2023 WEO. The upgrade reflects carryover from stronger-than-expected growth in 2023 and increased government spending on capacity building against natural disasters. Growth in *India* is projected to remain strong at 6.5 percent in both 2024 and 2025, with an upgrade from October of 0.2 percentage point for both years, reflecting resilience in domestic demand.
- Growth in *emerging and developing Europe* is projected to pick up from an estimated 2.7 percent in 2023 to 2.8 percent in 2024, before declining to 2.5 percent in 2025. The forecast upgrade for 2024 of 0.6 percentage point over October 2023 projections is attributable to Russia's economy. Growth in *Russia* is projected at 2.6 percent in 2024 and 1.1 percent in 2025, with an upward revision of 1.5 percentage points over the October 2023 figure for 2024, reflecting carryover from stronger-than-expected growth in 2023 on account of high military spending and private consumption, supported by wage growth in a tight labor market.
- In *Latin America and the Caribbean*, growth is projected to decline from an estimated 2.5 percent in 2023 to 1.9 percent in 2024 before rising to 2.5 percent in 2025, with a downward revision for 2024 of 0.4 percentage point compared with the October 2023 WEO projection. The forecast revision for 2024 reflects negative growth in Argentina in the context of a significant policy adjustment to restore macroeconomic stability. Among other major economies in the region, there are upgrades of 0.2 percentage point for *Brazil* and 0.6 percentage point for *Mexico*, largely due to carryover effects from stronger-than-expected domestic demand and higher-than-expected growth in large trading-partner economies in 2023.
- Growth in the *Middle East and Central Asia* is projected to rise from an estimated 2.0 percent in 2023 to 2.9 percent in 2024 and 4.2 percent in 2025, with a downward revision of 0.5 percentage point for 2024 and an upward revision of 0.3 percentage point for 2025 from the October 2023 projections. The revisions are mainly attributable to *Saudi Arabia* and reflect temporarily lower oil production in 2024, including from

unilateral cuts and cuts in line with an agreement through OPEC+ (the Organization of the Petroleum Exporting Countries, including Russia and other non-OPEC oil exporters), whereas non-oil growth is expected to remain robust.

- In *sub-Saharan Africa*, growth is projected to rise from an estimated 3.3 percent in 2023 to 3.8 percent in 2024 and 4.1 percent in 2025, as the negative effects of earlier weather shocks subside and supply issues gradually improve. The downward revision for 2024 of 0.2 percentage point from October 2023 mainly reflects a weaker projection for *South Africa* on account of increasing logistical constraints, including those in the transportation sector, on economic activity.

Inflation Outlook: Steady Decline to Target

Global headline inflation is expected to fall from an estimated 6.8 percent in 2023 (annual average) to 5.8 percent in 2024 and 4.4 percent in 2025. The global forecast is unrevised for 2024 compared with October 2023 projections and revised down by 0.2 percentage point for 2025. Advanced economies are expected to see faster disinflation, with inflation falling by 2.0 percentage points in 2024 to 2.6 percent, than are emerging market and developing economies, where inflation is projected to decline by just 0.3 percentage point to 8.1 percent. The forecast is revised down for both 2024 and 2025 for advanced economies, while it is revised up for 2024 for emerging market and developing economies, mainly on account of Argentina where the realignment of relative prices and elimination of legacy price controls, past currency depreciation, and the related pass-through into prices is expected to increase inflation in the near term. The drivers of declining inflation differ by country but generally reflect lower core inflation as a result of still-tight monetary policies, a related softening in labor markets, and pass-through effects from earlier and ongoing declines in relative energy prices.

Overall, about 80 percent of the world's economies are expected to see lower annual average headline and core inflation in 2024. Among economies with an inflation target, headline inflation is projected to be 0.6 percentage point above target for the median economy by the fourth quarter of 2024, down from an estimated gap of 1.7 percentage points at the end of 2023. Most of these economies are expected to reach their targets (or target range midpoints) by 2025. In several major economies, the downward revision to the projected path of inflation, combined with a modest upgrade to economic activity, implies a softer-than-expected landing.

Risks to the Outlook

With the likelihood of a hard landing receding as adverse supply shocks unwind, risks to the global outlook are broadly balanced. There is scope for further upside surprises to global growth, although other potential factors pull the distribution of risks in the opposite direction.

Upside risks. Stronger global growth than expected could arise from several sources:

- *Faster disinflation:* In the near term, the risk that inflation will fall faster than expected could again become a reality, with stronger-than-expected pass-through from lower fuel prices, further downward shifts in the ratio of vacancies to unemployed persons, and a compression of profit margins to absorb past cost increases. Combined with a decline in inflation expectations, such developments could allow central banks to move forward with their policy-easing plans and could also contribute to improving business, consumer, and financial market sentiment, as well as raising growth.
- *Slower-than-assumed withdrawal of fiscal support:* Governments in major economies might withdraw fiscal policy support more slowly than necessary and than assumed during 2024–25, implying higher-than-projected global growth in the near term. However, such delays could in some cases exacerbate inflation and, with elevated public debt, result in higher borrowing costs and a more disruptive policy adjustment, with a negative impact on global growth later on.
- *Faster economic recovery in China:* Additional property sector–related reforms—including faster restructuring of insolvent property developers while protecting home buyers’ interests—or larger-than-expected fiscal support could boost consumer confidence, bolster private demand, and generate positive cross-border growth spillovers.
- *Artificial intelligence and supply-side reforms:* Over the medium term, artificial intelligence could boost workers’ productivity and incomes, although this would depend on countries’ harnessing the potential of artificial intelligence. Advanced economies may experience benefits from artificial intelligence sooner than emerging market and developing economies, largely because their employment structures are more focused on cognitive-intensive roles. For emerging market and developing economies with constrained policy environments, faster progress on implementing supply-enhancing reforms could result in greater-than-expected domestic and foreign investment and productivity and faster convergence to higher income levels.

Downside risks. Several adverse risks to global growth remain plausible:

- *Commodity price spikes amid geopolitical and weather shocks:* The conflict in Gaza and Israel could escalate further into the wider region, which produces about 35 percent of the world’s oil exports and 14 percent of its gas exports. Continued attacks in the Red Sea—through which 11 percent of global trade flows—and the ongoing war in Ukraine risk generating fresh adverse supply shocks to the global recovery, with spikes in food, energy, and transportation costs. Container shipping costs have already sharply increased, and the situation in the Middle East remains volatile. Further geoeconomic fragmentation could also constrain the cross-border flow of commodities, causing additional price volatility. More extreme weather shocks, including floods and drought, could, together with the El Niño phenomenon, also cause food price spikes, exacerbate food insecurity, and jeopardize the global disinflation process.
- *Persistence of core inflation, requiring a tighter monetary policy stance:* A slower-than-expected decline in core inflation in major economies due, for example, to persistent labor market tightness and renewed tensions in supply chains could trigger a rise in interest rate expectations and a fall in asset prices, as in early 2023. Such developments could increase financial stability risks, tighten global financial conditions, trigger flight-to-safety capital flows, and strengthen the US dollar, with adverse consequences for trade and growth.
- *Faltering of growth in China:* Absent a comprehensive restructuring policy package for the troubled property sector, real estate investment could drop more than expected, and for longer, with negative implications for domestic growth and trading partners. Unintended fiscal tightening in response to local government financing constraints is also possible, as is reduced household consumption in a context of subdued confidence.

- *Disruptive turn to fiscal consolidation:* Fiscal consolidation is necessary in many economies to deal with rising debt ratios. But an excessively sharp shift to tax hikes and spending cuts, beyond what is envisaged, could result in slower-than-expected growth in the near term. Adverse market reactions could pressure some countries that lack a credible medium-term consolidation plan or face a risk of debt distress to undertake harsh adjustments. In low-income countries and emerging market economies, the risk of debt distress remains elevated, constraining scope for necessary growth-enhancing investments.

Policy Priorities

As inflation declines toward target levels across regions, the near-term priority for central banks is to deliver a smooth landing, neither lowering rates prematurely nor delaying such lowering too much. With inflation drivers and dynamics differing across economies, policy needs for ensuring price stability are increasingly differentiated. At the same time, in many cases, amid rising debt and limited budgetary room to maneuver, and with inflation declining and economies better able to absorb effects of fiscal tightening, a renewed focus on fiscal consolidation is needed. Intensifying supply-enhancing reforms would facilitate both inflation and debt reduction and enable a durable rise in living standards.

Managing the final descent of inflation. The faster-than-expected fall in inflation is allowing an increasing number of central banks to move from raising policy rates to adjusting to a less restrictive stance. In this context, ensuring that wage and price pressures are clearly dissipating and avoiding the appearance of prematurely “declaring victory” will guard against later having to backpedal in the event of upside surprises to inflation. At the same time, where measures of underlying inflation and expectations are clearly moving toward target-consistent levels, adjusting rates to more neutral levels—while signaling continued commitment to price stability—may be necessary (considering long transmission lags) to avoid protracted economic weakness and target undershoots. In some emerging market economies, in which the monetary tightening cycle paved the way for earlier rate reductions, continuing to calibrate the pace of monetary adjustments based on a broad array of wage and price pressure gauges is appropriate. With borrowing costs still high, careful monitoring of financing conditions and readiness to deploy financial stability tools will remain vital for avoiding financial sector strains.

Rebuilding buffers to prepare for future shocks and achieving debt sustainability. With fiscal deficits above prepandemic levels and higher debt-service costs, fiscal consolidation based on credible medium-term plans, with the pace of adjustment depending upon country-specific circumstances, is warranted to restore room for budgetary maneuver. Increasing fiscal balances over a sustained period, while protecting priority investments and support to the vulnerable, is needed in many cases. Well-calibrated plans can support fiscal policy credibility, allow the pace of consolidation to be adjusted as a function of the strength of private demand, and avert disruptive front-loaded adjustments. Mobilizing domestic revenue, addressing spending rigidities, and reinforcing institutional fiscal frameworks are likely to support adjustment efforts, both in economies with sizable spending needs and in others as well. For countries in or at high risk of debt distress, orderly debt restructuring may also be necessary. Faster and more efficient coordination on debt resolution, through the Group of Twenty Common Framework and the Global Sovereign Debt Roundtable, would help mitigate the risk of debt distress spreading.

Enabling durable medium-term growth. Targeted and carefully sequenced structural reforms can reinforce productivity growth and reverse declining medium-term growth prospects despite constrained policy space. Bundling reforms that alleviate the most binding constraints to economic activity can front-load the resulting output gains, even in the short term, and secure public buy-in. Industrial policies can be pursued where clearly identifiable externalities or important market failures are well established and other more effective policy

options are unavailable, but the policies need to be consistent with World Trade Organization (WTO) rules. Such policies are more likely to be successful if complemented with appropriate economy-wide reforms and good governance frameworks. Carbon pricing, subsidies for green investments, reducing energy subsidies, and carbon border-adjustment mechanisms can speed the green transition but must be designed to support consistency with WTO rules. Investments in climate adaptation activities and infrastructure are also needed to support resilience.

Strengthening resilience through multilateral cooperation. Intensified cooperation in areas of common interest is vital for mitigating the costs of the separation of the world economy into blocs. In addition to coordination on debt resolution, cooperation is required to mitigate the effects of climate change and facilitate the green energy transition, building on recent agreements at the 2023 Conference of the Parties to the UN Framework Convention on Climate Change (COP28). Safeguarding the transportation of critical minerals, restoring the WTO's ability to settle trade disputes, and ensuring the responsible use of potentially disruptive new technologies such as artificial intelligence by, among other things, upgrading domestic regulatory frameworks and harmonizing global principles are further priorities. The IMF Board of Governors' conclusion of the 16th Review of Quotas is a welcome step that needs now to be followed by members' providing their consent to their respective quota increases.

Since the October 2023 Global Financial Stability Report, inflationary pressures have continued to recede, fueling expectations that monetary policy in advanced economies will ease in the coming quarters. The resulting momentous decline in interest rate expectations in December has driven a broad-based rally in risky assets. Global financial conditions have loosened, on net, since October, with that loosening driven by higher equity valuations, lower volatility, and already compressed corporate bond spreads (Figure 1.1).

Figure 1.1. Financial Conditions Index
 (Standard deviations from the mean)

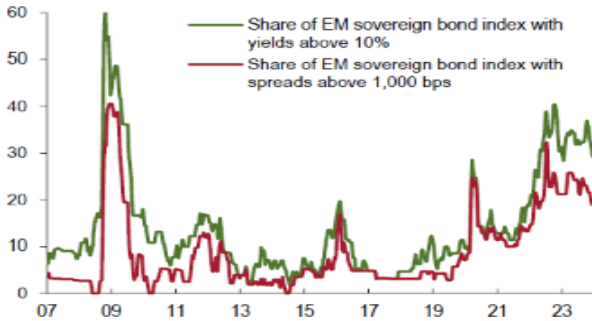

Global bond yields have fallen significantly on net since October, especially at longer maturities. Real rates have driven declines throughout the curve, reflecting the market's reassessment of the future interest rate environment. For example, in the United States, after rising to levels last seen before the global financial crisis, 10-year real rates have reversed their trend to below 2 percent. Yields have increased since the beginning of 2024 as investors pare back expectations on the magnitude and pace of monetary policy easing by major central banks.

Investor optimism about the macro outlook stands in contrast to the deterioration of credit quality among borrowers. Bank credit growth has fallen as the higher interest rates during 2023 have weighed on demand for loans while banks continue to exhibit lower risk tolerance. In the meantime, defaults continue to mount for some segments of borrowers. Central banks' balance sheet reduction so far has been orderly. However, there are signs that lower liquidity in the financial system is starting to weigh on market functioning, particularly in certain short-term funding markets, with US repo funding rates having episodically spiked over the past few months.

Exposure of the banking system to commercial real estate is still a concern as tepid demand in some economies and higher borrowing costs increase risks of default among commercial real estate borrowers. The recent insolvency of a giant European property company serves as a reminder of the fragilities the real estate sector faces in the current environment of volatile interest rates and falling real estate prices. US banks also contend with still-sizable unrealized losses on available-for-sale and held to-maturity securities.

Despite the end-of-year rebound in equity markets, price-to-book ratios for US regional banks have not yet fully recovered from the March 2023 turmoil.

Figure 1.2. Share of EM Sovereigns with High Yields and Wide Spreads
 (Percent)

Amid significant interest rate volatility, the correlation between emerging market assets and US Treasury yields has increased. Higher yields in advanced economies have led to outflows in emerging market assets, although this has reversed since November for local currency assets. Nevertheless, financial conditions in this higher-rate environment may continue to challenge economies in some regions, especially those of weaker emerging markets and countries with rapidly narrowing differentials against interest rates in the United States (Figure 1.2).

INDIAN ECONOMY OUTLOOK

INTRODUCTION

Strong economic growth in the first quarter of FY23 helped India overcome the UK to become the fifth-largest economy after it recovered from the COVID-19 pandemic shock. India's gross domestic product (GDP) at current prices in the second quarter (Q2) of 2023-24 is estimated to be Rs. 71.66 trillion (US\$ 861.2 billion), as against Rs. 65.67 trillion (US\$ 789.2 billion) in Q2 of 2022-23, showing a growth rate of 9.1%. Strong domestic demand for consumption and investment, along with the Government's continued emphasis on capital expenditure are seen as among the key driver of the GDP in the first half of FY24. In 2023-24 (April-December), India's service exports stood at US\$ 247.92 billion. Furthermore, India's overall exports (services and merchandise) in 2023-24 (April-December) were estimated at US\$ 565.04 billion. Rising employment and substantially increasing private consumption, supported by rising consumer sentiment, will support GDP growth in the coming months.

Future capital spending of the government in the economy is expected to be supported by factors such as tax buoyancy, the streamlined tax system with low rates, a thorough assessment and rationalisation of the tariff structure, and the digitization of tax filing. In the medium run, increased capital spending on infrastructure and asset-building projects is set to increase growth multipliers. The contact-based services sector has largely demonstrated promise to boost growth by unleashing the pent-up demand. The sector's success is being captured by a number of HFIs (High-Frequency Indicators) that are performing well, indicating the beginnings of a comeback.

India has emerged as the fastest-growing major economy in the world and is expected to be one of the top three economic powers in the world over the next 10-15 years, backed by its robust democracy and strong partnerships.

India's appeal as a destination for investments has grown stronger and more sustainable as a result of the current period of global unpredictability and volatility, and the record amounts of money raised by India-focused funds in 2022 are evidence of investor faith in the "Invest in India" narrative.

MARKET SIZE

India's nominal gross domestic product (GDP) at current prices is estimated to be at Rs. 296.58 trillion (US\$ 3.56 trillion) in 2023-24. Additionally, the Nominal GDP at current prices in Q2 of 2023-24 was Rs. 71.66 trillion (US\$ 861.2 billion), as against Rs. 65.67 trillion (US\$ 789.2 billion) in 2022-23, estimating a growth of 9.1%. As of 03rd October 2023, India is home to 111 unicorns with a total valuation of US\$ 349.67 Billion. Out of the total number of unicorns, 45 unicorns with a total valuation of US\$ 102.30 Billion were born in 2021 and 22 unicorns with a total valuation of \$ 29.20 Billion were born in 2022. India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030. India is committed to achieving the country's ambition of Net Zero Emissions by 2070 through a five-pronged strategy, 'Panchamrit'. Moreover, India ranked 3rd in the renewable energy country attractive index.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. The current account deficit stood at US\$ 8.3 billion, or 1% of GDP, in the second quarter of fiscal 2023-24 as compared to US\$ 9.2 billion or 1.1% of GDP in the preceding quarter.

Exports fared remarkably well during the pandemic and aided recovery when all other growth engines were losing steam in terms of their contribution to GDP. Going forward, the contribution of merchandise exports may waver as several of India's trade partners witness an economic slowdown. According to Minister of Commerce and Industry, Consumer Affairs, Food and Public Distribution and Textiles Mr. Piyush Goyal, Indian exports are expected to reach US\$ 1 trillion by 2030.

RECENT DEVELOPMENTS

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritise lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- As of January 19, 2024, India's foreign exchange reserves stood at US\$ 616.14 billion.
- In 2023, India saw a total of US\$ 49.8 billion in PE-VC investments.
- Merchandise exports in December 2023 stood at US\$ 38.45 billion, with total merchandise exports of US\$ 505.15 billion during the period of April-December (2023-24).
- India was also named as the 48th most innovative country among the top 50 countries, securing 40th position out of 132 economies in the Global Innovation Index 2023. India rose from 81st position in 2015 to 40th position in 2023. India ranks 3rd position in the global number of scientific publications.
- At the beginning of January 2024, the PMI Services comfortably remained in the expansionary zone, registering a value of 61.2.
- In December 2023, the gross Goods and Services Tax (GST) revenue collection stood at Rs. 1,64,882 crore (US\$ 19.80 billion), of which CGST is Rs. 30,443 crore (US\$ 3.65 billion), SGST is Rs. 37,935 crore (US\$ 4.55 billion).
- Between April 2000–September 2023, cumulative FDI equity inflows to India stood at US\$ 953.14 billion.
- In November 2023, the overall IIP (Index of Industrial Production) stood at 141. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 131.1, 139.2 and 176.3, respectively, in November 2023.
- According to data released by the Ministry of Statistics & Programme Implementation (MoSPI), India's Consumer Price Index (CPI) based retail inflation reached 5.55% in November 2023.
- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested Rs. 261,856 crore (US\$ 31.5 billion) in India during April-December (2023-24).
- The wheat procurement during RMS 2023-24 (till May) was estimated to be 262 lakh metric tonnes (LMT) and the rice procured in KMS 2023-24 was 385 LMT. The combined stock position of wheat and rice in the Central Pool is over 579 LMT (Wheat 312 LMT and Rice 267 LMT).

GOVERNMENT INITIATIVES

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number

of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission, and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- On September 17th, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale, and reach of their products, as well as to integrate them with MSME value chains.
- On August 6th, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.

- On October 7th, 2022, the Department for Promotion of Industry and Internal Trade (DPIIT) launched Credit Guarantee Scheme for Start-ups (CGSS) aiming to provide credit guarantees up to a specified limit by start-ups, facilitated by Scheduled Commercial Banks, Non-Banking Financial Companies and Securities and Exchange Board of India (SEBI) registered Alternative Investment Funds (AIFs).
- Telecom Technology Development Fund (TTDF) Scheme was launched in October 2022 by the Universal Service Obligation Fund (USOF), a body under the Department of Telecommunications. The objective is to fund R&D in rural-specific communication technology applications and form synergies among academia, start-ups, research institutes, and the industry to build and develop the telecom ecosystem.
- In July 2022, the Reserve Bank of India (RBI) approved international trade settlements in Indian rupees (Rs.) in order to promote the growth of global trade with emphasis on exports from India and to support the increasing interest of the global trading community.
- The Agnipath Scheme aims to develop a young and skilled armed force backed by an advanced warfare technology scheme by providing youth with an opportunity to serve Indian Army for a 4-year period.
- Mr. Rajnath Singh, Minister of Defence, launched 75 newly developed Artificial Intelligence (AI) products/technologies during the first-ever 'AI in Defence' (AIDef) symposium and exhibition organized by the Ministry of Defence in New Delhi on July 11th, 2022.
- In June 2022, Prime Minister Mr. Narendra Modi laid the foundation stone of 1,406 projects worth more than Rs. 80,000 crore (US\$ 10.01 billion) at the ground-breaking ceremony of the UP Investors Summit in Lucknow. The Projects encompass diverse sectors like Agriculture and Allied industries, IT and Electronics, MSME, Manufacturing, Renewable Energy, Pharma, Tourism, Defence & Aerospace, and Handloom & Textiles.
- As of April 2022, India signed 13 Free Trade Agreements (FTAs) with its trading partners including major trade agreements like the India-UAE Comprehensive Partnership Agreement (CEPA) and the India-Australia Economic Cooperation and Trade Agreement (IndAus ECTA).
- 'Mission Shakti' was applicable with effect from April 1st, 2022, aimed at strengthening interventions for women's safety, security, and empowerment.

- The Union Budget of 2022-23 had four priorities PM GatiShakti, Inclusive Development, Productivity Enhancement and Investment, and Financing of Investments. In the Union Budget 2022-23, effective capital expenditure is expected to increase by 27% at Rs. 10.68 trillion (US\$ 142.93 billion) to boost the economy. This will be 4.1% of the total Gross Domestic Production (GDP).
- Strengthening of Pharmaceutical Industry (SPI) was launched in March 2022 by the Ministry of Chemicals & Fertilisers to provide credit linked capital and interest subsidy for Technology Upgradation of MSME units in pharmaceutical sector, as well as support of up to Rs. 20 crore (US\$ 2.4 million) each for common facilities including Research centre, testing labs and ETPs (Effluent Treatment Plant) in Pharma Clusters, to enhance the role of MSMEs.
- In February 2022, Minister for Finance and Corporate Affairs Ms. Nirmala Sitharaman said that productivity linked incentive (PLI) schemes would be extended to 14 sectors to achieve the mission of AtmaNirbhar Bharat and create 60 lakh jobs with an additional production capacity of Rs. 30 trillion (US\$ 401.49 billion) in the next five years.
- Minister for Finance & Corporate Affairs Ms. Nirmala Sitharaman announced in the Union Budget of 2022-23 that the Reserve Bank of India (RBI) would issue Digital Rupee using blockchain and other technologies.
- In November 2020, the Government of India announced Rs. 2.65 trillion (US\$ 36 billion) stimulus package to generate job opportunities and provide liquidity support to various sectors such as tourism, aviation, construction, and housing. Also, India's cabinet approved the production-linked incentives (PLI) scheme to provide ~Rs. 2 trillion (US\$ 27 billion) over five years to create jobs and boost production in the country.
- Numerous foreign companies are setting up their facilities in India on account of various Government initiatives like Make in India and Digital India. Prime Minister of India Mr. Narendra Modi launched the Make in India initiative with an aim to boost the country's manufacturing sector and increase the purchasing power of the average Indian consumer, which would further drive demand and spur development, thus benefiting investors. The Government of India, under its Make in India initiative, is trying to boost the contribution made by the manufacturing sector with an aim to take it to 25% of the GDP. Besides, the government has also come up with the Digital India initiative, which focuses on three core components: the creation of digital infrastructure, delivering services digitally, and increasing digital literacy.
- In August 2021, Prime Minister Mr. Narendra Modi launched a digital payment solution, e-RUPI, a contactless and cashless instrument for digital payments.
- The Government of India is expected to increase public health spending to 2.5% of the GDP by 2025.

ROAD AHEAD

In the second quarter of FY24, the growth momentum of the first quarter was sustained, and high-frequency indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's generally positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of the current financial year highlighted the unwavering support the government gave to its capital expenditure, which, in 2023-24, stood 37.4% higher than the same period last year. In the budget of 2023-24, capital expenditure took lead by steeply increasing the capital expenditure outlay by 37.4 % in BE 2023-24 to Rs.10 lakh crore (US\$ 120.12 billion) over Rs. 7.28 lakh crore (US\$ 87.45 billion) in RE 2022-23. The ratio of revenue expenditure to capital outlay increased by 1.2% in the current year, signalling a clear change in favour of higher-quality spending. Stronger revenue generation because of improved tax compliance, increased profitability of the company, and increasing economic activity also contributed to rising capital spending levels. Further, In the interim budget for FY24, Government increased FY25 Capex outlay to record Rs.11.11 lakh crore (US\$ 133.5 billion).

Since India's resilient growth despite the global pandemic, India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023. With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy, and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

INVESTMENT RETRIEVAL INDUSTRY OUTLOOK

INDUSTRY OVERVIEW

Introduction: India's financial sector is witnessing rapid growth due to the expansion of existing financial services firms and the entry of new entities. The sector includes capital markets, commercial banks, insurance companies, non-banking financial companies, co-operatives, pension funds, mutual funds, provident fund entities, postal savings, and other smaller financial entities. *This growth has increased the complexity of managing financial assets, leading to higher volumes of unclaimed investments across various asset classes.*

PHYSICAL SHARES AND UNCLAIMED SHARES

According to ARIA report, around ₹3,78,000 crores worth of physical shares remain across various companies.

Navigating the Challenge of Nomination Gaps in Demat Accounts: Opportunities for many companies to Resolve Disputes and Simplify Claims.

Recent data from SEBI reveals that a staggering of single-holding demat accounts lack nomination details, posing substantial risks such as increased familial disputes and significant hurdles in claiming investments after the account holder's demise.

GOVERNMENT AND REGULATORY EFFORTS

SEBI has mandated all demat account holders to either nominate beneficiaries or formally opt-out, setting strict deadlines to ensure compliance.

UNCLAIMED MUTUAL FUNDS IN INDIA

As per ARIA report, around ₹35,770 crores worth of unclaimed mutual funds in India remain across various companies.

Reasons for Unclaimed Mutual Funds:

- **Account Inactivity:** Investors may forget about old accounts, especially those with small balances.
- **Change of Address:** Investors may not update their contact information with the Asset Management Company (AMC), leading to lost communication.
- **Death of Investor:** Heirs might be unaware of the investment or face challenges in claiming it.
- **Dematerialization Issues:** Incomplete KYC or issues during dematerialization can lead to unclaimed funds.

UNCLAIMED PROVIDENT FUND IN INDIA

As per ARIA report, around Rs. 48,000 Crores worth of provident funds remain across various companies.

Overview of Unclaimed Provident Funds

Unclaimed provident funds refer to the retirement savings accumulated in provident fund accounts that have not been claimed by beneficiaries after the retirement or death of the account holder. These funds represent a significant portion of financial assets that, if unclaimed, can impact the financial security of retirees and their families.

Reasons for Provident Funds Remaining Unclaimed

1. **Lack of Awareness:** Beneficiaries, especially in rural and semi-urban areas, often lack awareness about the procedures for claiming provident funds or the existence of such funds.
2. **Documentation Issues:** Completing the required documentation for claiming provident funds can be cumbersome, deterring many potential claimants.
3. **Account Holder Information:** Inaccurate or outdated account holder information can prevent the provident fund office from reaching potential claimants.
4. **Mobility of Workers:** High mobility of workers across states and industries can lead to provident fund accounts being forgotten or neglected.

UNCLAIMED INSURANCE IN INDIA

As per LIC, around ₹ 21,539 crores worth of unclaimed insurance remain with them.

Reasons for Unclaimed Insurance:

- **Policy Lapse:** Unpaid premiums can lead to policy lapses, leaving unclaimed benefits.
- **Lost or Forgotten Policies:** Policyholders might lose track of old policies, especially those with small payouts.
- **Change of Address/Beneficiary:** Outdated contact details or beneficiary information can hinder claim processing.
- **Death of Policyholder:** Unaware beneficiaries or difficulties in claim procedures can lead to unclaimed benefits.
- **Estimated Amount and Regulatory Measures**
- Unclaimed amounts are transferred to the Senior Citizens' Welfare Fund (SCWF) after 10 years, but beneficiaries can still claim them for up to 25 years.
- IRDAI regulations require insurers to actively trace policyholders and improve communication to

reduce unclaimed amounts.

UNCLAIMED INOPERATIVE BANK ACCOUNTS IN INDIA

Unclaimed inoperative bank accounts are those that have not seen any activity or transaction for a significant period, typically ten years or more. These accounts hold funds that have not been claimed by account holders, leading to their transfer to the Depositors Education and Awareness Fund (DEAF) managed by the Reserve Bank of India (RBI).

Current Status of Unclaimed Inoperative Accounts

Substantial Unclaimed Funds: According to the RBI's annual report for FY23, more than Rs 62,225 crores worth of balances from inoperative bank accounts have been transferred to the DEAF. This number has been increasing annually, indicating a growing trend of unclaimed funds.

Reasons for the Accumulation of Unclaimed Funds

1. **Lack of Account Management:** Many account holders forget about old accounts or neglect small balances, which over time, become inoperative.
2. **Inadequate Follow-Up:** Often, banks fail to adequately notify or communicate with account holders about their inoperative or dormant status.
3. **Migration or Change in Contact Details:** Account holders who move to new locations without updating their contact details with their banks contribute to the increase in unclaimed accounts.
5. **Death of Account Holders:** Accounts become inoperative after the death of an account holder, especially when heirs are unaware of the existence of such accounts or how to claim them.

Government and Regulatory Initiatives

- **DEAF Initiative:** The DEAF was established to pool funds from inoperative accounts for the purpose of promoting depositor education and awareness, as well as to safeguard the interests of depositors.
- **Mandatory Actions by Banks:** Banks are required by the RBI to make a concerted effort to contact account holders of inoperative accounts and inform them about the consequences of non-action.
- **Public Awareness Campaigns:** The RBI and banks run periodic campaigns to educate the public on the importance of updating their bank records and regularly reviewing their bank account statuses.

Implications for Unclaimed Investments

- With the increase in wealth and the complexity of managing vast financial portfolios, there is a notable rise in unclaimed investments.
- **Complexity in Asset Management:** The growth in financial services and wealth levels increases the complexity of asset management, often leading to higher volumes of unclaimed investments.
- **Need for Specialized Services:** As the volume of investments and their complexity grows, there is an increasing need for specialized services to manage, reclaim, and ensure proper distribution of unclaimed assets.

Role of investment retrieval advisory companies in the Evolving Market

- **Mitigating Risks:** They play a crucial role in mitigating risks associated with unclaimed investments.

By ensuring these assets are actively managed and reclaimed, the service protects the financial legacy of individuals and enhances financial security for families and heirs.

- **Enhancing Transparency and Trust:** With a greater focus on transparency, the companies helps in building trust among investors, ensuring that their investments are in safe hands and are being managed efficiently.
- **Adoption of New Technologies:** Investment in state-of-the-art technologies and best practices in advisory services enables the company to handle complex cases of unclaimed investments effectively. This adoption not only aids in growth but also improves service delivery, making it more streamlined and user-friendly.

Future Prospects and Strategic Positioning

- **Regulatory Environment and Investor Protection:** The evolving regulatory environment for fiduciary duties in wealth management necessitates robust mechanisms for protecting investors.
- **Partnership-Based Model and Brand Building:** A partnership-based business model and strong brand building efforts are likely to improve the penetration of advisory services.

Debtor Recovery in India: Challenges and Opportunities for Financial Asset Recovery

Overview of Debtor Recovery

Debtor recovery involves the process of reclaiming funds owed by debtors to creditors. In India, this has become a significant area of focus for financial services, particularly in light of the growing incidences of non-performing assets (NPAs) and delayed payments across various sectors.

Market Size and Significance

- **Massive Market Potential:** The debtor recovery market in India is substantial, with the total volume of NPAs in the banking sector alone reported to be at 1.65% of the net advances (source RBI report dated 27th dec 2023). The broader market, including corporate debts outside of the banking system, adds considerably to this figure.
- **Economic Impact:** High levels of unrecovered debt pose a significant challenge to the liquidity and financial health of businesses, impacting economic stability and growth.

Reasons for the Increase in Debtor Volumes

1. **Economic Fluctuations:** Periodic economic downturns severely affect the ability of businesses and individuals to meet their debt obligations.
2. **Inadequate Credit Assessment:** Often, debts go unpaid due to inadequate initial credit assessment, resulting in loans being extended to borrowers with poor creditworthiness.
3. **Operational Inefficiencies:** Many organizations lack effective systems for debt management and recovery, leading to increased volumes of aged debts.
4. **Regulatory and Legal Delays:** The process of debt recovery can be complicated by lengthy legal proceedings and regulatory hurdles, making it difficult for creditors to swiftly reclaim their dues.

Government Initiatives for Protecting Unclaimed Investments in India

The Government of India has enacted several reforms to liberalize, regulate, and enhance the industry, solidifying India's position as one of the world's most vibrant capital markets.

1. Investor Education and Protection Fund (IEPF) Authority

The IEPF Authority was established to promote investor awareness and protect their interests by managing the Investor Education and Protection Fund. This fund is utilized to refund unclaimed dividends, matured deposits, shares, and other financial assets to rightful claimants. The Authority plays a critical role in educating investors and facilitating the recovery of unclaimed funds, thereby safeguarding investors' wealth that might otherwise remain unclaimed.

2. Depositors Education and Awareness Fund (DEAF)

Formed by the Reserve Bank of India, DEAF accumulates funds from inoperative savings accounts that have been dormant for ten years or more. This initiative aims to enhance depositor education and fund awareness programs, ensuring that depositors are well-informed about their rights and the means to reclaim their funds.

3. Senior Citizens' Welfare Fund (SCWF)

The SCWF is intended to support senior citizens through the utilization of unclaimed amounts transferred from various financial instruments like PPF, EPF, and other small savings schemes. This fund serves as a resource for supporting welfare programs specifically targeted at the elderly population, helping to ensure financial security and support.

4. UDGAM – Digital Platform for Unclaimed Money

UDGAM is a digital initiative aimed at identifying and managing inoperative bank balances. This system is designed to help trace unclaimed deposits and facilitate their return to the rightful owners, thereby reducing the volume of unclaimed funds within the banking system.

5. IRDA's Mandatory Display of Unclaimed Insurance Amounts

The Insurance Regulatory and Development Authority (IRDA) has mandated all insurance companies to display information regarding unclaimed insurance amounts on their websites. This measure ensures greater transparency and assists beneficiaries in claiming their dues more efficiently.

6. Universal Account Number (UAN) for Provident Fund

The introduction of the UAN for provident funds simplifies the management and withdrawal of PF accounts. It ensures that employees can easily transfer their PF accounts between jobs without the risk of creating dormant accounts, thus reducing the likelihood of unclaimed funds.

7. AMFI's Unclaimed Mutual Fund Search Facility

The Association of Mutual Funds in India (AMFI) has introduced a facility on its members' websites, allowing investors to search for unclaimed amounts in mutual funds. This initiative enhances the ability of investors to track and claim their investments, thereby minimizing unclaimed assets.

8. Standardization of Share Claiming Processes

Recent reforms have standardized the processes for claiming shares, including simplifying the duplication and transmission processes and relaxing succession requirements. These changes aim to streamline the claiming process, making it easier for heirs and beneficiaries to access unclaimed shares.

9. RBI's Campaigns on Financial Awareness

The Reserve Bank of India regularly conducts campaigns aimed at preventing fraud and educating people about their rights to claim ancestral and unclaimed wealth. These initiatives are crucial in enhancing financial literacy and ensuring that individuals are equipped to claim their financial assets effectively.

OVERVIEW OF THIRD – PARTY LITIGATION FUNDING

INTRODUCTION

Third-party Litigation Funding (TPLF) has emerged as an opportunity with very high growth potential. The global litigation funding market is expected to exceed \$57.2 billion by 2035 (growing at a CAGR of 13.14%)¹. As India's economy grows, it is expected that the number of civil litigations is likely to increase. In the initial stage, globally, single-case funding was popular, however, currently, portfolio arrangements, class action, breach of contract suits, insolvency cases, anti-trust proceedings and patent related suits are the most common type of litigation finance. In India, the focus currently is on breach of contract cases, commercial civil suits, arbitration, and insolvency proceedings.

1.1 What is Third – Party Litigation Funding (TPLF)

Litigation is an important tool to establish legal rights and resolve disputes. However, litigation is a complex, time consuming and costly process. Hence, not many can afford it. Often litigants who seek fair dispute resolution are unable to pursue their claims due to the high cost associated with lawsuits. Many plaintiffs who have a compelling case choose to delay or even abandon legal recourse, due to lack of strategy and subject matter expertise. A great imbalance of resources exists between average and wealthy litigants, creating impediments to judicial access and distortion of legal outcomes for the undercapitalized.

Third party litigation funding is the provision of fund from a third party to enable claimant / counter claimants (people or corporation) to pursue litigation or alternate dispute resolution in exchange for a share of compensation awarded by a court or through other forms of settlement.

This type of funding is mostly non-recourse, implying that if the litigation is unsuccessful and the claim is not recovered, the claimant is not responsible for repaying the legal costs incurred by the funder. As a result, the litigation funders bear higher risk in this type of funding.

Litigation funding is typically divided into two main groups: consumer funding and commercial / investment funding. Consumer litigation funding arrangements generally involve a plaintiff seeking financial support from a funder for living or other expenses, usually related to tort or personal injury claims. Alternatively, investment or commercial litigation funding arrangements often involve large-scale tort and commercial cases and alternative dispute resolution proceedings.

Compared to other funding options, litigation funding is relatively new area, and as more of people appreciate this option, it would be considered as a preferred way to channel fund that can provide justice to the individual and corporation.

1.2 Global evolution of third-party litigation funding

In United Kingdom (UK), extensive debates were carried out in the medieval period to prohibit litigation funding by limiting common law doctrines of Maintenance and Champerty. Maintenance is a principle in which financial assistance is provided to another party for litigation with no expectation of any return. Whereas Champerty refers to providing financial assistance with the anticipation of receiving a share of the award on the successful outcome of the case.

In the modern times, TPLF emerged prominently in Australia (especially in class on suits) in the 1990s,

followed by Germany, UK, and USA. The first known company, Hillcrest Litigation Services Ltd, was established in Australia in 1993, Bentham in 1994 (listed publicly in 2001), Foris AG in Germany in 1996 and litigation Lending Services in Australia in 1999, Before 2005, there were barely ten known litigation funders in the world and that too mostly in Australia and many. In 2005, around US\$ 30 million was invested annually through such Funding. Many more known funders were established between 2005 and 2010. This resulted in an increase in cases funded through third party funding.

Between 2010-2020, the largest growth has taken place in the USA and then in the UK. Since 2018, the number of third-party funders and associated services from the insurers and brokers is increasing rapidly, TPLF has commenced in Singapore and Hong Kong, after they amended their laws in 2017 and 2019 respectively. permitting and regulating third party funding in domestic and international arbitration. TPLF impact has also become visible in China, India, Nigeria, and some South American nations such as Brazil in the last five years.

In May 2023, Nigeria expressly permitted TPF in the arbitration context, whilst in India, the High Court of Delhi, recognizing the third-party litigation funding arrangement has ruled that Funders would not be held liable to pay adverse costs where they were not party to the arbitration agreement or arbitral proceedings.

However, an appeal in the matter is before the Hon'ble Supreme Court and hence, there isn't any finality yet on the topic. In another notable development, two court decisions in 2022 in China upheld these arrangements in the context of arbitration, while a third court decision offered guidance on third party funding in relation to litigation proceedings, which may also apply to arbitrations.

The major reason for increasing recognition to third party funding in recent times is the high cost of access to justice for the common man or small businesses, TPLF has come as a boon for those companies and individuals who had meritorious claims but lacked the financial ability to overcome big companies that had large financial muscle and deep pockets to fight protracted civil suits.

1.3 Parties and Disputes that Need Funding

1.3.1 Parties that Need Funding

The parties who may need funding include, individuals, small firms, large corporations, law firms, and high net worth individuals in some cases, who may like to mitigate risk and not tie up their funds in litigation. Usually, the funded party is the one who initiates the claim (claimant/litigant), but in some cases, TPLF is also opted by the Respondents or Defendants, especially in counter claim suits, however, such instances are few in numbers.

TPLF would cover legal counsel's fee, Court/Tribunals fee, cost of expert witnesses, pre-deposits, security for costs, and other dispute related expenses. The funder can enter at any stage of the litigation, including after a court date is set or during the final stages of the judicial process.

1.3.2 Types of Disputes that Need Funding

The disputes that attract funding generally include:

- a) Tortious claims;
- b) Personal injury claims;
- c) Commercial contract disputes;

- d) Commercial arbitration;
- e) Class action suits;
- f) Insolvency proceedings;
- g) Patent infringements and Intellectual Property Rights (IPR) cases;
- h) Anti-trust proceedings; and
- i) Other such claims that have a calculated chance of resulting in a substantial monetary award.

TPLF usually covers disputes that are quantified and time bound. It does not cover those disputes that do not have large monetary value (example, family/matrimonial disputes etc.) as well as individuals or groups of individuals vs government cases, except in class action suits.

1.5 Different Models of Litigation Funding Across the globe.

Type	Suitability	Considerations
Third-party funding A funding entity contributes funds for litigation/arbitration in exchange for portion of the settlement sum on recourse basis.	Litigants who have a sizeable meritorious claim but lack funds or where the claimant intends to mitigate the financial risk and continue with business activities his/her Business activities	Funders may need to cover the security for costs and in some jurisdictions, Adverse costs. Investment by a funder indicates sign of strength, as it levels the playing field. There is no limit to the percentage share of damages that a funder can negotiate in a funded litigation.

		There may be a loss of a degree of control from the claimant funder to the
<p>Litigation Lending</p> <p>Covers different types of arrangements funding including costs by a third party with the expectation of repayment, regardless of the outcome.</p>	<p>If the dispute does not meet the typical criteria accepted by a third-party funder, or litigant runs into cash flow before/during litigation, then such type of funding could be used.</p> <p>It is available for both plaintiffs & the defendants.</p>	<p>Lenders usually charge high interest rate.</p> <p>Can appear on the credit report (a statement that has information about credit activity and current credit situation such as loan paying history).</p>
<p>Conditional Fee Arrangements (CFAs)</p> <p>Lawyers could conduct litigation under CFAs, where They would get a success fee (up to 100% of the normal fee) if the case succeeds and nothing, or sometimes a discounted fee, if it was lost no win fee/less fee</p> <p>Contingency Arrangements Fee</p> <p>It refers to a type of fee arrangement in which an attorney or firm agrees That the payment of legal fees will be contingent upon the successful outcome of the case, In brief No Win No Fee.</p>	<p>A plaintiff with a high substantiated claim meritorious claim.</p> <p>Generally, contingency fee arrangements are popular in the USA and conditional fee arrangements in the UK till 2013 Subsequently, The Damages Based Agreements have become legally Acceptable.</p>	<p>Specific requirements exist under the relevant laws of different jurisdictions.</p> <p>Flexibility to change. lawyers are not there.</p> <p>The fees charged is usually high and/or there could be an uplift. In addition, there exists risk of applicability of "doctrine of usuary" depending on the jurisdiction.</p> <p>(The doctrine refers to the practice unethical of or making immoral loans that unfairly enrich the lender)</p> <p>It is important to mention here that both these arrangements are not applicable in Indian legal scenario, as per Section II, Rule 20 of the Bar Council of India Rules4.</p>
<p>Liability Insurance The instances and After-The- Event (ATE) Insurance or Before- The-Event (BTE) Insurance</p> <p>An insurance product to protect against paying legal costs</p>	<p>The instances for ATE are when the insurance is taken after the legal dispute has arisen. The insurer is entitled to a fixed recurring premium calculated in accordance with the potential legal expenses.</p> <p>Under BTE insurance, businesses take insurance policies to cover the legal costs associated with</p>	<p>The insurance premiums are usually high especially in the case of ATE.</p> <p>These are types of insurance per se and different from TPLE and in liability insurance the insurer may follow the doctrine of subrogation to pursue claims.</p>

	<p>potential future claims. The insured pays recurring premiums and in return is entitled to the legal expenses arising out of any future dispute.</p> <p>For these types of insurances, generally, legal expenses cover costs for bringing the claim or defending them, paying lawyers, arbitrators, and expertise sought for during the proceedings.</p>	<p>The insured needs to relinquish much of the control over the management of the case and in settlement negotiations insurer.</p> <p>Notably, while in India, of there is prevalence of this concept in litigation insurance as a service for a long time, however, the said terms mentioned herein are not used.</p>
<p>Crowd Funding</p> <p>Raising funds for litigation by sourcing high volumes of small contributions.</p>	<p>Something, the litigant himself raise funds through crowd funding.</p> <p>Third party funders may resort to crowd funding to source fund, usually for portfolio of cases.</p>	<p>The fund-based crowdfunding is regulated by SEBI under Security and exchange board of India alternative investment fund (AIF) Regulations 2012. The regulation states that crowdfunding platform must be registered with SEBI as a channel of AIFs.</p> <p>There is a need to take care not to disclose confidential information in a crowdfunding platform.</p>

Case Type	Details
Single Case Funding	<p>Under a single case structure, a funder provides a facility to a claimant to pay the cost of conducting a single dispute The facility amount is determined based on an agreed budget and the facility is drawn down each month or periodically by the claimant to pay approved invoices submitted by the legal team.</p> <p>If the case is successful, funder's investment and percentage of claim fee is paid in priority from the proceeds of the successful claim amount and, if the case is lost, the funder's investment is lost.</p>
Portfolio Funding	<p>Under a portfolio arrangement, a funder pays the cost for conducting multiple cases through a single facility. This model pursues several claims simultaneously: for example, multiple cases across an entire law firm or a discrete set of claims relating to a particular scheme/project/development.</p> <p>The funder's investment is "cross-collateralised" across a number of cases. Unlike a single case investment, where the outcome is binary, the funder's risk is now spread across the outcomes of multiple cases and the funder is repaid from the cases that are resolved successfully.</p>
Law Firm Funding	In some countries such as the US, the funders are engaged in Law Firm

	Funding, wherein the funders are providing finance directly to the law firms to underwrite their operating costs, while acting for their clients on a contingency basis. The funding to the firm is still characterized as "non-recourse" as the finance is repaid by the firm from the proceeds of the firm's realized contingent work.
--	--

Funding Models based on Economic Interest

There are other funding models, which are based on the nature of economic interest and are elaborated as mentioned here under:

Direct Economic Interest model	There is an agreement between the funder and the litigant and the funder is required to be paid a percentage of the proceedings or a multiple of the costs incurred.
Indirect Economic Interest model	The arrangement of funding is between the funder and the law firm and not between the funder and the litigant i.e... the law firm receives the funding.
Pro bono funding	The funder seeks to receive no direct economic benefits from the proceedings of a case but has a political or social motive linked with the claim.

Note: The form of funding that is provided by the litigation funders will depend on their risk appetite, return objectives and overall investment strategy. Investors who fund the funder would need to trust the funder as they would not be aware of the progress made in each TPLF case or even the details of the case itself.

1.6 Third-party Litigation Funding (TPLF) and Litigation Insurance (LI)

There are two terms that are associated with funding: Litigation funding and Litigation Insurance. The two terms are to some extent co-related with each other, yet they have significant differences as well. Third-Party Litigation Funding and Litigation Insurance both revolve around the costs, compensation, and other financial concerns of litigation.

Litigation Insurance can be broadly categorised into two parts: legal expenses insurance and liability insurance. Both kinds of insurance may be obtained either before or after the event dispute has occurred.

THIRD PARTY LITIGATION FUNDING PROCESS

2.1 Mechanics of Litigation Funding Process

After getting acquainted with Third Party Litigation Funding, we need to know the process involved in TPLF, the process is more or less the same across countries with few modifications based on their respective regulations. Usually, litigation funders identify cases having a large claim and then arrange with either the litigant(s) or law firm(s) to fund the litigation costs involved, in exchange for a share of the proceeds. Funders may also engage in funding multiple cases from the same lawyer/law firm to have a portfolio of lawsuits to mitigate their overall risk profile. Based on one's appetite for taking risk, cases may be chosen accordingly. For example, investors that are new to TPLF may adopt a conservative approach, while seasoned investors may opt for high-risk single case funding.

A simplified explanation of the mechanics of litigation funding has been explained in the undermentioned flow charts. Two scenarios have been explained one in which the plaintiff wins and the other one in which the plaintiff loses. It has been assumed that the investor and the litigation funder are separate. However, there may be a situation wherein the investor and the litigation funder are the same entity or person.

Key terms used in TPLF process.

The key terms used in TPLF process are mentioned hereinunder in the sequence of their probable appearance in the process.

- a) Civil Dispute
- b) Enquiry
- c) Term Sheet
- d) Due Diligence
- e) Funding Memo
- f) Approval and offer.
- g) Appointment of an advocate
- h) Power of settlement
- i) Distribution receivables

AREAS OF APPLICATION OF TPLF: AN OPPORTUNITY

Commercial Contract Related Disputes

These are the disputes that arise out of contractual relationships entered into by two or more parties who are engaged in commercial activities Accordingly, one of the pre-requisites of these disputes is the existence of a contract between these parties for any commercial transaction. When the terms and conditions of the contract are breached, the "cause of action" arises. In general, commercial-contractual disputes are subject matters of civil courts in any jurisdiction, However, in the contemporary period, a significant number of such disputes are settled through Alternative Dispute Resolution (ADR) mechanism, such as Arbitration, Conciliation, or Mediation.

MARKET DYNAMICS AND KEY PLAYERS OF TPLF

Overview and analysis of TPLF.

TPLF has grown at a rapid pace in the Western countries such as the US, the UK, and Australia, with the US being the largest market for litigation funding. Litigation funding in the Asian economies is also on the rise, especially in China, Japan, South Korea, Singapore, and Hong Kong. TPLF is, therefore, becoming an alternate investment route for many startups and large corporations.

The Indian Market

The Third-Party Litigation Funding market in India is in its infancy. According to the Government of India Press Note, in 2016, the total amount involved in Infrastructure project related arbitrations was estimated at *70,000 crores. In 2019, the total litigation expenses exceeded 230,000 crores while National Highway Authority of India (NHAI), a single Government entity had outstanding arbitration claims of around 278,000 crores.

It is estimated that the Indian companies currently make up to 30% of the total arbitration cases handled by Singapore and London. According to the SIAC's 2016 annual report, 45% of the 343 cases it received, involved Indian companies, either as a petitioner or as a respondent.

With the establishment of India International Arbitration Centre, Mumbai Centre of International Arbitration and other international centres in India, there is a possibility of transforming India into an international arbitration hub.

The first step in establishing the legal framework in India for Third Party Funding has been the establishment of Indian Association for Litigation Financing (IALF) on February 11, 2021, by practitioners, law firms and third-party financiers. The association's goals include a robust self-regulating system of Lawsuit Funding and promoting education among the public for the same.

The working group of IALF comprises Phoenix Advisors, Omni Bridgeway, Singularity Legal, FTI Consulting and Grant Thornton. According to the working group of IALF, MSMEs and start-ups would be benefitted from TPF.

Fee Structure for TPLF

TPLF is provided on a non-recourse basis, hence, there is a risk-return trade off, whereby the funder needs to charge a higher fee for the risks assumed.

There is no legislation which imposes any restriction on the amount of fees or interest a funder can charge (except UK). It will purely depend on the terms of the agreement between the two parties. A study by Professor Michael McDonald in 2016 on global litigation funding, indicated an average annual ROI of 36%.

The terms of the funder's fee will vary depending on the risk profile of the individual case; however, the fee is equal to either (or a hybrid) of:

- a) A multiple of the amount of funds drawn from the facility (indicating the extent of legal expenses incurred)

at the date of resolution (normally three to four times); or/and

b) A percentage of the gross proceeds received from the Respondent (normally 20% to 40% (in India), the global returns are much higher).

Contingency fees are common in personal injury cases in the US, where the successful lawyer is awarded between 20% to 50% of the recovery amount. However, lawyers in India are prohibited to enter into conditional or contingency fee agreements. In the UK, fees for most types of claims are subject to a 50% cap (inclusive of VAT). In employment tribunal cases, 35% cap continues. Personal injury and clinical negligence claims are subject to a 25% cap¹⁸.

LEGAL FRAMEWORK ON TPLF: INDIA

Currently, there is no specific legislation in India dealing with the subject of litigation funding/third-party finance. Instead, agreements to the effect of third-party litigation finance are governed by the Indian Contract Act, 1872 and Code of Civil Procedure, 1908.

According to the World Bank Ease of Doing Business Report, 2020, India ranks 63 out of 190 countries in enforcing contracts. The same report mentions that disputes regarding commercial contracts in India are resolved on an average in 1445 days (almost four years) in a court of first instance, compared to around 590 days in South Asia and 120 days in the OECD countries. The cost of enforcing a contract in India is also high at 31% of the claim Value, compared to 16.8% in South Asia and 21.5% in the OECD.

Moreover, the quality of judicial proceedings in India is low at 9.1 out of 18 points; compared to 11.9 in South Asia and 14.4 in the OFCD countries This often acts as a deterrent for claimants to initiate legal proceedings to recover a claim.

Judicial delay is unfortunately common in India, as it takes several years for a dispute to be conclusively resolved. Additionally, actual costs are rarely awarded by the Indian courts. In such circumstances, litigants are concerned as to how to reduce their risk and expenses. Even when they go for litigation, they don't have the resources for quality representation. These are the areas, where TPLF would specifically help.

Owing to the absence of specific legal provisions, the subject of litigation funding is mostly dealt with in accordance with judicial precedence in various cases.

In the AK Balaji case of 2018, third-party funding was duly recognised by the Hon'ble Supreme Court, which held as follows.

In India, funding of litigation by the advocates is not explicitly prohibited, but a conjoint reading of Bar Council of India Rule 18 (fomenting litigation), Rule 20 (contingency fees), Rule 21 (share or interest in an actionable claim) and Rule 22 (participating in bids in execution, etc.) would strongly suggest that advocates in India cannot fund litigation on behalf of their clients.

There appears, however, to be no restriction on the third parties (non- lawyers) funding the litigation and getting repaid after the outcome of the litigation.

The Rule 20 of the Bar Council of India Rules stipulates that "an advocate shall not stipulate for a fee contingent on the results of litigation or agree to share the proceeds thereof." Hence, both conditional and

contingency fee arrangements are not permitted in India.

Further, third-party litigation funding is permitted under the Code of Civil Procedure (CPC), 1908 in some states (Madhya Pradesh, Maharashtra, Gujarat, Orissa, Karnataka and Uttar Pradesh), by the respective state amendments to Order XXV Rules 1 and 3 of the CPC, 1908. There is also no prohibition under any legislation in India for other states.

Third party legal finance has received a favourable reference in the High-Level Committee report on the Institutionalisation of Arbitration Mechanism in India (2017), in the Arbitration and Conciliation (Amendment) Act, 2019, and in the overhaul of the liquidation laws with the enactment of the Insolvency and Bankruptcy Code, 2016.

Recognizing the support for TPLF in the Indian laws, the third-party funders, and service providers such as law firms, practitioners and arbitral institutions came together to form the "Indian Association for Litigation Finance (IALF)" The working group of the IALF comprises of Phoenix Advisors, Omni Bridgeway, Singularity Legal, FTI Consulting and Grant Thornton. According to its working group, the biggest beneficiary of third-party financing would be the MSMEs.

The vision of IALF is to create self-regulations for, and promote knowledge- development of, litigation finance in India. It was incorporated on February 11, 2021. This is the first step in establishing a regulatory framework for litigation funding in India.

In addition, India has around 35 Arbitration Centres with the prominent being Delhi International Arbitration Centre (DIAC), Indian Council of Arbitration

(ICA), New Delhi, Construction Industry Arbitration Council (CIAC), New Delhi, London, Court of International Arbitration New Delhi, International Centre for Alternative Dispute Resolution (ICDAR), New Delhi, ICC Council of Arbitration, Kolkata, Mumbai Centre for International Arbitration, (MCIA), and Nani Palkhivala Arbitration Centre (NPAC), Chennai.

Arbitral proceedings require substantial amount of funds Further, the arbitral process and the subsequent appeals require investment of large amount of capital for a considerable length of time. Amidst this uncertainty, ILE can help the Indian companies to arbitrate on meritorious claims. Further, the insolvency cases require funding both in the resolution process and in the liquidation phase. This implies that there is a growing TIPILI market in arbitration and insolvency field.

Certain arbitration institutions have witnessed moderate success and are gradually emerging as trusted alternatives to ad-hoc arbitration The DIAC (located within the Delhi High Court complex) has emerged as a strong institution and has administered more than 900 cases since its inception, The MCIA is taking giant steps and was in the news for being chosen as one of the authorized institutions for arbitration by the Maharashtra Government which has made institutional arbitration mandatory for all contracts valued at more than Rupees Five Crores. In its annual report 2022, the statistics shown that the caseload has increased over 20% over the previous year, and the total value of disputes under administration has crossed a billion USD, a significant milestone for the domestic arbitral institute.

Other highlights include 24 new filings, 2 emergency arbitrations that were disposed of within 14 days of filing, 92% of all arbitrations completed in 18 months, and no MCIA award set-aside. Noticeably, 1 in every 3 arbitrators that MCIA appointed were women. The ICA and other arbitral institutions are handling a low volume of cases with value ranging from medium to low. The trajectory is representative of the maturing of

India as a pro-arbitration jurisdiction.

Insofar as International Arbitral Institutions are concerned, Singapore International Arbitration Centre ("SIAC") maintains an Indian office in Mumbai since 2013 for the limited purpose of promoting activities of SIAC. The London Court of International Arbitration ("LCIA") closed its operations in India due to insufficient case load after operating from 2009 till 2016/58.

Legal Structure to Form Litigation Funding Entity in India: An Opportunity

Since there are no specific regulations for litigation funding in India, no legal entity can be barred from entering the litigation finance market at the same time, Advocates/law firms in India are prohibited from providing funding for their own care unlike the US.

However, legal experts as employees/consultants need to be a part of a TPLF Team because inputs from the legal point of view are essential for understanding the merits of a case and for undertaking due diligence.

CHALLENGES OF TPLF

The success of TPLF depends on the ability of the funders to meet the challenges that they are likely to face and the challenges that are likely to emerge in the future with more players entering the market and making it more competitive.

CONCLUSION:

ADHERE TO RULES/REGULATIONS OF RESPECTIVE JURISDICTIONS

Since different laws/regulations/rules apply in different jurisdictions, as a first step, the funding entity should identify the relevant jurisdiction (whether in India or abroad and if in India, the exact jurisdiction), where the Court proceedings/the Arbitral process would take place. Essentially, where the cause of action takes place, determines the jurisdiction of the dispute.

Within India too, not all the jurisdictions are the same in terms of laws and regulations concerning TPLF and average time taken for completion of a case. For instance, High Courts in Gujarat, Allahabad, Karnataka, and Calcutta take much longer time to conclude the proceedings than their counterparts in Mumbai, Delhi, and Rajasthan. Even at Sub-ordinate Courts, the time frame for pendency of suits is not uniform. While in Gujarat, the average pendency of cases in the Sub-ordinate Courts is 9.51 years, in West Bengal, it is 6 years, in Delhi, it is 3.86 years and in Rajasthan, it is 3.67 years.

It is, therefore, important for the funder to consider pendency time before funding the case. Further, preferably choose suits in those jurisdictions, which have lower pendency time. In addition, in the six Indian states that have modified the Code of Civil Procedure, there are high chances that the funder may become a co-plaintiff and would, therefore, need to bear the security for costs.

MATHEMATICAL PROCESS TO DETERMINE FAIR SHARE OF CLAIM:

Funders adopt different approaches to pricing and various factors are considered, including the size of the expected damages, the likely length of the matter, and the level of risk. A scientific mathematical process is necessary to determine the percentage of claim required to attain the desired profits before committing to fund a particular claim.

Essentially, this can be represented by a formula, where $E(c)$ represents the estimated cost of funding, $E(r)$ represents the estimated total revenue the claim generates, S represents the success probability of the claim, o represents the percentage share of the claim, t represents the estimated time taken for litigation to ascertain the time value of money and $E(p)$ (for the funder) represents the estimated profit that arises from the claim.

$$\text{Estimated Profit } E(p) = \{S*o*E(r)\} - \{E(c)*t\}$$

The funder, whose aim is to maximize profits, will only fund claims where the expected revenue generated from funding the suit is much larger than the expected costs.

Business Process under Investments Retrieval services:

The process flow of our investment retrieval services is as follows: **(R.E.C.O.V.E.R)**

1. Initial Engagement (Ring Up)

The process begins with our in-house sales team reaching out to potential or existing clients. This initial engagement involves understanding the client's needs, explaining our services, and gathering preliminary information about the investments they seek to recover.

2. Document Assessment (Evaluate)

Clients provide soft copies of all relevant document associated with their investments. Our valuation team then conducts a thorough assessment of these documents to evaluate the current status, legality, and value of the investments, determining the feasibility and potential success of recovery efforts.

3. Feasibility Analysis (Check)

Based on the assessment from the valuation team, our sales team performs a feasibility analysis to decide whether the recovery process is viable. This step considers the costs, value of investments to be recovered, Scope of Work, expected recovery time, and other potential challenges, ensuring that the process is worthwhile for both the client and our company.

4. Proposal Submission (Offer)

Once the recovery is deemed feasible, a tailored proposal is drafted and sent to the client. This proposal outlines the scope of work, fees, timelines, and other conditions related to the recovery process. It serves as a preliminary agreement that details what the client can expect from our services.

5. Mandate Signing & Advance Payment (Verify)

Upon agreement on the proposal, the client is required to sign a formal contract. This contract is secured digitally through Aadhar-based digital signature processes, providing a legally binding agreement that ensures both parties adhere to the terms set forth.

6. Case Assignment and Management (Employ)

After the contract is in place, an Operations Executive is assigned to the case. This executive is responsible for managing all aspects of the recovery process, serving as the single point of contact for the client and coordinating with other teams to ensure efficient execution of the recovery plan.

7. Investments Recovery & Fee Realization (Realize)

The final phase involves the actual recovery of the investments. The Operations executive oversees the process, ensuring that all recovered investments are accurately and promptly credited to the client's account. This step concludes the service, with the client being informed of the successful recovery and any final fee is realized from the client.

Industrial Dispute Act, 1947 and the Rules made thereunder provide for the investigation and settlement of industrial disputes. The Industrial Disputes Act, 1947 (IDA) was enacted to make provision for investigation and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labour legislations, whilst those persons who have been classified as managerial employees and earning salary beyond a prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lock-outs, closures, lay-offs and retrenchment.

THE EMPLOYEES' PROVIDENT FUND AND MISCELLANEOUS PROVISIONS ACT, 1952:

The EPFA came into force on March 4, 1952 and amended on September 1, 2014. Under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 (EPF Act), compulsory provident fund, family pension fund and deposit linked insurance are payable to employees in factories and other establishments. The legislation provides that an establishment employing more than 20 (twenty) persons, either directly or indirectly, in any capacity whatsoever, is either required to constitute its own provident fund or subscribe to the statutory employee's provident fund. All the establishments under the EPF Act are required to be registered with the appropriate Provident Fund Commissioner. Also, the employer of such establishment is required to make a monthly contribution to the provident fund equivalent to the amount of the employee's contribution to the provident fund. There is also a requirement to maintain prescribed records and registers and filing of forms with the concerned authorities. The EPF Act also prescribes penalties for avoiding payments required to be made under the abovementioned schemes.

THE EMPLOYEES' STATE INSURANCE ACT, 1948 (THE "ESI ACT"):

The Employees State Insurance Act of 1948 has been enacted with the objective of securing financial relief in cases of sickness, maternity and 'employment injury' to employees of factories and their dependent and to make provision for certain other matters in relation thereto. The Act is applicable to all the Factories including Factories belonging to the Government. Further, employer and employees both are required to make contribution to the fund at the rate prescribed by the Central Government. The return of the contribution made is required to be filed with the Employee State Insurance department.

THE SEXUAL HARASSMENT OF WOMEN AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013:

The Sexual Harassment of Women at Workplace (Prevention, Prohibition and Redressal) Act, 2013 ("SHWW Act") provides for the protection of women at workplace and prevention of sexual harassment at workplace. The SHWW Act also provides for a redressal mechanism to manage complaints in this regard. Every employer has a duty to provide a safe working environment at workplace which shall include safety from the persons coming into contact at the workplace, organizing awareness programs and workshops, display of rules relating to the sexual harassment at any conspicuous part of the workplace, provide necessary facilities to the internal or local committee for dealing with the complaint, such other procedural requirements to assess the complaints. The SHWW Act makes it mandatory for every employer of a workplace to constitute an Internal Complaints Committee, which shall always be presided upon by a woman.

THE PAYMENT OF BONUS ACT, 1965:

The payment of Bonus Act, 1965 aims to regulate the amount of bonus paid to the persons employed in certain establishments based on their profits and productivity. Pursuant to the Payment of Bonus Act, 1965, as amended, an employee in a factory or in any establishment where twenty or more persons are employed on any day during an accounting year, is eligible to be paid a bonus. It further provides for the payment of minimum and maximum bonus and linking the payment of bonus with the production and productivity.

PAYMENT OF GRATUITY ACT, 1972:

The Payment of Gratuity Act is applicable to every factory, mine, oilfield, plantation, port, railway companies and to every shop and establishment in which 10 or more persons are employed or were employed at any time during the preceding twelve months. This Act applies to all employees irrespective of their salary. The Payment of Gratuity Act, as amended, provides for a scheme for payment of gratuity to an employee on the termination of his employment after he has rendered continuous service for not less than 5 years:

- a) On his/her superannuation;
- b) On his/her retirement or resignation;

INTELLECTUAL PROPERTY RIGHT ACTS

THE TRADEMARKS ACT, 1999 (“TRADEMARKS ACT”)

The Trademarks Act provides for the application and registration of trademarks in India for granting exclusive rights to marks such as a brand, label and heading and obtaining relief in case of infringement. The Trademarks Act also prohibits any registration of deceptively similar trademarks or compounds, among others. It also provides for infringement, falsifying and falsely applying trademarks.

Further, pursuant to the notification of the Trademark (Amendment) Act, 2010 simultaneous protection of trademark in India and other countries has been made available to owners of Indian and foreign trademarks. The Trademark (Amendment) Act, 2010 also seeks to simplify the law relating to transfer of ownership of trademarks by assignment or transmission and to conform Indian trademark law with international practice.

THE COPYRIGHT ACT, 1957

The Copyright Act, 1957, along with the Copyright Rules, 1958, (collectively, “Copyright Laws”) serve to create property rights for certain kinds of intellectual property, generally called works of authorship. The Copyright Laws protect the legal rights of the creator of an ‘original work’ by preventing others from reproducing the work in any other way. The intellectual property protected under the Copyright Laws includes literary works, dramatic works,

THE PATENTS ACT, 1970 (“PATENTS ACT”)

The patent regime in India is governed by the Patents Act and rules and regulations made thereunder. Pursuant to the TRIPS Agreement, product patent regime with a protection period of 20 years became applicable in India. The patent regime protects inventions through patents. The amended Patents Act defines “inventive step” to mean a feature of an invention that involves a technical advance as compared to the existing knowledge or having economic significance or both and that makes an invention not obvious to a person skilled in the art. Any person claiming to be the true and first inventor of the invention or the assignee of the true and first inventor or the legal representative of any deceased person who was entitled to make an application immediately before death may apply for a patent for an invention.

THE DESIGNS ACT, 2000 (THE “DESIGNS ACT”)

The Designs Act prescribes for the registration of designs. The Designs Act specifically lays down the essentials of a design to be registered and inter alia, provides for application for registration of designs, copyright in registered designs, etc. A ‘Design’ means only the features of shape, configuration, pattern, ornament or composition of lines or combination thereof applied to any article whether two dimensional or three dimensional or in both forms, by any industrial process or means, whether manual, mechanical or chemical, separate or combined, which in the finished article appeal to and are judged solely by the eye, but does not include any mode or principle or construction or anything which is in substance a mere mechanical device, and expressly excludes works accorded other kinds of protection like property marks, trademarks and copyrights. Any person claiming to be the proprietor of a new or original design may apply for registration of the same before the Controller- General of Patents, Designs and Trade Marks. On registration, the proprietor of the design attains a copyright over the same. The duration of the registration of a design in India is initially ten years from the date of registration. No person may sell, apply for the purpose of sale or import for the purpose of sale any registered design, or fraudulent or obvious imitation thereof.

FOREIGN REGULATIONS

FOREIGN EXCHANGE MANAGEMENT ACT, 1999:

Foreign investment in India is primarily governed by the provisions of FEMA and the rules and regulations promulgated there under. Foreign Exchange Management Act, 1999 (“FEMA”) was enacted to consolidate and amend the law relating to foreign exchange with the objective of facilitating external trade and for promoting the orderly development and maintenance of foreign exchange market in India. FEMA extends to whole of India. This Act also applies to all branches, offices and agencies outside India owned or controlled by a person resident in India 102 and also to any contravention committed thereunder outside India by any person to whom the Act is applies. The Act has assigned an important role to the Reserve Bank of India (RBI) in the administration of FEMA.

FEMA REGULATIONS:

As laid down by the FEMA Regulations, no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route, and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer by or issue security to a person resident outside India. Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under, and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India.

THE FOREIGN TRADE (DEVELOPMENT AND REGULATION) ACT, 1992 ("FTA"):

In India, the main legislation concerning foreign trade is FTA. The FTA read along with relevant rules provides for the development and regulation of foreign trade by facilitating imports into, and augmenting exports from, India and for matters connected therewith or incidental thereto. FTA read with the Indian Foreign Trade Policy provides that no export or import can be made by a company without an Importer-Exporter Code number unless such company is specifically exempt. An application for an Importer-Exporter Code number has to be made to the office of the Joint Director General of Foreign Trade, Ministry of Commerce.

CORPORATE LAWS

THE COMPANIES ACT, 2013

The Companies Act, 2013, has replaced the Companies Act, 1956 in a phased manner. The Act received the assent of President of India on 29th August 2013. At present almost all the provisions of this law have been made effective except a very few. The Ministry of Corporate Affairs, has also issued rules complementary to the Companies Act, 2013 establishing the procedure to be followed by companies in order to comply with the substantive provisions of the Companies Act, 2013. The Companies Act primarily regulates the formation, financing, functioning and restructuring of separate legal entity as Companies. The Act provides regulatory and compliance mechanism regarding all relevant aspects including organizational, financial and managerial aspects of companies. The provisions of the Act state the eligibility, procedure and execution for various functions of the company, the relation and action of the management and that of the shareholders. The law laid down transparency, corporate governance and protection of shareholders & creditors. In the functioning of the corporate sector, although freedom of companies is important, protection of the investors and shareholders, on whose funds they flourish, is equally important. The Companies Act plays the balancing role between these two competing factors, namely, management autonomy and investor protection.

ENVIRONMENTAL LAWS

THE ENVIRONMENT (PROTECTION) ACT OF 1986 ("EPA")

The EPA has been formulated by the Government of India for the protection and improvement of the environment in India and for matters connected there with. The EPA is an umbrella legislation designated to provide a framework for the Government of India to co-ordinate activities of various state and central authorities established under previous environmental laws. The EPA vests the Government of India with the

power to take any measure it deems necessary or expedient for protecting and improving the quality of the environment and for preventing, controlling and abating environmental pollution. This includes the power to make rules for among other things, determining the quality of environment, standards for emission of discharge of environment pollutants from various sources, inspection of any premises, plan, equipment, machinery, examination of manufacturing processes and materials likely to cause pollution.

THE AIR (PREVENTION AND CONTROL OF POLLUTION) ACT, 1981, (“AIR ACT”)

The Air Act has been enacted to provide for the prevention, control and abatement of air pollution. The Air Act was enacted with a view to protect the environment and surroundings from any adverse effects of the pollutants that may emanate from any factory or manufacturing operation or activity. It lays down the limits with regard to emissions and pollutants that are a direct result of any operation or activity. Periodic checks on the factories are mandated in the form of yearly approvals and consents from the corresponding Pollution Control Boards in a state. Pursuant to the provisions of the Air Act, any person, establishing or operating any industrial plant within an air pollution control area, must obtain the consent of the relevant State Pollution Control Board prior to establishing or operating such industrial plant.

THE WATER (PREVENTION AND CONTROL OF POLLUTION) ACT, 1974, (“WATER ACT”)

The Water Act aims to prevent and control water pollution as well as restore water quality by establishing and empowering the Central Pollution Control Board and the State Pollution Control Boards. Under the Water Act, any person establishing any industry, operation or process, any treatment or disposal system, use of any new or altered outlet for the discharge of sewage or new discharge of sewage, must obtain the consent of the relevant State Pollution Control Board, which is empowered to establish standards and conditions that are required to be complied with. In certain cases, the State Pollution Control Board may cause the local Magistrates to restrain the activities of such person who is likely to cause pollution. Penalty for the contravention of the provisions of the Water Act include imposition of fines, or imprisonment, or both.

GENERAL LEGISLATIONS

THE INDIAN CONTRACT ACT, 1872:

The Indian Contract Act, 1872 (“Contract Act”) codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act also provides for circumstances under which contracts will be considered as ‘void’ or ‘voidable’. The Contract Act contains provisions governing certain special contracts, including indemnity, guarantee, bailment, pledge, and agency.

THE COMPETITION ACT, 2002:

The Competition Act, 2002 prohibits anti-competitive agreements, abuse of dominant positions by enterprises and regulates “combinations” in India. The Competition Act also established the Competition Commission of India (the “CCI”) as the authority mandated to implement the Competition Act. Combinations which are Likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition, and on all parties to the combination jointly in case of a merger or amalgamation.

THE INDIAN STAMP ACT, 1899

Under the Indian Stamp Act, 1899, stamp duty is payable on instruments evidencing a transfer or creation or extinguishment of any right, title or interest in immovable property. Stamp duty must be paid on all instruments specified under the Stamp Act at the rates specified in the schedules to the Stamp Act. The applicable rates for stamp duty on instruments chargeable with duty vary from state to state.

THE REGISTRATION ACT, 1908

The purpose of the Registration Act, amongst other things, is to provide a method of public registration of documents so as to give information to people regarding legal rights and obligations arising or affecting a particular property, and to perpetuate documents which may afterwards be of legal importance, and also to prevent fraud.

NEGOTIABLE INSTRUMENTS ACT, 1881

In India, the laws governing monetary instruments such as cheques are contained in the Negotiable Instruments Act, 1881. The Act provides effective legal provision to restrain people from issuing cheques without having sufficient funds in their account or any stringent provision to punish them in the event of such cheque not being honored by their bankers and returned unpaid. Section 138 of the Act creates statutory offence in the matter of dishonor of cheques on the ground of insufficiency of funds in the account maintained by a person with the banker which is punishable with imprisonment for a term which may extend to two year, or with fine which may extend to twice the amount of the cheque, or with both.

PROPERTY RELATED LAWS

The Company is required to comply with central and state laws in respect of property. Central Laws that may be applicable to our Company's operations include the Land Acquisition Act, 1894, the Transfer of Property Act, 1882, Registration Act, 1908, Indian Stamp Act, 1899, and Indian Easements Act, 1882. In addition, regulations relating to classification of land may be applicable. Usually, land is broadly classified under one or more categories such as residential, commercial or agricultural. Land classified under a specified category is permitted to be used only for such specified purpose. Where the land is originally classified as agricultural land, in order to use the land for any other purpose the classification of the land is required to be converted into commercial or industrial purpose, by making an application to the relevant municipal or town and country planning authorities. In addition, some State Governments have imposed various restrictions, which vary from state to state, on the transfer of property within such states. Land use planning and its regulation including the formulation of regulations for building construction, form a vital part of the urban planning process. Various enactments, rules and regulations have been made by the Central Government, concerned State Governments and other authorized agencies and bodies such as the Ministry of Urban Development, State land development and/or planning boards, local municipal or village authorities, which deal with the acquisition, ownership, possession, development, zoning, planning of land and real estate. Each state and city has its own set of laws, which govern planned development and rules for construction (such as floor area ratio or floor space index limits). The various authorities that govern building activities in states are the town and country planning department, municipal corporations and the urban arts commission.

LIMITATION ACT, 1963

The law relating to Law of Limitation to India is the Limitation Act, 1859 and subsequently Limitation Act, 1963 which was enacted on 5th of October, 1963 and which came into force from 1st of January, 1964 for the purpose of consolidating and amending the legal principles relating to limitation of suits and other legal proceedings. The basic concept of limitation is relating to fixing or prescribing of the time period for barring legal actions. According to Section 2 (j) of the Limitation Act, 1963, period of limitation ‘means the period of limitation prescribed for any suit, appeal or application by the Schedule, and prescribed period ‘means the period of limitation computed in accordance with the provisions of this Act.

The Restated Financial Information have been compiled from the Consolidated audited financial statements of the Company as at and for the year ended March 31, 2024, March 31, 2023 and March 31, 2022 prepared in accordance

with the Accounting Standards notified under the section 133 of the Act and other accounting principles generally accepted in India (hereinafter collectively referred to as 'Audited Financial Statements').

The Restated Financial Information have been compiled by the management from the Consolidated audited financial statements and: -

- there were no audit qualification in these Consolidated audited financial statements;
- there were no changes in accounting policies during the respective years of these Consolidated audited financial statements;
- there were no material adjustments for the previous years in arriving at profit/ losses of the respective years except those mentioned in Note 3(A) of Annexure IV of the Restated Consolidated Financial Information; and appropriate rearrangement/ regrouping(s) (including regrouping as required by the amended Schedule III by way of notification dated 24th March 2021) have been made in the Restated Consolidated Financial Information of assets and liabilities, statement of Consolidated profit and loss and statement of Consolidated cash flow, wherever required, by reclassification of the corresponding items of income, expenses, assets, liabilities and cash flows, in order to bring them in line with the accounting policies and classification as per audited Consolidated financial statements of the Company as at and for the year ended March 31,2024, March 31, 2023 prepared in accordance with Schedule III of the Companies Act, 2013, requirement of AS- 5 and other accounting principles and the requirements of the SEBI ICDR Regulations.

b. Principles of consolidation

In the preparation of these consolidated financial statements, investments in subsidiaries have been accounted for in accordance with the provisions of Accounting Standard-21 (Consolidated Financial Statements).

The financial statements of the Company and its subsidiary companies are consolidated on a line-by-line basis by adding together the book values of the like items of assets, liabilities, income and expenses after eliminating all significant intra-group balances and intra-group transactions and also unrealized profits or losses in accordance with Accounting Standard-21 (Consolidated Financial Statements).

The Consolidated Financial Statements are prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented, to the extent possible, in the same manner as the Company's separate financial statements. The financial statements of the subsidiaries are adjusted for the accounting principles and policies followed by the Company.

The difference between the cost to the Company of its investment in subsidiaries and its proportionate share in the equity of the investee company at the time of acquisition of shares in the subsidiaries is recognized in the financial statements as Goodwill or Capital Reserve, as the case may be.

c. Functional and presentation currency

These Consolidated financial statements are presented in Indian Rupees, which is the company's functional currency. All amounts have been rounded to nearest thousands, unless otherwise stated.

d. Basis of Measurement

These Consolidated financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis pursuant to section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - noncurrent classification of assets and liabilities.

e. Applicability Of Accounting Standards

The company is a Medium Sized Company as per "SMC" as defined in the General Instructions of the Companies (Accounting Standards) Rules, 2006 notified by the Central Government under the Companies Act, 2013. Accordingly, the Company has complied with the Accounting Standards as applicable to a Medium Sized company. Further, the company by virtue of being a SMC, requires to comply with the recognition and measurement principles prescribed by all accounting standards, but is given a relaxation in respect of certain disclosure related standards and certain disclosure requirements prescribed by other accounting standards.

f. Use of Estimates and Judgments

The preparation of Consolidated financial statements requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent liabilities at the date of these Consolidated financial statements. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognized in the period in which the estimate is revised, and future periods affected.

3. Basis of Preparation

a) Property Plant and Equipment:

Property, Plant and Equipment are stated at cost net of recoverable taxes based on intended outward supplies and furtherance of business, trade discounts and rebates less accumulated depreciation and impairment loss, if any.

The cost comprises its purchase price, borrowing cost and any other cost directly attributable in bringing the asset to its working condition for its intended use, net charges on foreign exchange, contracts and adjustments arising from exchange rate variations attributable the assets.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Subsequent expenditures to an item of asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

b) Intangible assets

Identifiable intangible assets are recognized when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured.

Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use. Intangible assets are stated at cost less accumulated amortization and impairment.

c) Depreciation / Amortization

Depreciation/Amortization on Property, Plant and Equipment is provided based on Straight Line Method considering the useful life of asset and residual value as prescribed in Schedule II to the Companies Act, 2013

In respect of additions or extensions forming an integral part of existing asset depreciation is provided as aforesaid over the residual life of the respective Property, Plant and Equipment.

Depreciation on assets acquired/sold during the year is recognized on a pro-rata basis to the statement of profit and loss till the date of acquisition / sale.

d) Impairment of Assets

The carrying amounts of assets are reviewed to see if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Statement in the year in which an asset is identified as impaired. The impairment loss recognized in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

e) Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefit will flow to the Company and the revenue can be reliably measured.

Revenue is recognized only when risks and rewards incidental to ownership are transferred to the customer, if it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of shares, services adjusted for discounts net of taxes.

Interest income is recognized on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

Dividend income is accounted for on receipt basis.

Company has given advances to vendors for litigation and consultancy work which is kept as advance to supplier. The same shall be expensed at the time of final outcome of the case.

f) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Non-current investments are carried at cost, less provision for diminution in value other than temporary.

g) Foreign Currency Transactions

Foreign Currency transactions are recorded at the exchange rate prevailing on the date of the transaction. At the year-end, all monetary assets and liabilities denominated in foreign currency are reinstated at the year-end exchange rates. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss Statement.

h) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Profit and Loss A/c in the year in which they are incurred.

i) Taxation

Tax expense comprising current tax and deferred tax are included in the determination of the net profit or loss for the period.

Current Tax:-

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of Income Tax Act, 1961

Deferred Taxation:-

Deferred Taxation on timing differences, being the differences between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods is accounted for using the tax rates and tax laws enacted or subsequently enacted as on the balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognized only to the extent that there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized. Other deferred tax assets are recognized only when there is a reasonable certainty of their realization.

j) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

k) Leases

Where the Company is the lessor

Assets given on operating leases are included in fixed assets. Lease income is recognised in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation are recognised as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognised immediately in the statement of profit and loss.

Where the Company is the lessee

Leases where the lesser effectively retains substantially all the risks and benefits of ownership of the leased items, are classified as operating leases. Operating lease payments are recognised as an expense in the statement of profit and loss on a straight-line basis over the lease term.

l) Depreciation

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 on Straight Line Method.

M) Employee Benefits:

Liability in respect of employee benefits is provided for and is charged to profit and loss account as follows:

Short-term employee benefits:-

All employee benefits payable wholly within twelve months of rendering the services are classified as short-term employee benefits. These benefits include salaries and wages, bonus, ex-gratia and compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is charged to the Statement of profit and loss in the period in which such services are rendered.

Post-employment benefits :-

A defined contribution plan is a post-employment benefit plan under which the company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund. The Company's contributions to Employees Provident Fund are charged to statement of profit and loss every year. Provision for gratuity is provided based on Actuarial Valuation made covering at the year ended March 31, 2024, 31st March 2023, 31st March 2022. Short Term Employee Benefits like leave benefit, if any, are paid along with salary and wages on a month to month basis, bonus to employees are charged to profit and loss account on the basis of actual payment on year to year basis.

This space has been left blank intentionally.

B. NOTES TO ACCOUNTS

b. Functional and presentation currency

These financial statements are presented in Indian Rupees, which is the company's functional currency. All amounts have been rounded to nearest thousands, unless otherwise stated

c. Basis of Measurement

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention on accrual basis pursuant to section 133 of the Companies Act, 2013 read with Rule 7 of the Companies (Accounts) Rules, 2014. All assets and liabilities have been classified as current or non-current as per the Company's operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of services and the time between the acquisition of assets for processing and their realization in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - noncurrent classification of assets and liabilities.

d. Applicability of Accounting Standards

The company is a Medium Sized Company as per "SMC" as defined in the General Instructions of the

Companies (Accounting Standards) Rules, 2006 notified by the Central Government under the Companies Act, 2013. Accordingly, the Company has complied with the Accounting Standards as applicable to a Medium Sized company. Further, the company by virtue of being a SMC, requires to comply with the recognition and measurement principles prescribed by all accounting standards, but is given a relaxation in respect of certain disclosure related standards and certain disclosure requirements prescribed by other accounting standards.

e. Use of Estimates and Judgments

The preparation of financial statements requires management to make judgments, estimates and assumptions, that affect the application of accounting policies and the reported amounts of assets, liabilities, income, expenses and disclosures of contingent liabilities at the date of these financial statements. Actual results may differ from these estimates. Estimates and underlying assumptions are reviewed at each balance sheet date. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

3. Basis of Preparation

a) Property Plant and Equipment:

Property, Plant and Equipment are stated at cost net of recoverable taxes based on intended outward supplies and furtherance of business, trade discounts and rebates less accumulated depreciation and impairment loss, if any.

The cost comprises its purchase price, borrowing cost and any other cost directly attributable in bringing the asset to its working condition for its intended use, net charges on foreign exchange, contracts and adjustments arising from exchange rate variations attributable the assets.

Property, Plant and Equipment which are significant to the total cost of that item of Property, Plant and Equipment and having different useful life are accounted separately.

Subsequent expenditures to an item of asset are added to its book value only if they increase the future benefits from the existing asset beyond its previously assessed standard of performance.

b) Intangible assets

Identifiable intangible assets are recognized when it is probable that future economic benefits attributed to the asset will flow to the Company and the cost of the asset can be reliably measured.

Intangible assets are amortized over their respective estimated useful lives on a straight-line basis, from the date that they are available for use. Intangible assets are stated at cost less accumulated amortization and impairment.

c) Depreciation / Amortization

Depreciation/Amortization on Property, Plant and Equipment is provided based on Straight Line Method considering the useful life of asset and residual value as prescribed in Schedule II to the Companies Act, 2013

In respect of additions or extensions forming an integral part of existing asset depreciation is provided as aforesaid over the residual life of the respective Property, Plant and Equipment.

Depreciation on assets acquired/sold during the year is recognized on a pro-rata basis to the statement of profit and loss till the date of acquisition / sale.

d) Impairment of Assets

The carrying amounts of assets are reviewed to see if there is any indication of impairment based on internal/external factors. An impairment loss is recognized wherever the carrying amount of an asset exceeds its recoverable value. An impairment loss is charged to the Profit and Loss Statement in the year in which an asset is identified as impaired. The impairment loss recognised in the prior accounting period is reversed if there has been a change in the estimate of recoverable amount.

e) Revenue Recognition

Revenue is recognized to the extent that it is probable that economic benefit will flow to the Company and the revenue can be reliably measured.

Revenue is recognised only when risks and rewards incidental to ownership are transferred to the customer, if it can be reliably measured and it is reasonable to expect ultimate collection. Revenue from operations includes sale of shares, services adjusted for discounts net of taxes.

Interest income is recognised on a time proportion basis taking into account the amount outstanding and the interest rate applicable.

Dividend income is accounted for on receipt basis.

Company has given advances to vendors for litigation and consultancy work which is kept as advance to supplier. The same shall be expensed at the time of final outcome of the case.

e) Investments

Investments that are readily realizable and intended to be held for not more than a year are classified as current investments. All other investments are classified as non-current investments. Current investments are carried at lower of cost and fair value determined on an individual investment basis. Non-current investments are carried at cost, less provision for diminution in value other than temporary.

f) Foreign Currency Transactions

Foreign Currency transactions are recorded at the exchange rate prevailing on the date of the transaction. At

the year-end, all monetary assets and liabilities denominated in foreign currency are reinstated at the year-end exchange rates. Any income or expense on account of exchange difference either on settlement or on translation is recognized in the Profit and Loss Statement.

g) Borrowing Costs

Borrowing costs that are attributable to the acquisition or construction of qualifying assets are capitalized as part of cost of such assets. A qualifying asset is one that necessarily takes a substantial period of time to get ready for its intended use or sale. All other borrowing costs are charged to the Profit and Loss A/c in the year in which they are incurred.

h) Taxation

Tax expense comprising current tax and deferred tax are included in the determination of the net profit or loss for the period.

Current Tax:-

Current tax is measured at the amount expected to be paid to the tax authorities in accordance with the provisions of Income Tax Act, 1961

Deferred Taxation:-

Deferred Taxation on timing differences, being the differences between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more subsequent periods is accounted for using the tax rates and tax laws enacted or subsequently enacted as on the balance sheet date. Deferred tax assets arising on account of unabsorbed depreciation or carry forward of tax losses are recognized only to the extent that there is a virtual certainty supported by convincing evidence that sufficient future taxable income will be available against which such deferred tax assets can be realized. Other deferred tax assets are recognized only when there is a reasonable certainty of their realization.

i) Provisions, Contingent Liabilities and Contingent Assets

Provisions are recognized when there is a present obligation as a result of a past event and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and there is a reliable estimate of the amount of obligation.

Contingent liabilities are disclosed when there is a possible obligation arising from past events, the existence of which will be confirmed only by the occurrence of one or more uncertain future events not wholly within the control of the company or a present obligation that arises from past events where it is either not probable that an outflow of resources will be required to settle the obligation or a reliable estimate of the amount cannot be made.

j) Leases

Where the Company is the lessor

Assets given on operating leases are included in fixed assets. Lease income is recognized in the statement of profit and loss on a straight-line basis over the lease term. Costs, including depreciation, are recognized as an expense in the statement of profit and loss. Initial direct costs such as legal costs, brokerage costs, etc. are recognized immediately in the statement of profit and loss.

Where the Company is the lessee

Leases where the lesser effectively retains substantially all the risks and benefits of ownership of the leased items, are classified as operating leases. Operating lease payments are recognized as an expense in the statement of profit and loss on a straight-line basis over the lease term.

k) Depreciation

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013 on Straight Line Method.

l) Employee Benefits:

Liability in respect of employee benefits is provided for and is charged to profit and loss account as follows:

Short-term employee benefits: -

All employee benefits payable wholly within twelve months of rendering the services are classified as short-term employee benefits. These benefits include salaries and wages, bonus, ex-gratia and compensated absences such as paid annual leave. The undiscounted amount of short-term employee benefits expected to be paid in exchange for the services rendered by employees is charged to the Statement of profit and loss in the period in which such services are rendered.

Post-employment benefits:-

A defined contribution plan is a post-employment benefit plan under which the company pays specified contributions to a separate entity. The Company makes specified monthly contributions towards Provident Fund. The Company's contributions to Employees Provident Fund are charged to statement of profit and loss every year. Provision for gratuity is provided based on Actuarial Valuation made covering at the year ended 31 March 2024, 31st March 2023, 31st March 2022 Short Term Employee Benefits like leave benefit, if any, are paid along with salary and wages on a month to month basis, bonus to employees are charged to profit and loss account on the basis of actual payment on year to year basis.

Arbitration Petition No. 1253 of 2023. Share Samadhan Limited vs. Ravindra Katyal before Sh. Satyam Thareja, Ld. Arbitrator

The Hon’ble High Court of Delhi vide its order dated 13.03.2024 in Arbitration Case being ARB.P. 1253/2023 appointed Sh. Satyam Thareja, Advocate as the Sole Arbitrator to adjudicate the disputes between Share Samadhan Limited (the “Claimant”) and Mr. Ravindra Katyal (the “Respondent”). The

Respondent herein had approached the Claimant to retrieve/ recover his father's i.e. Late Sh. Krishan Lal Katial's investments in equity shares of 39 (thirty nine) public listed companies in India, which the father of the Respondent had neglected and/or forgotten about over the years. In pursuance thereof, the Claimant and the Respondent executed a Consultancy Agreement dated 09.03.2021 ("Agreement"), where under the Claimant was required to provide its services for retrieving the investments of the father of the Respondent in the 39 (thirty nine) listed companies, in lieu of which the Claimant was to receive a consultation fee/ commission, as per the terms of the Agreement.

In furtherance of the said Consultancy Agreement, the Claimant was continuously providing its services to the Respondent and made efforts to identify and track down the equity shares/ securities in the 39 (thirty nine) public companies which had remained unclaimed thus far. The Claimant diligently prepared the documents required for the entire retrieval process, however, the Respondent had failed on his part to provide all the requisite information and documents for retrieval of the investments made by his late father in all the 39 (thirty nine) listed companies as per the Agreement's terms and conditions, owing to which the Claimant was forced to terminate the Agreement and claim Rs. 26,66,446/- (Rupees Twenty-Six Lakhs Sixty-Six Thousand Four Hundred and Forty-Six only) as per the provisions of the Agreement, along with the interest of Rs. 6,39,947/- (Rupees Six Lakhs Thirty-Nine Thousand Nine Hundred Forty-Seven only) at compound interest of 24% p.a., litigation expenses of Rs. 3,00,000/- (Rupees Three Lakhs only) and claim towards mental harassment amounting to Rs.10,00,000/- (Rupees Ten Lakhs only). The statement of claims has been filed by the Claimant and the last date of hearing in the arbitration matter was 30.05.2024. The matter has now been posted for reply and the next date of hearing in the matter is 31.08.2024. Presently the matter is pending.

Arbitration Petition No. 318 of 2024, Share Samadhan Limited v. Vinay Prakash Sadh, pending before the Hon'ble High Court of Delhi at New Delhi (Petition under section 11(6) of the Arbitration and Conciliation Act, 1996)

The present matter pertains to a dispute between Share Samadhan Limited (the "Petitioner") and Mr. Vinay Prakash Sadh (the "Respondent") in respect of non-payment of Rs. 98,000/- (Rupees Ninety Eight Thousand only) along with interest, by the Respondent. The Respondent had approached the office of the Petitioner Company for availing the Petitioner's services of recovering equity shares/ securities held by the Respondent in Reliance Industries Ltd. from the Investor Education Protection Fund (IEPF) account. In this regard, the Petitioner and the Respondent had executed the Consultancy Agreement dated 21.11.2021 ("Agreement") for undertaking the abovementioned services by the Petitioner for the consideration amount of Rs. 1,20,864/- (Rupees One Lakh Twenty Thousand Eight Hundred Sixty Four only), wherein the advance amount of Rs. 23,600/- (Rupees Twenty Three Thousand Six Hundred) was paid by the Respondent to Petitioner and the balance amount was to be payable upon the completion of work. That although the Petitioner duly carried out its obligations per the terms of the Agreement and got about 216 (two hundred sixteen) equity shares of Reliance Industries Ltd. released in favour of the Respondent from the IEPF Authority which were eventually deposited in the de-materialised account of the Respondent as well. Pursuant to the aforesaid, on 16.11.2022, the Petitioner raised an invoice for the sum of Rs. 97,264/- (Rupees Ninety Seven Thousand Two Hundred Sixty Four only) with respect to the balance amount to be paid by Respondent in accordance with the terms of the Agreement. However, the Respondent failed to make the payment, pursuant to which on 16.01.2023, the Petitioner sent a legal notice to the Respondent demanding the aforesaid amount which was returned to the address of legal counsel of the Petitioner.

It was mentioned in the Consultancy Agreement that in terms of Clause 5 of the Consultancy Agreement, any dispute arising between the parties shall be adjudicated by a mutually appointed arbitrator. In

accordance thereof, on 12.02.2024, the Petitioner sent an e-mail to the Respondent for appointing an arbitrator to adjudicate the dispute between the parties and suggested one Arbitrator, however, the delivery of the said email failed on the email address provided by the Respondent. The Petitioner had on 22.02.2024 again sent the notice for appointment of arbitrator on another available address of the Respondent and the same was duly received by the Respondent but no reply to the said notice was ever received from the Respondent. Owing to the above, the present Arbitration Petition no. 318 of 2024 under Sections 11(5) and 11(6) of the Arbitration & Conciliation Act, 1996 was filed by the Petitioner before the Hon'ble High Court of Delhi, seeking: (a) issuance of appropriate order(s) or direction(s) for appointment of a sole arbitrator to adjudicate the dispute between the Petitioner and Respondent, in accordance with Section 11 of the Arbitration and Conciliation Act, 1996; (b) to pass order(s) upon the Respondent to pay the costs of the present petition in favour of the Petitioner; and (c) to pass such other and/or further order(s) as the Hon'ble High Court may deem fit and proper in the facts and circumstances of the case. The Hon'ble High Court of Delhi has vide its order dated 03.07.2024 appointed Mr. Abhishek Singh (Advocate) as the Arbitrator to arbitrate on the dispute between the parties. Initiation of arbitration proceedings before the learned Arbitrator is pending.

CC NI ACT/1634/2023, Abhay Kumar Chandalia v. TAV Aeronautics Consultancy Private Limited, Mrs. Anjali Mathur, Mr. Vinay Kumar Sangwan & Mrs. Veena Khanna before the M.M. (NI Act) Digital Court-01, South, Saket Courts, New Delhi

The present complaint has been filed by our Promoter and director Mr. Abhay Kumar Chandalia (the “Complainant”) against TAV Aeronautics Consultancy Private Limited, having CIN: U74900DL2018PTC342013, having its registered office at Flat No. UG-3 & UG-4, Upper Ground Floor, House No. 1121, Gali No.6, Village Mahipalpur, New Delhi- 110037 (the “Accused No.1 Company”) and represented through its directors Anjali Mathur, Vinay Kumar Sangwan and Mrs. Veena Khanna (collectively the “Accused”). The Accused persons Anjali Mathur, Vinay Kumar Sangwan and Mrs. Veena Khanna are directors of the Company and have control over the day-to-day affairs including the financial and operational activities of the Accused No.1 Company. The Accused No.1 Company provides recruitment services for recruitment of airline ground & flight employees. The Complainant herein was engaged as a financial consultant by the Accused No.1 Company for providing financial consultancy services to the Accused No.1 Company for raising funds for the working capital requirements of the Accused No.1 Company. For the timely consultancy services rendered by the Complainant to the Accused, the Complainant issued 5 invoices, each for Rs. 1,10,000/- (Rupees One Lakh Ten Thousand only) to the Accused No. 1 Company. For making payment towards the total invoiced amount of Rs.5,50,000/- (Rupees Five Lakhs Fifty Thousand Only) , the Accused persons issued the cheque no. 000153 dated 16.12.2022 amounting to Rs. 5,50,000/- (Rupees Five Lakhs Fifty Thousand only) drawn on Kotak Mahindra Bank having branch at Sector-C, Pocket 6 & 7, Vasant Kunj, New Delhi – 110070, with IFSC KKBK0000216 (hereinafter referred to as “Cheque”) in favour of the Complainant. However, upon presenting the said cheque by the Complainant the said cheque was dishonoured and was returned vide return memo dated 22.12.2022 with the endorsement “Payment stopped by drawer”.

Pursuant to the above, the Complainant served the legal notice dated 30.12.2022 under Section 138 of Negotiable Instruments Act, 1881 on the Accused No.1 Company and the Accused directors of the Company, which were duly served on their addresses including at the registered office address of the Accused No.1 Company. Despite the receipt of the legal notice, the Accused persons failed to respond to the legal notice and make payments of the abovementioned amount within 15 (fifteen) days of the receipt of the legal notice dated 30.12.2022 as per Section 138 of Negotiable Instruments Act, 1881. Owing to the aforesaid, the present complaint was filed by the Complainant before the Hon’ble M.M. (NI Act) Digital Court-01, South, Saket Courts, New Delhi under Section 138 of Negotiable Instruments Act, 1881 for dishonour of cheque amounting to Rs.5,50,000/-

(Rupees Five Lakhs Fifty Thousand only) issued by the Accused No.1/Accused persons. On 23.03.2024 the non-bailable warrant issued against the Accused No.2 Mrs. Anjali Mathur was cancelled subject to furnishing bonds in the sum of Rs. 25,000/- with one surety in the like amount. The last date of hearing in the matter was on 03.06.2024 and the next date of hearing in the matter to 03.09.2024. Presently, the matter is pending.

2. Litigation involving Civil Matters:

As on the date of this Red Herring Prospectus, there are no outstanding Civil Litigations initiated by our Promoters except as below:

Civil Writ Petition (B) No. 356 of 2022, Richpal & 106 Ors. v. Board of Revenue & 258 Ors. before the Hon'ble High Court of Judicature at Allahabad

This Civil Writ Petition has been filed by 107 petitioners, including the Promoter and director of our Company Mr. Abhay Kumar Chandalia, under U.P. Zamindari Abolition Act, 1950 ("UPZA") and Land Reforms Act, 1950 ("LR Act") against the Board of Revenue of the State of Uttar Pradesh and 258 others. The matter pertains to the legal sanctity of the registration of a sale deed in the village of Jaganpur Doaba, Greater Noida, District G.B. Nagar (U.P.) and ownership of a parcel of land purchased by our Promoter and Director Mr. Abhay Kumar Chandalia. The instant writ petition is linked/connected with another writ petition i.e. Writ Petition (B) No. 625 of 2022 Richpal And 106 Others v. Board Of Revenue And 139 Others, involving an identical question, which is also pending before the Hon'ble High Court of Allahabad.

The disputed land was originally situated in village Jaganpur Doaba (some where it is called Danada, Dunda), Tehsil Ballabharh, District Gurgaon, Punjab, on the western side of Yamuna River. However, in 1960 the land got gradually accredited to the territories of province of Uttar Pradesh after emerging from the Yamuna River due to change of course of the river. In Khatoni 1412-1417 fasli, the land in dispute was recorded in Khata No.2 of Village Jaganpur Doaba, Pargana Dankaur, Tehsil Sadar, District Gautam Budh Nagar in the names of Respondents 1st set. In 1961, a declaratory suit was filed for declaration of rights and title under Sections 229-B and 209 of UPZA and LR Act, 1950 by the Respondents Cheta and others against the Petitioners or their forefathers, in the Court of the then Sub-Divisional Officer, Sikandrabad, and then tehsil Sikandrabad, District Bulandshahar (Uttar Pradesh) regarding Khasra No. 14 situated in the aforesaid village Jaganpur Doaba. The real controversy in this matter is whether the declaratory suit under Sections 229-B & 209 of the UPZA and L.R Act was maintainable in the absence of notification published by the State of U.P. under Section 2A of the UPZA & L.R Act. The reliefs sought by the Petitioners, before the Hon'ble High Court, were for (a) issuance of a writ, order or direction in the nature of Certiorari for quashing the impugned order dated 12.10.2021 that was passed by Board of Revenue, Circuit Court, Meerut, Uttar Pradesh in Revision No. 63/2015 (Bihari Singh and others versus Puskar and others) and the order dated 25.07 2017 passed by Respondent No 1-A, Sub Divisional Officer (Sadar), District Gautam Budh Nagar; (b) Issuance of a writ, order or direction in the nature of certiorari quashing the order dated 22.05.1965 passed in the Revenue Appeal No. 4/119 passed by Respondent No. 2-A, Additional Collector, Bulandshahar; (c) Issuance of a writ, order or direction in the nature of mandamus directing the Respondent No.1 i.e. Board of Revenue, Circuit Bench Meerut, Uttar Pradesh.to consolidate the present case with Revision No.19 of 2011 (Cheta and others versus Hari and others) granting opportunity to the petitioners and deciding both the revisions together on the same question of law regarding the same land among the same parties(d) Issue any other writ, order or direction as the Hon'ble Court may

deem fit and proper in the circumstances of the case to meet the ends of justice; and (e) Costs of the petition.

The Hon'ble High Court of Judicature at Allahabad has issued an order dated 23.03.2023 wherein the impleadment application filed by Petitioners was allowed and the Hon'ble High Court had further instructed to list the matter after 2 weeks from the order date and the remaining 2 (two) impleadment applications were to be heard on the next date of hearing. The matter was last listed on 06.08.2024 and the next listing date is yet to be updated on the High Court website. The matter is presently pending.

As on the date of this Red Herring Prospectus, there are no outstanding actions initiated by Statutory or Regulatory Authorities against our Group Companies.

D. Litigation/Matters involving Tax Liabilities: as below.

The Commissioner of Income-tax (Appeals), Income Tax Department (the "Authority") vide DIN & Order No. ITBA/NFAC/S/250/2023-24/1059699366(1) dated 15.01.2024 under section 250 of Income Tax Act, 1961 (the "Act") passed an order dismissing the appeal bearing reference no. CIT (A), Jaipur-2/11254/2016-17 filed by one of our group entity, namely Abhay Kumar Chandalia HUF (the "Assessee"). The appeal was filed by the Assessee against the order dated 27.12.2016, bearing reference no. ITO WD 5(1), JPR, by the Assessing Officer ("AO") under sections 143(3) of the Act,

whereby the claim of exemption sought by the Assessee under section 10(38) of the Act on long term capital gains (LTCG) amounting to Rs. 53,65,632/- (Rupees Fifty Three Lakhs Sixty Five Thousand only) in the Assessment Year (AY) 2014-15 was denied by the AO (the “Order”). The AO under section 68 of the Act added the amount of Rs. 53,65,632/- (Rupees Fifty Three Lakhs Sixty Five Thousand only) as unexplained cash credit, Rs. 24,75,380/- (Rupees Twenty Four Lakhs Seventy Five Thousand Three Hundred and Eighty only) as penalty/ interest on the same, along with ordering the addition of Rs. 3,28,815/- (Rupees Three Lakhs Twenty Eight Thousand Eight Hundred and Fifteen only) which was the sum paid by the Assessee to brokers as commission on the total sale value of the shares as unexplained expenditures under section 69C of the Act. The Assessee challenged the said Order before the Authority on the grounds that the said transactions pertaining to the above mentioned sum of LTCG took place in the normal course of business, that the interest paid to brokers on the sale of shares is also in ordinary course of business and that no penalty & interest should be imposed on the Assessee since the Id. AO has not considered all the facts surrounding the transactions. The Authority, however, vide its aforementioned order dated 15.01.2024 had upheld the respective additions made by the AO and dismissed the appeal of the Assessee. Presently, the matter is pending.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint holders with benefits of survivorship.

Jurisdiction

Exclusive Jurisdiction for the purpose of this Issue is with the competent courts/authorities in India.

The Equity Share have not been and will not be registered under the U.S. Securities Act or any state securities laws in the United States and may not be issued or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S), except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the U.S. Securities Act and applicable U.S. state securities laws. Accordingly, the Equity Shares are being issued and sold only outside the United States in off-shore transactions in reliance on Regulation S under the U.S. Securities Act and the applicable laws of the jurisdiction where those issues and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be issued or sold, and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Nomination Facility to the Investor

In accordance with Section 72 of the Companies Act, 2013, read with Companies (Share Capital and Debentures) Rules, 2014, the sole Applicant, or the first Applicant along with other joint Applicants, may nominate any one person in whom, in the event of the death of sole Applicant or in case of joint Applicants, death of all the Applicants, as the case may be, the Equity Shares Allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to equity share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale/transfer/alienation of Equity Share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at our Registered Office or Corporate Office or to the registrar and transfer agents of our Company.

Any person who becomes a nominee by virtue of the provisions of Section 72 of the Companies Act shall upon production of such evidence, as may be required by the Board, elect either:

1. to register himself or herself as the holder of the equity shares; or
2. to make such transfer of the equity shares, as the deceased holder could have made.

Further, the Board may at any time give notice requiring any nominee to choose either to be registered himself or herself or to transfer the equity shares, and if the notice is not complied with within a period of ninety (90) days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the equity shares, until the requirements of the notice have been complied with.

Since the Allotment of Equity Shares in the Issue will be made only in dematerialized form, there is no need to make a separate nomination with our Company. Nominations registered with respective depository participant of the applicant would prevail. If the Applicants require changing of their nomination, they are requested to inform their respective depository participant.

The SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018, read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (“UPI”) and consequent reduction in timelines for listing in a phased manner. From January 01, 2019, the UPI Mechanism for RIBs applying through Designated Intermediaries was made effective along with the existing process and existing timeline of T+6 days. (“UPI Phase I”). The UPI Phase-I was effective till June 30, 2019.

Subsequently, for applications by Retail Individual Investors through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of six months or launch of five main board public issues, whichever is later (“UPI Phase II”), with effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by Retail Individual Investors (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for

initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, and SEBI circular no. SEBI/HO/CFD/DIL2/P/2022/51 dated April 20, 2022, and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹ 500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023, and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

REDUCTION OF TIMELINE FOR LISTING OF SHARES IN PUBLIC ISSUE FROM EXISTING T+6 DAYS TO T+3 DAYS

The SEBI vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 09, 2023, has introduced reduction of timeline for listing of shares in public issue from existing t+6 days to t+3 days. This circular shall be applicable on voluntary basis for public issues opening on or after September 1, 2023, and Mandatory for public issues opening on or after December 1, 2023.

Consequent to extensive consultation with the market participants and considering the public comments received pursuant to consultation paper on the aforesaid subject matter, it has been decided to reduce the time taken for listing of specified securities after the closure of public issue to 3 working days (T+3 days) as against the requirement of 6 working days (T+6 days); 'T' being issue closing date.

The T+3 timeline for listing shall be appropriately disclosed in the Offer Documents of public issues.

Notwithstanding anything contained in Schedule VI of the ICDR Regulations, the provisions of this circular shall be applicable:

- On voluntary basis for public issues opening on or after September 1, 2023, and
- Mandatory for public issues opening on or after December 1, 2023.

The timelines prescribed for public issues as mentioned in SEBI circulars dated November 1, 2018, June 28, 2019, November 8, 2019, March 30, 2020, March 16, 2021, June 2, 2021, and April 20, 2022, shall stand modified to the extent stated in this Circular.

SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021, read with SEBI circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021 effective to public issues opening on or after from May 01, 2021. However, said circular has been modified pursuant to SEBI Circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 in which certain applicable procedure w.r.t. SMS Alerts, Web portal to CUG etc. shall be applicable to Public Issue opening on or after January 1, 2022 and October 1, 2021 respectively and the provisions of this circular, as amended, are deemed to form part of this Red Herring Prospectus. Additionally, SEBI vide its circular no. SEBI/HO/CFD/DIL1/CIR/P/2021/47 dated March 31, 2021, has reduced the time period for refund of application monies from 15 days to four days.

Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all UPI Bidders in initial public offerings (opening on or after May 01, 2022) whose application sizes are up to Rs. 5,00,000/- shall use the UPI Mechanism.

PHASED IMPLEMENTATION OF UNIFIED PAYMENTS INTERFACE

SEBI has issued UPI Circulars in relation to streamlining the process of public issue of equity shares and convertibles. Pursuant to the UPI Circulars, UPI will be introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under the ASBA) for applications by RIIs through intermediaries with the objective to reduce the time duration from public issue closure to listing from six Working Days to up to three Working Days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI Mechanism, the UPI Circulars proposes to introduce and implement the UPI Mechanism in three phases in the following manner:

- a. Phase I: This phase was applicable from January 01, 2019 and lasted till June 30, 2019. Under this phase, a Retail Individual applicant, besides the modes of Bidding available prior to the UPI Circulars, also had the option to submit the Bid cum Application Form with any of the intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.
- b. Phase II: This phase commenced on completion of Phase I i.e. with effect from July 1, 2019 and was to be continued for a period of three months or launch of five main board public issues, whichever is later. Further, as per the SEBI circular SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019, the UPI Phase II has been extended until March 31, 2020. Further still, as per SEBI circular

SEBI/HO/CFD/DIL2/CIR/P/2020/50 dated March 30, 2020, the current Phase II of Unified Payments Interface with Application Supported by Blocked Amount be continued till further notice. Under this phase, submission of the Application Form by a Retail Individual Applicant through intermediaries to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI Mechanism. However, the time duration from public issue closure to listing would continue to be Three Working Days during this phase.

- c. Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023, and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Offer is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering the facility of making applications in public issues are required to provide a facility to make applications using the UPI Mechanism. Further, in accordance with the UPI Circulars, our Company has appointed Yes Bank Limited as the Sponsor Bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the Retail Individual Investors into the UPI mechanism.

Pursuant to the UPI Circular, SEBI has set out specific requirements for redressal of investor grievances for applications that have been made through the UPI Mechanism. The requirements of the UPI Circular include, appointment of a nodal officer by the SCSB and submission of their details to SEBI, the requirement for SCSBs to send SMS alerts for the blocking and unblocking of UPI mandates, the requirement for the Registrar to submit details of cancelled, withdrawn or deleted applications, and the requirement for the bank accounts of unsuccessful Bidders to be unblocked no later than one day from the date on which the Basis of Allotment is finalized. Failure to unblock the accounts within the timeline would result in the SCSBs being penalised under the relevant securities law. Additionally, if there is any delay in the redressal of investors' complaints in this regard, the relevant SCSB as well as the post – Offer BRLM will be required to compensate the concerned investor.

SEBI through its circular (SEBI/HO/CFD/DIL2/CIR/P/2022/45) dated April 5, 2022, has prescribed that all individual investors applying in initial public offerings opening on or after May 1, 2022, where the application amount is up to Rs. 5,00,000, shall use UPI. Individual investors bidding under the Non-Institutional Portion bidding for more than Rs. 200,000 and up to Rs. 5,00,000, using the UPI Mechanism, shall provide their UPI ID in the Bid-cum-Application Form for Bidding through Syndicate, sub-syndicate members, Registered Brokers, RTAs or CDPs, or online using the facility of linked online trading, demat and bank account (3 in 1 type accounts), provided by certain brokers.

The processing fees for applications made by Retail Individual Bidders using the UPI Mechanism may be released to the remitter banks (SCSBs) only after such banks provide a written confirmation on compliance with SEBI Circular No: SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, read with SEBI Circular No: SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021.

For further details, refer to the “General Information Document” available on the websites of the Stock Exchange and the BRLM.

Bid cum Application Form

APPLICATIONS BY ELIGIBLE FIIs/FPIs

In terms of the SEBI FPI Regulations, an FII who holds a valid certificate of registration from SEBI shall be deemed to be a registered FPI until the expiry of the block of three years for which fees have been paid as per the SEBI FII Regulations.

An FII or sub-account may, subject to payment of conversion fees under the SEBI FPI Regulations participate in the Issue until the expiry of its registration with SEBI as an FII or sub-account, or if it has obtained a certificate of registration as an FPI, whichever is earlier. Accordingly, such FIIs can, subject to the payment of conversion fees under the SEBI FPI Regulations, participate in this Offer in accordance with Schedule 2 of the FEMA Regulations. An FII shall not be eligible to invest as an FII after registering as an FPI under the SEBI FPI Regulations.

In terms of the SEBI FPI Regulations, the purchase of Equity Shares and total holding by a single FPI or an investor group (which means the same set of ultimate beneficial owner(s) investing through multiple entities) must be below 10% of our post-issue Equity Share capital. Further, in terms of the FEMA Regulations, the total holding by each FPI shall be below 10% of the total paid-up Equity Share capital of our Company and the total holdings of all FPIs put together shall not exceed 24% of the paid-up Equity Share capital of our Company. The aggregate limit of 24% may be increased up to the sectoral cap by way of a resolution passed by the Board of Directors followed by a special resolution passed by the Shareholders of our Company and subject to prior intimation to RBI. In terms of the FEMA Regulations, for calculating the aggregate holding of FPIs in a company, holding of all registered FPIs as well as holding of FIIs (being deemed FPIs) shall be included.

Further, pursuant to the Master Directions on Foreign Investment in India issued by the RBI dated January 4, 2018 (updated as on March 8, 2019) the investments made by a SEBI registered FPI in a listed Indian company will be reclassified as FDI if the total shareholding of such FPI increases to more than 10% of the total paid-up

equity share capital on a fully diluted basis or 10% or more of the paid up value of each series of debentures or preference shares or warrants.

FPIs are permitted to participate in the Issue subject to compliance with conditions and restrictions which may be specified by the Government from time to time.

Subject to compliance with all applicable Indian laws, rules, regulations, guidelines and approvals in terms of Regulation 22 of the SEBI FPI Regulations, an FPI, other than Category III foreign portfolio investor and unregulated broad based funds, which are classified as Category II foreign portfolio investor by virtue of their investment manager being appropriately regulated, may issue, subscribe to or otherwise deal in offshore derivative instruments (as defined under the SEBI FPI Regulations as any instrument, by whatever name called, which is issued overseas by a FPI against securities held by it that are listed or proposed to be listed on any recognised stock exchange in India, as its underlying) directly or indirectly, only in the event (i) such offshore derivative instruments are issued only to persons who are regulated by an appropriate regulatory authority; and (ii) such offshore derivative instruments are issued after compliance with know your client' norms. Further, pursuant to a Circular dated November 24, 2014 issued by the SEBI, FPIs are permitted to issue offshore derivative instruments only to subscribers that (i) meet the eligibility criteria set forth in Regulation 4 of the SEBI FPI Regulations; and (ii) do not have opaque structures, as defined under the SEBI FPI Regulations. An FPI is also required to ensure that no further issue or transfer of any offshore derivative instrument is made by or on behalf of it to any persons that are not regulated by an appropriate foreign regulatory authority. Further, where an investor has investments as FPI and also holds positions as an overseas direct investment subscriber, investment restrictions under the SEBI FPI Regulations shall apply on the aggregate of FPI investments and overseas direct investment positions held in the underlying Indian company.

FPIs who wish to participate in the Offer are advised to use the Application Form for Non-Residents (blue in color). FPIs are required to apply through the ASBA process to participate in the Offer.

APPLICATIONS BY SEBI REGISTERED ALTERNATIVE INVESTMENT FUND (AIF), VENTURECAPITAL FUNDS AND FOREIGN VENTURE CAPITAL INVESTORS

The Securities and Exchange Board of India (Venture Capital Funds) Regulations, 1996 as amended, (the "SEBI VCF Regulations") and the Securities and Exchange Board of India (Foreign Venture Capital Investor) Regulations, 2000, as amended, among other things prescribe the investment restrictions on VCFs and FVCIs registered with SEBI. Further, the Securities and Exchange Board of India (Alternative Investment Funds) Regulations, 2012 (the "SEBI AIF Regulations") prescribe, amongst others, the investment restrictions on AIFs.

The holding by any individual VCF registered with SEBI in one venture capital undertaking should not exceed 25% of the corpus of the VCF. Further, VCFs and FVCIs can invest only up to 33.33% of the investible funds by way of subscription to an initial public offering.

The category I and II AIFs cannot invest more than 25% of the corpus in one Investee Company. A category III AIF cannot invest more than 10% of the corpus in one Investee Company. A venture capital fund registered as a category I AIF, as defined in the SEBI AIF Regulations, cannot invest more than 1/3rd of its corpus by way of subscription to an initial public offering of a venture capital undertaking. Additionally, the VCFs which have not re-registered as an AIF under the SEBI AIF Regulations shall continue to be regulated by the VCF Regulation until the existing fund or scheme managed by the fund is wound up and such funds shall not launch any new scheme after the notification of the SEBI AIF Regulations.

All FIIs and FVCIs should note that refunds, dividends, and other distributions, if any, will be payable in Indian Rupees only and net of Bank charges and commission.

Our Company or the BRLM will not be responsible for loss, if any, incurred by the Applicant on account of conversion of foreign currency.

There is no reservation for Eligible NRIs, FPIs and FVCIs and all Applicants will be treated on the same basis with other categories for the purpose of allocation.

- II. In case of Bidders (excluding NIIs) Bidding at Cut-off Price, the Bidders may instruct the SCSBs to block Bid Amount based on the Cap Price less Discount (if applicable).
- III. For Details of the timing on acceptance and upload of Bids in the Stock Exchange Platform Bidders are requested to refer to the Red Herring Prospectus.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than Retail Individual Investors and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to RHP. No Retail Individual Investor will be Allotted less than the minimum Bid Lot subject to availability of shares in Retail Individual Investor Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

Flow of Events from the closure of bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details.
- RTA identifies cases with mismatch of account number as per bid file / Final Certificate and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The Designated Stock Exchange (DSE), post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below:

Process for generating list of allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

BASIS OF ALLOTMENT

Allotment will be made in consultation with the BSE. In the event of oversubscription, the allotment will be made on a proportionate basis in marketable lots as set forth here:

1. The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the over subscription ratio (number of applicants in the category X number of Shares applied for).
 2. The number of Shares to be allocated to the successful applicants will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).
- a) For applications where the proportionate allotment works out to less than 1600 equity shares the allotment will be made as follows:
1. Each successful applicant shall be allotted 1600 equity shares; and
 2. The successful applicants out of the total applicants for that category shall be determined by the drawl of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (2) above.
- b) If the proportionate allotment to an applicant works out to a number that is not a multiple of 1600 equity shares, the applicant would be allotted Shares by rounding off to the nearest multiple of 1600 equity shares subject to a minimum allotment of 1600 equity shares.
- c) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the applicants in that category, the balance available Shares for allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful applicants in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising of applicants applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1600 equity shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the offer specified under the Capital Structure mentioned in this Red Herring Prospectus.

- d) The above proportionate allotment of shares in an Issue that is oversubscribed shall be subject to the reservation for small individual applicants as described below:
1. As the retail individual investor category is entitled to more than fifty percent on proportionate basis, the retail individual investors shall be allocated that higher percentage.
 2. The balance net offer of shares to the public shall be made available for allotment to
 - a) Individual applicants other than retails individual investors and
 - b) Other investors, including Corporate Bodies/ Institutions irrespective of number of shares applied for.
 3. The unsubscribed portion of the net offer to any one of the categories specified in a) or b) shall/may be made available for allocation to applicants in the other category, if so required.

Retail Individual Investor' means an investor who applies for shares of value of not more than Rs. 2,00,000/. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with BSE.

The Executive Director / Managing Director of BSE – the Designated Stock Exchange in addition to BRLM and Registrar to the Public Issue shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

INFORMATION FOR BIDDERS

The relevant Designated Intermediary will enter a maximum of three Bids at different price levels opted in the Bid cum Application Form and such options are not considered as multiple Bids. It is the Bidder's responsibility to obtain the acknowledgment slip from the relevant Designated Intermediary. The registration of the Bid by the Designated Intermediary does not guarantee that the Equity Shares shall be allocated/Allotted. Such an Acknowledgement Slip will be non-negotiable and by itself will not create any obligation of any kind. When a Bidder revises his or her Bid, he /she shall surrender the earlier Acknowledgement Slip and may request for a revised acknowledgment slip from the relevant Designated Intermediary as proof of his or her having revised the previous Bid. In relation to electronic registration of Bids, the permission given by the Stock Exchange to use their network and software of the electronic bidding system should not in any way be deemed or construed to mean that the compliance with various statutory and other requirements by our Company, the BRLM are cleared or approved by the Stock Exchange; nor does it in any manner warrant, certify or endorse the correctness or completeness of compliance with the statutory and other requirements, nor does it take any responsibility for the financial or other soundness of our Company, the management or any scheme or project of our Company; nor does it in any manner warrant, certify or endorse the correctness or completeness of any of the contents of the Draft Red Herring Prospectus or the Red Herring Prospectus; nor does it warrant that the Equity Shares will be listed or will continue to be listed on the Stock Exchanges.

OTHER INSTRUCTIONS

Joint Applications in the case of Individuals

Applications may be made in single or joint names (not more than three). In the case of joint Applications, all payments will be made out in favour of the Applicant whose name appears first in the Application Form or Revision Form. All communications will be addressed to the First Applicant and will be dispatched to his or her address as per the Demographic Details received from the Depository.

Multiple Applications

An Applicant should submit only one Application (and not more than one) for the total number of Equity Shares required. Two or more Applications will be deemed to be multiple Applications if the sole or First Applicant is one and the same.

In this regard, the procedures which would be followed by the Registrar to the Issue to detect multiple applications are given below:

- (i) All applications are electronically strung on first name, address (1st line) and applicant's status. Further, these applications are electronically matched for common first name and address and if matched, these are checked manually for age, signature and father/ husband's name to determine if they are multiple applications.
- (ii) Applications which do not qualify as multiple applications as per above procedure are further checked for common DP ID/ beneficiary ID. In case of applications with common DP ID/ beneficiary ID, are manually checked to eliminate possibility of data entry error to determine if they are multiple applications.
- (iii) Applications which do not qualify as multiple applications as per above procedure are further checked for common PAN. All such matched applications with common PAN are manually checked to eliminate possibility of data capture error to determine if they are multiple applications.

In case of a mutual fund, a separate Application can be made in respect of each scheme of the mutual fund registered with SEBI and such Applications in respect of more than one scheme of the mutual fund will not be treated as multiple Applications provided that the Applications clearly indicate the scheme concerned for which the Application has been made.

In cases where there are more than 20 valid applications having a common address, such shares will be kept in abeyance, post allotment and released on confirmation of know your client' norms by the depositories. The Company reserves the right to reject, in our absolute discretion, all or any multiple Applications in any or all categories.

After submitting an ASBA Application either in physical or electronic mode, an ASBA Applicant cannot apply (either in physical or electronic mode) to either the same or another Designated Branch of the SCSB. Submission of a second Application in such manner will be deemed a multiple Application and would be rejected. More than one ASBA Applicant may apply for Equity Shares using the same ASBA Account, provided that the SCSBs will not accept a total of more than five Application Forms with respect to any single ASBA Account.

Duplicate copies of Application Forms downloaded and printed from the website of the Stock Exchange bearing the same application number shall be treated as multiple applications and are liable to be rejected. The Company, in consultation with the BRLM reserves the right to reject, in its absolute discretion, all or any multiple applications in any or all categories. In this regard, the procedure which would be followed by the Registrar to the Issue to detect multiple applications is given below:

1. All Applications will be checked for common PAN. For Applicants other than Mutual Funds and FII subaccounts, Applications bearing the same PAN will be treated as multiple Applications and will be rejected.
2. For Applications from Mutual Funds and FII sub-accounts, submitted under the same PAN, as well as Applications on behalf of the Applicants for whom submission of PAN is not mandatory such as the Central or State Government, an official liquidator or receiver appointed by a court and residents of Sikkim, the Application Forms will be checked for common DP ID and Client ID.

PERMANENT ACCOUNT NUMBER OR PAN

Pursuant to the circular MRD/DoP/Circ 05/2007 dated April 27, 2007, SEBI has mandated Permanent Account Number (PAN) to be the sole identification number for all participants transacting in the securities market, irrespective of the amount of the transaction w.e.f. July 02, 2007. Each of the Applicants should mention his/her PAN allotted under the IT Act. **Bid submitted without this information will be considered incomplete and are liable to be rejected.** It is to be specifically noted that Applicants should not submit the GIR number instead of the PAN, as the Application is liable to be rejected on this ground.

RIGHT TO REJECT APPLICATIONS

In case of QIB Applicants, the Company in consultation with the BRLM may reject Applications provided that the reasons for rejecting the same shall be provided to such Applicant in writing. In case of Non-Institutional Applicants, Retail Individual Applicants who applied, the Company has a right to reject Applications based on technical grounds.

GROUND FOR REJECTIONS

264 of SEBI (ICDR) Regulations, 2018, shall be in the format prescribed in Part A of Schedule VI of the SEBI Regulations.

ISSUANCE OF ALLOTMENT ADVICE

On the Designated date, the SCSBs shall transfer the funds represented by allocation of equity shares into public issue account with the banker to the issue. Upon approval of the basis of the allotment by the Designated Stock Exchange, the Registrar to the Issue shall upload the same on its website. On the basis of approved basis of allotment, the issuer shall pass necessary corporate action to facilitate the allotment and credit of equity shares. Applicants are advised to instruct their respective depository participants to accept the equity shares that may be allotted to them pursuant to the issue. Pursuant to confirmation of such corporate actions the Registrar to the Issue will dispatch allotment advice to the applicants who have been allotted equity shares in the issue. The dispatch of allotment advice shall be deemed a valid, binding and irrevocable contract.

The Company will issue and dispatch letters of allotment/ securities certificates and/ or letters of regret or credit the allotted securities to the respective beneficiary accounts, if any within a period of 4 working days of the Issue Closing Date. The Issuer also ensures the credit of shares to the successful Applicants Depository Account is completed within one working Day from the date of allotment, after the funds are transferred from ASBA Public Issue Account to Public Issue account of the issuer.

DESIGNATED DATE

On the Designated date, the SCSBs shall transfer the funds represented by allocations of the Equity Shares into Public Issue Account with the Bankers to the Issue.

The Company will issue and dispatch letters of allotment/ or letters of regret along with refund order or credit the allotted securities to the respective beneficiary accounts, if any within a period of 4 working days of the Issue Closing Date. The Company will intimate the details of allotment of securities to Depository immediately on allotment of securities under relevant provisions of the Companies Act, 2013 or other applicable provisions, if any.

NAMES OF ENTITIES RESPONSIBLE FOR FINALISING THE BASIS OF ALLOTMENT IN A FAIR AND PROPER MANNER

The authorized employees of the Stock Exchange, along with the BRLM and the Registrar, shall ensure that the Basis of Allotment is finalised in a fair and proper manner in accordance with the procedure specified in SEBI ICDR Regulations.

METHOD OF ALLOTMENT AS MAY BE PRESCRIBED BY SEBI FROM TIME TO TIME

Our Company will not make any allotment in excess of the Equity Shares offered through the offer document except in case of oversubscription for the purpose of rounding off to make allotment, in consultation with the Designated Stock Exchange. The allotment of Equity Shares to applicants other than to the Retail Individual Investors shall be on a proportionate basis within the respective investor categories and the number of securities allotted shall be rounded off to the nearest integer, subject to minimum allotment being equal to the minimum application size.

DISPOSAL OF APPLICATION AND APPLICATION MONIES AND INTEREST IN CASE OF DELAY

The company shall ensure the dispatch of allotment advice, instruction to SCSBs and give benefit to the beneficiary account with Depository Participants and submit the documents pertaining to the allotment to the stock exchange within one (1) working day of the date of allotment of equity shares.

The company shall use best efforts that all steps for completion of the necessary formalities for listing and commencement of trading at SME platform of BSE, where the equity shares are proposed to be listed are taken with Three (3) working days of the closure of the issue.

MODE OF REFUNDS

a) In case of ASBA Applicants: Within 2 (Two) Working Days of the Issue Closing Date, the Registrar to the Issue may give instructions to SCSBs for unblocking the amount in ASBA Account on unsuccessful Application, for any excess amount blocked on Application, for any ASBA application withdrawn, rejected or unsuccessful or in the event of withdrawal or failure of the Offer

b) In the case of Applications from Eligible NRIs and FPIs, refunds, if any, may generally be payable in Indian Rupees only and net of bank charges and/ or commission. If so desired, such payments in Indian Rupees may be converted into U.S. Dollars or any other freely convertible currency as may be permitted by the RBI at the rate of exchange prevailing at the time of remittance and may be dispatched by registered post. The Company may not be responsible for loss, if any, incurred by the applicant on account of conversion of foreign currency.

c) In case of Other Investors: Within six Working Days of the Issue Closing Date, the Registrar to the Issue may dispatch the refund orders for all amounts payable to unsuccessful Investors. In case of Investors, the Registrar to the Offer may obtain from the depositories, the Applicants' bank account details, including the MICR code, on the basis of the DP ID, Client ID and PAN provided by the Investors in their Investor Application Forms for refunds. Accordingly, Investors are advised to immediately update their details as appearing on the records of their depositories. Failure to do so may result in delays in dispatch of refund orders or refunds through electronic transfer of funds, as applicable, and any such delay may be at the Investors' sole risk and neither the Issuer, the Registrar to the Issue, the Escrow Collection Banks, may be liable to compensate the Investors for any losses caused to them due to any such delay, or liable to pay any interest for such delay.

MODE OF MAKING REFUNDS FOR APPLICANTS OTHER THAN ASBA APPLICANTS

The payment of refund, if any, may be done through various modes as mentioned below:

(i) NECS - Payment of refund may be done through NECS for Applicants having an account at any of the centers specified by the RBI. This mode of payment of refunds may be subject to availability of complete bank account details including the nine-digit MICR code of the applicant as obtained from the Depository.

(ii) NEFT - Payment of refund may be undertaken through NEFT wherever the branch of the Applicants' bank is NEFT enabled and has been assigned the Indian Financial System Code ("IFSC"), which can be linked to the MICR of that particular branch. The IFSC Code may be obtained from the website of RBI as at a date prior to the date of payment of refund, duly mapped with MICR numbers. Wherever the Applicants have registered their nine-digit MICR number and their bank account number while opening and operating the demat account, the same may be duly mapped with the IFSC Code of that particular bank branch and the payment of refund may

be made to the Applicants' through this method. In the event NEFT is not operationally feasible, the payment of refunds may be made through any one of the other modes as discussed in this section;

(iii) Direct Credit – Applicants having their bank account with the Refund Banker may be eligible to receive refunds, if any, through direct credit to such bank account;

(iv) RTGS – Applicants having a bank account at any of the centres notified by SEBI where clearing houses are managed by the RBI, may have the option to receive refunds, if any, through RTGS. The IFSC code shall be obtained from the demographic details. Investors should note that on the basis of PAN of the applicant, DP ID and beneficiary account number provided by them in the Application Form, the Registrar to the Issue will obtain from the Depository the demographic details including address, Investors' account details, IFSC code, MICR code and occupation (hereinafter referred to as “Demographic Details”). The bank account details for would be used giving refunds. Hence, Applicants are advised to immediately update their bank account details as appearing on the records of the Depository Participant. Please note that failure to do so could result in delays in dispatch/ credit of refunds to Applicants at their sole risk and neither the BRLM or the Registrar to the Issue or the Escrow Collection Bank nor the Company shall have any responsibility and undertake any liability for the same;

(IV) Please note that refunds, on account of our Company not receiving the minimum subscription, shall be credited only to the bank account from which the Bid Amount was remitted to the Escrow Bank. For details of levy of charges, if any, for any of the above methods, Bank charges, if any, for cashing such cheques, pay orders or demand drafts at other centers etc. Investors may refer to Red Herring Prospectus.

INTEREST IN CASE OF DELAY IN ALLOTMENT OR REFUND

The Issuer shall make the Allotment within the period prescribed by SEBI. A Resident Retail Individual Investor shall submit his Application through an Application Form, either in physical or electronic mode, to the SCSB with whom the bank account of the ASBA Applicant or bank account utilized by the ASBA Applicant (ASBA Account) is maintained. The SCSB shall block an amount equal to the Application Amount in the bank account specified in the ASBA Application Form, physical or electronic, on the basis of an authorization to this effect given by the account holder at the time of submitting the Application. The Application Amount shall remain blocked in the aforesaid ASBA Account until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against the allocated shares to the ASBA Public Issue Account, or until withdrawal/failure of the Issue or until withdrawal/rejection of the ASBA Application, as the case may be.

The ASBA data shall thereafter be uploaded by the SCSB in the electronic IPO system of the Stock Exchange. Once the Basis of Allotment is finalized, the Registrar to the Issue shall send an appropriate request to the Controlling Branch of the SCSB for unblocking the relevant bank accounts and for transferring the amount allocable to the successful ASBA Applicants to the ASBA Public Issue Account. In case of withdrawal/failure of the Issue, the blocked amount shall be unblocked on receipt of such information from the LM.

ASBA Applicants are required to submit their Applications, either in physical or electronic mode. In case of application in physical mode, the ASBA Applicant shall submit the ASBA Application Form at the Designated Branch of the SCSB. In case of application in electronic form, the ASBA Applicant shall submit the Application Form either through the internet banking facility available with the SCSB, or such other electronically enabled

mechanism for applying and blocking funds in the ASBA account held with SCSB, and accordingly registering such Applications.

Who can apply?

Please note that, in accordance with the SEBI circular no. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (Except Anchor investors) applying in a public issue shall use only Application Supported by Blocked Amount (ASBA) facility for making payment. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 08, 2019, Retail Individual Investors applying in public Issue may use either Application Supported by Blocked Amount (ASBA) process or UPI payment mechanism by providing UPI ID in the Application Form which is linked from Bank Account of the investor.

Mode of Payment

Upon submission of an Application Form with the SCSB, whether in physical or electronic mode, each ASBA Applicant shall be deemed to have agreed to block the entire Application Amount and authorized the Designated Branch of the SCSB to block the Application Amount, in the bank account maintained with the SCSB. Application Amount paid in cash, by money order or by postal order or by stock invest, or ASBA Application Form accompanied by cash, money order, postal order or any mode of payment other than blocked amounts in the SCSB bank accounts, shall not be accepted. After verifying that sufficient funds are available in the ASBA Account, the SCSB shall block an amount equivalent to the Application Amount mentioned in the ASBA Application Form till the Designated Date. On the Designated Date, the SCSBs shall transfer the amounts allocable to the ASBA Applicants from the respective ASBA Account, in terms of the SEBI Regulations, into the Public Issue Account. The balance amount, if any against the said Application in the ASBA Accounts shall then be unblocked by the SCSBs on the basis of the instructions issued in this regard by the Registrar to the Issue. The entire Application Amount, as per the Application Form submitted by the respective ASBA Applicants, would be required to be blocked in the respective ASBA Accounts until finalization of the Basis of Allotment in the Issue and consequent transfer of the Application Amount against allocated shares to the Public Issue Account, or until withdrawal/failure of the Issue or until rejection of the ASBA Application, as the case may be.

Unblocking of ASBA Account

On the basis of instructions from the Registrar to the Issue, the SCSBs shall transfer the requisite amount against each successful ASBA Applicant to the Public Issue Account as per the provisions of section 40(3) of the Companies Act, 2013 and shall unblock excess amount, if any in the ASBA Account. However, the Application Amount may be unblocked in the ASBA Account prior to receipt of intimation from the Registrar to the Issue by the Controlling Branch of the SCSB regarding finalization of the Basis of Allotment in the Issue, in the event of withdrawal/failure of the Issue or rejection of the ASBA Application, as the case may be.

RESTRICTION ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and FEMA. While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. Foreign investment is allowed up to 100% under automatic route in our Company.

The Government has from time to time made policy pronouncements on FDI through press notes and press releases. The Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India (DIPP), issued consolidated FDI Policy, which with effect from August 28, 2017 consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DIPP that were in force and effect as on August 27, 2017. The Government proposes to update the consolidated circular on FDI Policy once every year and therefore, the Consolidation FDI Policy will be valid until the DIPP issues an updated circular.

The transfer of shares by an Indian resident to a Non-Resident does not require the prior approval of the FIPB or the RBI, provided that (i) the activities of the investee company are under the automatic route under the Consolidated FDI Policy and transfer does not attract the provisions of the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; (ii) the non-resident shareholding is within the sectoral limits under the Consolidated FDI Policy; and (iii) the pricing is in accordance with the guidelines prescribed by SEBI/RBI.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue. The Equity Shares offered in the Issue have not been and will not be registered under the Securities Act and may not be offered or sold within the United States, except pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act and applicable U.S. state securities laws.

Accordingly, the Equity Shares are being offered and sold (i) within the United States to persons reasonably believed to be “qualified institutional investors” (as defined in Rule 144A under the Securities Act) pursuant to Rule 144A under the Securities Act or other applicable exemption under the Securities Act and (ii) outside the United States in offshore transactions in reliance on Regulations under the Securities Act and the applicable laws of the jurisdictions where such offers and sales occur.

The above information is given for the benefit of the Applicants. Our Company and the BRLM are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Red Herring Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them.

Directors may refuse to register transfer	76	Subject to the provisions of Section 58 & 59 of the Companies Act, 2013, these Articles and other applicable provisions of the Act or any other law for the time being in force, the Board may refuse whether in pursuance of any power of the company under these Articles or otherwise to register the transfer of, or the transmission by operation of law of the right to, any Shares or interest of a Member in or Debentures of the Company. The Company shall within one month from the date on which the instrument of transfer, or the intimation of such transmission, as the case may be, was delivered to Company, send notice of the refusal to the transferee and the transferor or to the person giving intimation of such transmission, as the case may be, giving reasons for such refusal. Provided that the registration of a transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or

		persons indebted to the Company on any account whatsoever except where the Company has a lien on Shares.
Death of one or more joint holders of Shares	77	In case of the death of any one or more of the persons named in the Register of Members as the joint holders of any Share, the survivor or survivors shall be the only persons recognized by the Company as having any title or interest in such Share, but nothing herein contained shall be taken to release the estate of a deceased joint holder from any liability on Shares held by him with any other person.
Titles of Shares of deceased Member	78	78.The Executors or Administrators of a deceased Member or holders of a Succession Certificate or the Legal Representatives in respect of the Shares of a deceased Member (not being one of two or more joint holders) shall be the only persons recognized by the Company as having any title to the Shares registered in the name of such Members, and the Company shall not be bound to recognize such Executors or Administrators or holders of Succession Certificate or the Legal Representative unless such Executors or Administrators or Legal Representative shall have first obtained Probate or Letters of Administration or Succession Certificate as the case may be from a duly constituted Court in the Union of India provided that in any case where the Board of Directors in its absolute discretion thinks it, the Board upon such terms as to indemnity or otherwise as the Directors may deem proper dispense with production of Probate or Letters of Administration or Succession Certificate and register Shares standing in the name of a deceased Member, as a Member. However, provisions of this Article are subject to Sections 72 and 56 of the Companies Act, 2013.
Notice of application when to be given	79	Where, in case of partly paid Shares, an application for registration is made by the transferor, the Company shall give notice of the application to the transferee in accordance with the provisions of Section 56 of the Companies Act, 2013.
Registration of persons entitled to Shares otherwise than by transfer (Transmission Clause)	80	Subject to the provisions of the Act and Article 77 hereto, any person becoming entitled to Share in consequence of the death, lunacy, bankruptcy or insolvency of any Member or by any lawful means other than by a transfer in accordance with these Articles may, with the consent of the Board (which it shall not be under any obligation to give), upon producing such evidence that he sustains the character in respect of which he proposes to act under this Article or of such title as the Board thinks sufficient, either be registered himself as the holder of the Share or elect to have some person nominated by him and approved by the Board registered as such holder; provided nevertheless, that if such person shall elect to have his nominee registered as a holder, he shall execute an instrument of transfer in accordance with the provisions herein contained, and until he does so, he shall not be freed from any liability in respect of the Shares. This clause is hereinafter referred to as the “Transmission Clause”.
Refusal to register nominee	81	Subject to the provisions of the Act and these Articles, the Directors shall have the same right to refuse to register a person entitled by transmission to any Share of his nominee as if he were the transferee named in an ordinary transfer presented for registration.
Person entitled may receive dividend	82	A person entitled to a Share by transmission shall subject to the right of the Directors to retain dividends or money as is herein provided, be entitled to receive and may give a discharge for any dividends or other moneys payable in

without being registered as a Member		respect of the Share.
No fee on transfer or transmissions	83	No fee shall be charged for registration of transfer, transmission, Probate, Succession Certificate & Letters of Administration, Certificate of Death or Marriage, Power of Attorney or other similar document.
Transfer to be presented with evidence of title	84	Every instrument of transfer shall be presented to the Company duly stamped for registration accompanied by such evidence as the Board may require to prove the title of the transferor, his right to transfer the Shares and generally under and subject to such conditions and regulations as the Board may, from time to time prescribe, and every registered instrument of transfer shall remain in the custody of the Company until destroyed by order of the Board.
Company not liable for disregard of a notice prohibiting registration of transfer	85	The Company shall incur no liability or responsibility whatsoever in consequence of its registering or giving effect to any transfer of Shares made or purporting to be made by any apparent legal owner thereof (as shown or appearing in the Register of Members) to the prejudice of persons having or claiming any equitable right, title or interest to or in the said Shares, notwithstanding that the Company may have had notice of such equitable right, title or interest or notice prohibiting registration of such transfer, and may have entered such notice, or referred thereto, in any book of the Company, and the Company shall not be bound to be required to regard or attend to give effect to any notice which may be given to it of any equitable right, title or interest or be under any liability whatsoever for refusing or neglecting to do so, though it may have been entered or referred to in some book of the Company, but the Company shall nevertheless be at liberty to regard and attend to any such notice and give effect thereto if the Board shall so think fit.
CONVERSION OF SHARES INTO STOCK AND RECONVERSION		
Share may be converted into stock	86	The Company may, by Ordinary Resolution convert any fully paid up Share into stock, and reconvert any stock into fully paid-up Shares.
Transfer of stock	87	The several holders of such stock may transfer their respective interest therein or any part thereof in the same manner and subject to the same regulations under which the stock arose might before the conversion, have been transferred, or as near thereto as circumstances admit. PROVIDED THAT the Board may, from time to time, fix the minimum amount of stock transferable, so however that such minimum shall not exceed the nominal amount of the Shares from which stock arose.
Right of stockholders	88	The holders of stock shall, according to the amount of stock held by them, have the same right, privileges and advantages as regards dividends, voting at meeting of the Company, and other matters, as if they held them in Shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the Company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in Shares, have conferred those privileges or advantages.
Regulation applicable to	89	Such of the regulations of the Company as are applicable to the paid up Shares shall apply to stock and the words "Share" and "Shareholder" in these

stock and share warrant		regulations shall include "stock" and "stock holder" respectively.
